god's original intent for marriage is enviable and imitable success it was designed to work not to hit the rocks leaving its victims devastated and inconsolably heartbroken but isn't that the story in our world today in this book pst mrs faith oyedepo renews her effort to see homes all around the world witness unprecedented change and harmony unveiling tested secrets to making a marriage work she passionately teaches that purposeful hard work is the only way to enjoy happily ever after

by the end of world war i the skyrocketing divorce rate in the united states had generated a deep seated anxiety about marriage this fear drove middle class couples to seek advice both professional and popular in order to strengthen their relationship john gottman has revolutionized the study of marriage by using rigorous scientific procedures to observe the habits of married couples in unprecedented detail over many years here is the culmination of his life's work the seven principles that guide couples on the path toward a harmonious and long lasting relationship packed with practical questionnaires and exercises the seven principles for making marriage work is the definitive guide for anyone who wants their relationship to attain its highest potential this book is designed to be a guide for those of you who are new to marriage or those who have been married for years in marriage there will come times when you will lose sight of the main thing and need a road map to get back to what really matters life happens and unfortunately life can place a number of stresses on a marriage and we hope to help you build a foundation that can withstand whatever life throws at your marriage this book is meant to serve as a practical handbook to help you evaluate five key areas in your relationship through a series of questions with space for answers and a 21 day challenge you will be able to take your relationship to the next level we encourage you and your spouse to go through the book separately so that you can each take steps individually to build on your relationship this is going to require you to do more than just casually read there is some work required now go and do the work to make your marriage work throughout their journey anna and mark faced various challenges typical of many relationships they learned to navigate these with the tools and insights provided by gottman's principles each step bringing them closer and deepening their understanding and love for each other their story while fictional in the context of the book illustrates how couples can apply gottman's principles to enhance their relationships anna and mark's journey through the seven principles for making marriage work represents a transformative path in their marriage guided by gottman's principles the excitement joy and love you have for each other when you marry is indescribable you're looking forward to the future you're building together you discuss purchasing your first home having a family and spending the rest of your life together but do you discuss the work it will take to sustain your marriage in i m just simply saying author and marriage coach rhoda whitfield helps you tackle the ups downs bumps and bruises of marriage she discusses that even though some ways may be burdensome it is not a reason to give up this guide emphasizes the importance of including god in the marriage as you work to blend personalities and differences as you move toward becoming one god promotes unity harmony and oneness the principles explained in i m just simply saying demonstrate that if you work together learn how to communicate effectively and practice forgiveness you'll work on your marriage your marriage will work and you will see the beauty of it all in this season of your life love hard and work on your marriage rhoda whitfield is a marriage coach and writes a martial column titled just simply saying in purpose driven women magazine she and her husband rev danny whitfield co authored a well rounded love affair more than between the sheets they facilitate marriage workshops conduct premarital and marital counseling host a

podcast titled marriage takes work on facebook and have a marriage takes work weekly radio segment on hallelujah 95.3 fm as you carry on with life you will confront many difficulties some will be not difficult to survive and some will be extremely challenging truth be told some would flat be able to out channel you all things considered with regards to marriage you and your life partner will go through some trying periods you may advise yourself what i can do to save my marriage with regards to making marriage work there is no straightforward answer and to finish it off each marriage is altogether different beneath i will show you some till from this book that will have a major effect with regards to making marriage work ensure you show appreciation for your spouse commonly it is extremely simple to get found all that is going on all through everyday tasks be it work diversions and companions your children occupied extracurricular exercises and so on now and again you need to back off and figure out how to appreciate your life partner regardless of whether it is for limited quantities of time for the duration of the day at the point when couples are together for quite a while they neglect to recognize exactly how fortunate they truly are to have each other until one chooses to leave or a misfortune occurs ordinarily we figure out the amount we love a person or thing till they are no more it can't get to this point with regards to making marriage work since it will be considerably more hard to fix things then at that point as opposed to when the issue is distinguished at a beginning phase stop briefly and ask yourself regardless of whether this is occurring in your marriage in the event that it's not useful for you however assuming it is better beginning delineating an approach to get things in the groove again what are things that cause you to feel appreciated everyone needs to be esteemed and cherished as opposed to underestimated start the day by telling your accomplice you like them it doesn't need to be something important a basic i love you a kiss or perhaps a surprising embrace will get the job done telling appreciation and learning the best way to focus can go far towards making marriage work openness is of the utmost importance for making marriage work mary taylor is a family expert in the united states an international conference speaker author of more than 50 books on marriage and family life inside this book you will discover best ways to say i love you to your spouse constantly how to make yourselves a chain breaker why you should let your mate know the amount you are worth how to make your spending together trick to renew your pledges to your spouse how to make time for your spouse why should not go back home late way to keep your expense low how to say great morning when you awaken and great night and more to learn inside this book if you are ready to discover what you need to do to save your marriage and make it work scroll up and click the buy button marriage is honorable most societies if not all hold marriage in high esteem but what makes marriage work marriage what makes it work will teach you the foundations on which successful marriage is built the book provides a foundational understanding of the institution of marriage and presents the principles on which successful marriage thrives it is a must read book for all who are desiring marriage and for married couples especially couples in their early years of marriage authors mr michael agronah is a passionate trained teacher with a very strong hunger for the bible he holds two msc degrees in mathematics and a postgraduate certificate in education mrs mary agronah is a phd candidate in linguistics at the university of brighton uk and a former teaching assistant of linguistics at the university of ghana they live together with their daughter selorm in brighton uk they are passionate about making christlike disciples all over the world and counselling in areas of marriage they serve as trustees of the christlike disciplinarians movement uk and members of new life brighton uk where they use their gifts in diverse ways in these organisations love is not enough is comprised of six sections each building on the previous one the first is an easy to complete and score survey that evaluates the reader's marriage when the fissures in the marriage are exposed by the survey they are related to the four basic ingredients of a successful marriage intimacy understanding communication and change the successful application of these four basic ingredients is necessary for any successful relationship fifteen principles of a successful marriage are demonstrated by different couples in therapy as they struggle to incorporate one of the four basic ingredients in their relationship the next section describes common

obstacles that frequently impede a successful marriage this is followed by proven techniques i have utilized in my practice that couples will be able use on their own the final section is the same survey taken at the beginning so the reader can evaluate their progress how to make your marriage work is a comprehensive guide tailored for couples at every stage of their journey together whether you re newlyweds navigating the excitement of marriage or seasoned partners looking to reignite the spark this book offers invaluable insights and practical advice to help you navigate the complexities of married life through a blend of personal anecdotes expert wisdom and engaging questions this book delves into the core components of a successful marriage from communication strategies to conflict resolution techniques readers will discover tools to foster deeper connections and cultivate mutual understanding in today s fast paced world couples face an array of challenges from managing finances to juggling career aspirations and family responsibilities how to make your marriage work provides actionable strategies to address these obstacles and strengthen the foundation of your relationship each chapter encourages introspection and meaningful insights inviting couples to explore their values goals and dreams together with thoughtful reflection questions and interactive exercises readers can deepen their bond and reignite the passion that brought them together this book isn t about perfection it s about progress by embracing vulnerability and embracing growth couples can embark on a journey of self discovery and mutual support how to make your marriage work is a testament to the resilience of love and the transformative power of partnership whether you re celebrating decades of marriage or just beginning your life together how to make your marriage work offers timeless wisdom and practical guidance to help you build a relationship that lasts a lifetime it s more than just a book it s a roadmap to a happier healthier and more fulfilling marriage every success has a hidden factor regardless of the area of life if you want success you must understand the formula and what other people do to attain it in my opinion nobody would get into marriage for enjoyment whether they are married or not nobody at least in my opinion gets married merely to squander someone else s time because of this considerable effort is constantly made to ensure that marriages are successful you will learn in this book principles for making your marriage work 1 the reality of successful marriages 2 methods for maintaining a marriage 3 guidelines for a successful marriage 4 causes of marital issues 5 common marital issues couples face their solutions 6 marriage advice 7 principles of how to make marriage work is a guide on lasting marriage being consistently committed to your open relationships engagement marriage or what have you means you two want to grow old together so you re in it to leave no room for a third party or relationship guru to predict where your marriage may be heading which means that the strength of the relationship house you d like to build together depends on the right compositions of your foundation and the hard work you re willing to give in attaining good success without further ado please click the order button now and join me to know those mindful relationship habits embedded in marriage principles for women also a must have marriage books for men

the s<sub>v</sub>n principles f<sub>r</sub> m<sub>k</sub>ng m<sub>rr</sub>g<sub>w</sub>rk 1999 dr<sub>w</sub> n d<sub>t</sub> fr<sub>m</sub> relationship studies n<sub>d</sub> n<sub>t</sub>rv<sub>w</sub> t<sub>o</sub> do exactly wh<sub>t</sub> t<sub>o</sub> r<sub>m</sub> in t<sub>o</sub> t<sub>o</sub> these bl<sub>nk</sub> t<sub>k</sub> you through the key h<sub>ng</sub> you can make t<sub>o</sub> overcome th<sub>o</sub> mm<sub>n</sub> problems that d<sub>m</sub>g<sub>o</sub> relationships n<sub>d</sub> build a supportive r<sub>m</sub>nt<sub>o</sub> marriage this book is based on the fact that while married people and people engaged to be married can say what they want and what they expect of themselves and their partner most of their expectations actually lie just below the surface of consciousness most of the expectations only pop up when the situation arises they might agree that they would like to do breakfast out on saturdays but neither give any thought to who should get the bathroom first on a morning when they are both running late marital expectations arise from living then get stored away as it were until needed these expectations are based on each person s convictions about what it means to be a good man a good husband and lover a

good father a good woman and a good wife and lover that is to say the man has three expectations of himself and three of his wife the wife has three expectations of herself and three of her husband each of them must come into agreement with their partner and make workable an arrangement that takes account of their six expectations that agreement could be thought of as the 7th contract anyone contemplating marriage will discover in this book the work of love there are suggestions everywhere about falling in love and how to express and encourage these feelings this book goes to the next step doing the work of love feelings are the motivation to start the marriage doing the work of love is what deepens and sustains the marriage forever this book puts forth what that needs to be how to find and keep it going and the good things that happen as a result married couples can use it endlessly engaged couples can use it to gauge what they are contemplating for the rest of their lives counselors and ministers physicians and all who love the couple will find it to be a reliable guide there is truth to the saying better to have loved and lost than never to have loved but a better saying would be better to have loved and then loved ever more deeply the 7th contract describes how to do the work of love not just express the sentiments of love when it comes to marriage these days anything goes no wonder you can find a book on marriage from every perspective or no perspective how can you experience a great marriage that lasts what works this book answers that question by shining a light on the biblical design for marriage in a world of sexual and relational confusion isn't it time to consult the one who created marriage author and pastor chip ingram with his characteristic compassion transparency and engaging storytelling discusses what marriage really is the biblical model a man's unique role in marriage a woman's unique role in marriage the bigger picture of why god created marriage a marriage that works says ingram is more wonderful than you thought possible and harder than you imagined but worth the work couples will learn the power of making a covenant with their spouse and fulfilling their design in an atmosphere of respect resulting in the spiritual psychological emotional and physical oneness they long to have with each other married to the job examines an important but under researched area the relationships of wives to their husbands work janet finch looks both at the way women's lives are directly affected by the work their husbands do and how they can get drawn into it these she sees as the two sides of wives incorporation dr finch discusses a wide range of occupations from obvious stereotypes services diplomatic clergy and political wives to more subtle but equally valid shades of involvement the wives of policemen merchant seamen prison officers the owners of small businesses and academics she stresses that this process is by no means confined to the wives of professional men she argues that the nature of the work done and the way it is organised are more important pointers to the ways in which wives will be incorporated for specific illustrations dr finch draws substantially on her own original research on wives of the clergy married to the job clearly shows that marriage itself not just child bearing is an important feature of women's subordination dr finch points to the links between husband's work the family and its relationship to economic structures and suggests that wives are tied into those structures as much as anything through their vicarious involvement in their husband's work she views any prospects for change with caution the organisation of social and economic life makes it difficult for wives to break free from this incorporation even should they wish to it makes economic good sense for them to continue in most cases social life is organised so as to make compliance easy and it provides a comprehensible way of being a wife as an empirically based survey of women's subordination within marriage married to the job will prove essential reading to all those concerned about the position of women whether feminists academics or general readers it will also provide important background material for undergraduate courses on women's studies the sociology of the family the sociology of work and family policy by the end of world war i the skyrocketing divorce rate in the united states had generated a deep seated anxiety about marriage this fear drove middle class couples to seek advice both professional and popular in order to strengthen their relationships in making marriage work historian kristin celello offers an insightful and wide ranging account of marriage and divorce in america in the twentieth century focusing on the development of the

idea of marriage as work throughout celello illuminates the interaction of marriage and divorce over the century and reveals how the idea that marriage requires work became part of americans collective consciousness take the pains now to lay a solid foundation for a lasting and happy marriage relationship effectively understand that you can build a lasting relationship from the ground up to the finish the success or failure of your marriage depends solely on you it is possible to get it right with your marriage even though everyone around you has been failing don t be afraid to quit a relationship that may be heading to your destruction the signs are always there you have everything to make your marriage work you can have a successful marriage relationship you will be confused and lost getting into a marriage you never prepared for you may likely rush out if you rush in take your time and work towards it a good marriage is only the result of the couple s willingness to make it work no challenge can stop a willing heart marriage challenges are there to strengthen the union and not to destroy it only you can choose to destroy it this book is written for four categories of people those in an intimate relationship that would lead to marriage new couples looking for ways to build a lasting marriage old couples who want to get things done right divorcees who hope to get married again or reunite with their spouse this book is filled with counsels words of wisdom to getting married to the right person and managing the home to make it lasting and worthwhile how to have a successful marriage relationship takes it from the start to finish to getting married and raising a home that you will be proud of the book covers all you need to know about relationship courtship knowing yourself and your spouse laying the foundation of your marriage bridging the gaps between your spouse and you acquiring a house help what needs you need to fulfill for your marriage creating sparks and growing love in marriage preparing for children and the unexpected managing your extended relationships beyond the physical side of things scroll up and click the buy now button relationship expert rick johnson shows you how to embrace your individuality understand your spouse s needs and desires and work together to build a strong marriage based on mutual respect and understanding making a marriage work to the question how do i get along with thee let me count the ways authors debra and joe gould offer a multitude of effective answers in their book together making your marriage work from the start it is a rich and warm source of marital experiences shared and hard lessons learned it brings to the reader the wisdom of a twenty three year marriage the goulds offer common sense solutions to the myriad difficulties over which they have triumphed in their long union they share stories of their disagreement and quarrels giving them meaning by relating how they were solved with respect for the other s viewpoint and by refusing to make mountains out of those proverbial molehills this book guides the reader through the life journey called marriage in a vivid and down to earth manner whether you are newlyweds or celebrating your twenty fifth wedding anniversary together we are one can help you make your marriage the blessing it is meant to be marriage seven principles of making marriage work marriage is a long journey which needs both partners to be committed 100 there are so many things that we will need to experience in marriage on our own before we can get the understanding of marriage in reality a lot of times we are told that arguments in marriages are bad sometimes the quarrels that take place are about trivial things such as where to put the laundry basket how to use the toothpaste etc which should not be so this can be stopped or put to an end when every partner realizes that they are an important part of making the marriage work a good marriage has nothing to do with finding your soul mate or some unique person who will always make you happy it is also not by chance or about being lucky here in this book you are going to know about how to make your marriage successful and will also learn about the seven principles that one must follow to make their marriage work i am sure if you will apply these 7 principles in your married life then it will be successful and you will lead a happy and healthy life with your partner without intention we find ourselves being tossed from one crisis to another without any plan to correct our course love is a choice and so our greatest joy comes from intentionally loving another person the misconception is that when we bring two people together under the umbrella of marriage it becomes a beautiful thing all by itself there is no such thing as an auto pilot for a relationship

the truth is two people from two different backgrounds with baggage from other relationships or from dysfunctional families are suddenly faced with life together under the same roof sounds a little scarier than the fairy tale picture of most wedding plans dennis and susan have walked this journey through the difficult years and have seen the benefit of being intentional in their own marriage this book was born out of our own personal journey and has been field tested in our own relationship most of the material in this book has been presented in our intentional marriage seminars this is a very practical approach to living out a committed and loving relationship it s about being more than haphazard in our every interaction it s about choosing to be intentional nozomi ikezaki and shintarou akishima are known in their office for getting along like cats and dogs but what nobody knows is that the two have actually been dating for almost a whole year on top of that their company forbids relationships between employees so they have to make sure the secret doesn t get out nozomi worries about her secret love every day but she also has another worry she s troubled about marriage considering her age she is thinking about getting married to shintarou in the future but this perfect man with amazing looks and work skills has a crucial flaw do flaws not matter as long as there s love read the secret pre marriage love story of a woman dreaming of the ideal marriage with a flawed man before you say that happy endings can only happen in fairy tales consider these 52 guidelines written just for you whether you ve been married for ten days or ten years you will find help to not only make your marriage work but make it the beautiful partnership god has meant it to be provided by the publisher the commitment keepers work book is a pre marriage questioner and informational guide with questions designed to better know learn and understand your partner prior to marriage this work book is also specifically drafted to discover brokenness unforgiveness and unexceptable traits within your partner and yourself as a individual simple because you are now provided with a guide line of necessary questions about each other and your partner prior to marriage questions that could potentially help avoid divorce infidelity physical or mental abuse or an over all long term unhealthy marriage written by a author that had to overcome massive dysfunctional behavior from my wife and i in order to have a 31 year healthy thriving marriage an important resource for married and soon to be married couples this book demonstrates a few key principles to making a strong and lasting marriage this publication believes that marriage can work and aims to provide a helpful and sympathetic guide to the interior of marriage from the early days of creating a foundation beginning with the wedding to the more enduring principles of making it a success it considers what marriage and love are all about as well as ways in which to defend your marriage by resolving conflicts affair proofing crisis management and marriage repair it also looks at singleness and the delicate issues of dating the alternatives to marriage and the awesome seriousness of making that decision marriage the way god intended it to be is a true art form it s meant to be enjoyed and not to be endured but today the reverse is the case the alarming rate of divorce in the society today makes me to shades tears god hates divorce that s why i have been helping couples understand god s plan for relationships the art of marriage weaves together expert teaching real life stories humorous vignettes and more to portray both the challenges and the beauty of god s design psychologist john gottman has spent twenty years studying what makes a marriage last now you can use his tested methods to evaluate strengthen and maintain your own long term relationship this breakthrough book guides you through a series of self tests designed to help you determine what kind of marriage you have where your strengths and weaknesses are and what specific actions you can take to help your marriage you ll also learn that more sex doesn t necessarily improve a marriage frequent arguing will not lead to divorce financial problems do not always spell trouble in a relationship wives who make sour facial expressions when their husbands talk are likely to be separated within four years and there is a reason husbands withdraw from arguments and there s a way around it dr gottman teaches you how to recognize attitudes that doom a marriage contempt criticism defensiveness and stonewalling and provides practical exercises quizzes tips and techniques that will help you understand and make the most of your relationship you can avoid patterns that lead to divorce and why marriages succeed or fail

**17 Principles Of How To Make Marriage Work** 2022-12-23

22

The Rules (2000-05) the seven principles for making marriage work 1999 drew on data from relationship studies and interviews that do exactly what it promises in that title these books take you through the key things you can make to overcome the common problems that damage relationships and build a supportive romantic marriage

Summaries of The Seven Principles for Making Marriage Work 2021-05-20 this book is based on the fact that while married people and people engaged to be married can say what they want and what they expect of themselves and their partner most of their expectations actually lie just below the surface of consciousness most of the expectations only pop up when the situation arises they might agree that they would like to do breakfast out on Saturdays but neither give any thought to who should get the bathroom first on a morning when they are both running late marital expectations arise from living then get stored away as it were until needed these expectations are based on each person's convictions about what it means to be a good man a good husband and lover a good father a good woman and a good wife and lover that is to say the man has three expectations of himself and three of his wife the wife has three expectations of herself and three of her husband each of them must come into agreement with their partner and make workable an arrangement that takes account of their six expectations that agreement could be thought of as the 7th contract anyone contemplating marriage will discover in this book the work of love there are suggestions everywhere about falling in love and how to express and encourage these feelings this book goes to the next step doing the work of love feelings are the motivation to start the marriage doing the work of love is what deepens and sustains the marriage forever this book puts forth what that needs to be how to find and keep it going and the good things that happen as a result married couples can use it endlessly engaged couples can use it to gauge what they are contemplating for the rest of their lives counselors and ministers physicians and all who love the couple will find it to be a reliable guide there is truth to the saying better to have loved and lost than never to have loved but a better saying would be better to have loved and then loved ever more deeply the 7th contract describes how to do the work of love not just express the sentiments of love

How to Make Marriage Work 1990 when it comes to marriage these days anything goes no wonder you can find a book on marriage from every perspective or no perspective how can you experience a great marriage that lasts what works this book answers that question by shining a light on the biblical design for marriage in a world of sexual and relational confusion isn't it time to consult the one who created marriage author and pastor Chip Ingram with his characteristic compassion transparency and engaging storytelling discusses what marriage really is the biblical model a man's unique role in marriage a woman's unique role in marriage the bigger picture of why God created marriage a marriage that works says Ingram is more wonderful than you thought possible and harder than you imagined but worth the work couples will learn the power of making a covenant with their spouse and fulfilling their design in an atmosphere of respect resulting in the spiritual psychological emotional and physical oneness they long to have with each other

The 7th Contract 2021-04 married to the job examines an important but under researched area the relationships of wives to their husbands work Janet Finch looks both at the way women's lives are directly affected by the work their husbands do and how they can get drawn into it these she sees as the two sides of wives incorporation Dr Finch discusses a wide range of occupations from obvious stereotypes services diplomatic clergy and political wives to more subtle but equally valid shades of involvement the wives of policemen merchant seamen prison officers the owners of small businesses and academics she stresses that this process is by no means confined to the wives of professional men she argues that the nature of the work done and the way it is organised are more important pointers to the ways in

which wives will be incorporated for specific illustrations dr finch draws substantially on her own original research on wives of the clergy married to the job clearly shows that marriage itself not just child bearing is an important feature of women s subordination dr finch points to the links between husband s work the family and its relationship to economic structures and suggests that wives are tied into those structures as much as anything through their vicarious involvement in their husband s work she views any prospects for change with caution the organisation of social and economic life makes it difficult for wives to break free from this incorporation even should they wish to it makes economic good sense for them to continue in most cases social life is organised so as to make compliance easy and it provides a comprehensible way of being a wife as an empirically based survey of women s subordination within marriage married to the job will prove essential reading to all those concerned about the position of women whether feminists academics or general readers it will also provide important background material for undergraduate courses on women s studies the sociology of the family the sociology of work and family policy

**Marriage That Works** 2019-02-05 by the end of world war i the skyrocketing divorce rate in the united states had generated a deep seated anxiety about marriage this fear drove middle class couples to seek advice both professional and popular in order to strengthen their relationships in making marriage work historian kristin celello offers an insightful and wide ranging account of marriage and divorce in america in the twentieth century focusing on the development of the idea of marriage as work throughout celello illuminates the interaction of marriage and divorce over the century and reveals how the idea that marriage requires work became part of americans collective consciousness

Making a Marriage Work 2016-04-28 marriage seven principles of making marriage work marriage is a long journey which needs both partners to be committed 100 there are so many things that we will need to experience in marriage on our own before we can get the understanding of marriage in reality a lot of times we are told that arguments in marriages are bad sometimes the quarrels that take place are about trivial things such as where to put the laundry basket how to use the toothpaste etc which should not be so this can be stopped or put to an end when every partner realizes that they are an important part of making the marriage work a good marriage has nothing to do with finding your soul mate or some unique person who will always make you happy it is also not by chance or about being lucky here in this book you are going to know about how to make your marriage successful and will also learn about the seven principles that one must follow to make their marriage work i am sure if you will apply these 7 principles in your married life then it will be successful and you will lead a happy and healthy life with your partner

*Together* 1999-02 without intention we find ourselves being tossed from one crisis to another without any plan to correct our course love is a choice and so our greatest joy comes from intentionally loving another person the misconception is that when we bring two people together under the umbrella of marriage it becomes a beautiful thing all by itself there is no such thing as an auto pilot for a relationship the truth is two people from two different backgrounds with baggage from other relationships or from dysfunctional families are suddenly faced with life together under the same roof sounds a little scarier than the fairy tale picture of most wedding plans dennis and susan have walked this journey through the difficult years and have seen the benefit of being intentional in their own marriage this book was born out of our own personal journey and has been field tested in our own relationship most of the material in this book has been presented in our intentional marriage seminars this is a very practical approach to living out a committed and loving relationship it s about being more than haphazard in our every interaction it s about choosing to be intentional

**Your Marriage Can Work** 1982 nozomi ikezaki and shintarou akishima are known in their office for getting along like cats and dogs but what nobody knows is that the two have actually been dating for almost a whole year on top of that their company forbids relationships between employees so they have to make sure the secret doesn t get out nozomi worries about her secret love every day but she also has another worry she s troubled about marriage considering her age she is thinking about getting married to shintarou in the future but this perfect man with amazing looks and work skills has a crucial flaw do flaws not matter as long as there s love read the secret pre marriage love story of a woman dreaming of the ideal marriage with a flawed man
