at the turn of the twentieth century the us government viewed education as one sure way of civilizing others under its sway among them american indians and after 1898 filipinos teaching empire considers how teachers took up this task first at the carlisle indian boarding school in pennsylvania opened in 1879 and then in a school system set up amid an ongoing rebellion launched by filipinos drawing upon the records of fifty five teachers at carlisle and thirty three sent to the philippines including five who worked in both locations the book reveals the challenges of translating imperial policy into practice even for those most dedicated to the imperial mission these educators who worked on behalf of the us government sought to meet the expectations of bureaucrats and supervisors while contending with leadership crises on the ground in their stories elisabeth eittreim finds the problems common to all classrooms how to manage students and convey knowledge complicated by their unique circumstances particularly the military conflict in the philippines eittreim s research shows the dilemma presented by these schools imperial goal pouring in knowledge that purposefully dismissed and undermined the values desires and protests of those being taught to varying degrees these stories demonstrate both the complexity and fragility of implementing us imperial education and the importance of teachers own perspectives entangled in us ambitions racist norms and gendered assumptions teachers nonetheless exhibited significant agency wielding their authority with students and the institutions they worked for and negotiating their roles as powerful purveyors of cultural knowledge often reinforcing but rarely challenging the then dominant understanding of civilization examining these teachers attitudes and performances close up and in depth over the years of carlisle s operation eittreim s comparative study offers rare insight into the personal institutional and cultural implications of education deployed in the service of us expansion with consequences that reach well beyond the imperial classrooms of the time

solving the pulp and paper industries environmental problems is essential to maintaining the forest industry and accommodating the changing economic needs of forest communities

this book explores the construction of new mills operating on new technology that does not produce pollutants which are vital to the pulp and paper industry

Lockwood's Directory of the Paper and Allied Trades 1900

the most interesting field for new research on the civil rights movement is in the area of gender this book breaks new ground by moving beyond a discussion of the contributions of individual women and men and covers the gendered basis of internal civil rights politics steven lawson professor of history rutgers university and author of civil rights crossroads nation community and the black freedom struggle these provocative wide ranging analyses offer refreshing perspectives on the persistently troubling question of the role of gender in american racial politics and bring contemporary debates on the relationship between sex and race into much needed historical perspective allison graham author of framing the south hollywood television and race during the civil rights struggle and co producer of the documentary film at the river i stand this collection of nine essays analyzes the people the protests and the incidents of the civil rights movement through the lens of gender more than just a study of women the book examines the ways in which assigned sexual roles and values shaped the strategy tactics and ideology of the movement the essays deal with topics ranging from the montgomery bus boycott and rhythm and blues to gangsta rap and contemporary fiction from the 1950s to the 1990s referring to groups such as the national council of african american men and events such as the million man march the authors address male gender identity as much as female arguing that slave master relations from before the civil war continued to affect black masculinity in the postwar battle for civil rights whereas feminism traditionally deals with issues of patriarchy and prescribed gender roles this volume shows how race relations continue to complicate sex based definitions within the civil rights movement

CLAT & AILET PREVIOUS PAPERS 2018-03-08

covers the period between the end of world war i and the escalation of the vietnam conflict during which both u s cities and the u s military came of age the cities chosen have had longstanding and broad partnerships with the military each city is either broadly representative or typical of some part of the partnership and provides coverage for different services kinds of cities and geographic locations
