A Mediator in Matthew

what is a consistent theological meaning of the son of man in the gospel of matthew for a suitable response it is essential to analyze all thirty son of man logia in their relative literary contexts and in relationship to the gospel as a whole also to bring out the uniqueness in matthew s portrayal of the son of man a comparison with the other synoptic gospels aids the investigation this work argues that the answer lies in the role of the son of man in the first gospel in matthew jesus the son of man functions as mediator of god s will to his genuine disciples as the son of man journeys through his earthly life climaxing in his death and resurrection jesus mediates god s will through his message and works and by exhibiting active obedience to his father in the heavens jesus s genuine disciples learn how to emulate the son of man s character and ministry enabling them to continue it in their future mission at his parousia the son of man will mediate god s promised vindication and reward for his genuine disciples who have proven their fidelity to jesus and god s will

Peter

a stunning provocative perspective on the disciple peter as depicted by matthew in this highly controversial work on peter robert gundry s intellectual gifts and remarkable powers of analysis are displayed to an even higher degree than in his previous publications one need not agree with gundry s conclusions to acknowledge that the penetrating exegesis presented here and the nature of the argumentation as a whole demand serious reflection and engagement those who pay close attention to this brief but unusually weighty book will not be able to read matthew in quite the same way that they did before moises silva author of biblical words and their meaning peter long thought to be prince of the apostles and one of the heroes of the gospel of matthew is shown here to be neither this extraordinarily closely argued volume by robert gundry offers a compelling case that matthew constructs the figure of peter as a failed disciple and an apostate a courageous book that will require scholars to reassess how the peter of matthew came to be in gundry s words airbrushed and turned into a model of disciple and central figure in ecclesiastical memory john s kloppenborg university of toronto if bob gundry is known for anything it is for his dogged pursuit of the meaning of scripture here he once again provides fresh penetrating analysis in the present case leading to an unsettling conclusion provocative as he can often be gundry is never boring but always instructive and well worth a careful reading donald a hagner fuller theological seminary

Martin Luther's Hidden God

2022-04-05

the presence of evil in a world said by god to be good is perhaps humanity's most vexing challenge where is god in all this is a universal cry the answers are as numerous and varied as those offering them but little is accomplished it seems to ease the pain of a god who doesn't behave according to law logic or rationale into this melee martin luther waded with his distinction between god preached and god not preached and hiding though not always appreciated luther's thought speaks to the various dimensions of the problem and proclaims a definitive answer martin luther's hidden god traces the origins of luther's thought on the matter explores how his teaching compliments and conflicts with the teaching offered by certain post reformation lutheran theologians and philosophers of religion before distilling his thought into a preliminary apologetic for the problem of evil and divine hiddenness that spans the breadth of the issue from a uniquely lutheran perspective

The Thirteenth Discipline

2011-07-13

perhaps the most critical issue for healthy growing churches is member care or life together in keeping with the biblical emphasis on allalon one another member care demands that believers be passionately concerned for one another's spiritual welfare and physical and social well being this mutual care may be expressed in different ways but they are always to be directed to the needs of the members of the body of christ that is the approach

taken by the author of this book which focuses on what may be construed as a negative subject discipline the hope is that a careful reading will reveal that christian discipline seen holistically may be a most rewarding ministry one that brings many benefits to healthy growing churches as it nurtures loving relationships among people who care enough to speak the truth with love as jesus did

NEW TESTAMENT CONTEXTUAL COMMENTARY

2024-05-16

here john advises us that loving one another is not an option or a suggestion it is a commandment john doesn't want any believer to become like adam and eve's firstborn cain that happened because cain was under the influence of satan this is therefore a warning not to mess with the world so what if they hate us we are bound for everlasting life in the presence of god that's why death has no power over us and that's why if our thoughts do not tell us that we are guilty we will not be afraid to come to god we can pray to god and we can ask him to help us he will give us what we ask him for that is because we obey his commands and we do the things that please him furthermore we should all love each other because god makes us able to love other people everyone who loves other people confirms our claim to be a child of god if anyone says clearly that jesus is the son of god god lives in that person and that person lives together with god we know the kind of love that god has for us that's why if we love god we will not be afraid of him so how do we know that we love god's children we know it when we love god and we do what he tells us to do

The Books of Ezra and Nehemiah

2022-05-10

the books of ezra and nehemiah represent a significant turning point in biblical history they tell the story not only of the rebuilding of the temple in jerusalem but also of the resurrection of god s people from the death of exile hannah harrington thus begins her commentary with an evocative description of these books as the story of a new israel forged out of the old and the text of a people clinging to their genealogical past and attempting to preserve their heritage while walking forward into uncharted territory throughout this commentary harrington combines analytical research on the language and culture behind the books of ezra and nehemiah with challenging thoughts for the christian church today bringing to bear a unique perspective on these books not as the end of old testament history but as early documents of the second temple period accordingly harrington incorporates

a wealth of information from other jewish literature of the time to freshly illuminate many of the topics and issues at hand while focusing on the interpretation and use of these books for christian life today

The Law's Universal Condemning and Enslaving Power

2019-10-17

while much has been written about the apostle paul
s view on the relationship between gentile
christians and the mosaic law comparatively little
attention has been paid to paul s writings on the
laws of moses and how they apply to gentile
unbelievers in this book bryan blazosky examines
paul s teaching on the subject and how it relates
to the lessons of the old testament and literature
of the second temple period blazosky explicates
paul s views on gentiles and law as they are
articulated in the new testament texts galatians
romans corinthians ephesians colossians and
timothy and he compares the pauline perspective to
those expressed in other jewish writings such as
the old testament the third sibylline oracle liber
antiquitatum biblicarum and 4 ezra through a
comparison of these texts blazosky finds that paul
in line with the old testament and other jewish

texts interprets the mosaic law as having the power to universally condemn despite being gifted to israel the law s ability to curse condemn and enslave reaches beyond its covenantal boundaries as the first book length study on the relationship between gentile unbelievers and the mosaic law in pauline literature the law s universal condemning and enslaving power will be welcomed by all who study the new perspective on paul gentile accountability and the new testament

The The New Quest for Paul and His Reading of the Old Testament

2023-06-27

the author is known as a strong opponent of the so called new perspective on paul in this book he seeks to move beyond that debate and open new vistas in pauline research there is a need for much revision the author first dives in to a detailed exegetical study of 2 corinthians 3 a chapter that has a reputation of being an exegetical nightmare he examines the interpretational problems associated with the opposition between the letter that kills and the spirit that gives life fresh insights emerge ultimately the whole issue turns on the question whether to understand the old testament according to the literal letteral or literal spiritual sense as a consequence paul breaks up with judaism and pulls down the works of the law since he competes against the view of observing the torah in flesh and according to the literal letteral meaning of the text he regards such a religious pursuit as the worst form of human self righteousness and self praise despite the serious efforts to true piety on the other hand christians have undergone a transformation in terms of re

creation rege neration resusci tation resur rec
tion or revitalization the spirit gives them life
he reigns in them hence christians do fulfill the
whole mosaic law yet they fulfill it in spirit and
not in flesh in other words according to the
literal spiritual and not literal letteral sense
of scripture as a consequence they do not bolster
their self righteousness and self praise to
corroborate his the sis the author draws on
similar wordings in other pauline letters and
several passages in the old tes ta ment from
exodus jeremiah and ezekiel the author concludes
that the new perspec tive on paul has run its
course a new quest for paul is needed therefore
this book is needed

this book is the first major study to investigate jesus resurrection using a memory approach it develops the logic for and the methodology of a memory approach including that there were about two decades between the events surrounding jesus resurrection and the recording of those events in first corinthians the memory of those events was frequently rehearsed perhaps weekly the transmission of the oral tradition occurred in various ways including the overlooked fourth model formal uncontrolled consideration is given to an examination of the philosophy and psychology of memory including past and new research on 1 the constructive nature of memory 2 social memory 3 transience 4 memory distortion 5 false memories 6 the social contagion of memory and 7 flashbulb memory in addition this is the first new testament study to consider the insights for a memory approach from the philosophical considerations of 1 forgetting and 2 the theories of remembering and from the psychological studies on 1 memory conformity 2 memory and age and 3 the effects of health on memory it is argued that paul remembers jesus as having been resurrected with a transformed physical body furthermore the

centrality of jesus resurrection in paul s theology suggests it was a deeply embedded memory of primary importance to the social identity of the early christian communities new testament scholars and students will want to take note of how this work advances the discussion in historical jesus studies the broader christian audience will also find the apologetic implications of interest

are the ten commandments the standard for christian living there are many viewpoints on the place of the mosaic law today some affirm that while we are not saved through keeping the law it remains our standard for living a pattern to be followed others say we are free from the law this brief examination of the law affirms all of god s revelation as christian scripture but acknowledges covenantal differences in god s dealings with believers the progress of salvation history and our identification with christ has altered our relationship to the mosaic law using the law lawfully requires us to recognize the way in which the new testament and chiefly the apostle paul treats the law paul presents the believer as having died to the law and serving now in the new way of the spirit a way that does not depend on the mosaic law the pattern for the new testament believer remains jesus himself while keeping all of god s law he went beyond its requirement to demonstrate a love for sinners that the law did not know

john paul heil presents an original analysis of the theme of worship in the book of revelation guided by a new illustration of its comprehensive chiastic structure the worship that revelation exhorts and enables is in the divine spirit of prophetic witness against all forms of idolatrous worship on earth in favor of a true heavenly and universal worship of the lord god and the lord

jesus christ the lamb for an eternal and heavenly life the audience begins this worship in the eucharistic supper into which revelation leads them by inviting them to respond to the promise of jesus yes i am coming soon with amen come lord jesus they thereby affirm and welcome the coming of the lord jesus the exalted sacrificial lamb to the eucharistic supper that anticipates his final coming and the divine grace the gift of eternal life of the lord jesus that is intended to be the destiny of all the grace of the lord jesus with all

this book argues that the throne motif constitutes the major interpretive key to the complex structure and theology of the book of revelation in the first part of the book gallusz examines the throne motif in the old testament jewish literature and graeco roman sources he moves on to devote significant attention to the throne of god texts of revelation and particularly to the analysis of the throne room vision chs 4 5 which is foundational for the development of the throne motif gallusz reveals how revelation utilizes the throne motif as the central principle for conveying a theological message since it appears as the focus of the author from the outset to the climax of the drama the book concludes with an investigation into the rhetorical impact of the motif and its contribution to the theology of revelation gallusz finally shows that the throne what it actually represents is of critical significance both to revelation s theism and to god s dealing with the problem of evil in the course of human history

The Throne Motif in the Book of Revelation

worship in the old testament has been frequently misunderstood its rites and ceremonies are often perceived as legalistic works that were required by an angry god to gain his favor or avert his wrath but is that really what the bible teaches to be sure the lord did institute the divine service in the old testament with all of its laws rites and ceremonies yet did god do this in order to be appeased or pleased by the ancient israelites when the priests enacted the offerings and sacrifices at the sanctuary was it merely to do good works that god required but without meaning or purpose for his people was worship in the old testament always what the people did for the lord or did god do anything that was beneficial to the israelites this book answers these questions and furthermore dispels the recurring misinterpretation of worship in the old testament the lord established the divine service in the pentateuch not to receive what he demanded from the people of ancient israel but on the contrary to cleanse them from their sinful impurities sanctify them to share in his holiness and dwell among them with his blessing

jesus's final command to his disciples was to make disciples of all nations but who are the nations how do we know we are being obedient to the task do our current lists of ethnolinguistic people groups sufficiently answer the question for the last fifty years missiologists and missionaries have discussed this topic but much of the conversation has been focused on definitions that give little attention to biblical theology when we explore how the bible describes the nations we find some other categories that have been

overlooked forgotten or set aside in the development of missions strategy geography is one of these categories however this is not simply bringing current geo political entities back into our missions strategy instead matthew hirt is calling on missiologists missions researchers and missionaries on the field to discover how people groups identify their own geographies and in turn how that geography contributes to a people group s identity
