The Principles of Art *2016-09-06*

R.G. Collingwood's *Disquisition* is a pioneering academic work on the philosophy of art. *The Principles of Art* was first published in 1923. This prolific philosophical essay argues various theories regarding the doctrine of art, the meaning and uses of the word itself, and the psychological theories behind artistic practices. R.G. Collingwood addresses Plato's *Republic*, which is often thought of as a renunciation of art, and he suggests that the work is nothing of the sort. Readco Books is proudly republishing this volume for artists, art critics, and philosophical thinkers, complete with a specially commissioned biography of the author.

R.G. Collingwood *1998*

Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high-quality modern editions using the original text and artwork.

Outlines of a Philosophy of Art *2016-08-26*

Published posthumously in 1964, this volume contains a fantastic collection of essays by R.G. Collingwood on the subject of art and its relationship with philosophy. Robin George Collingwood (1889–1943) was an English historian, philosopher, and archaeologist, most famous for his philosophical works, including *The Principles of Art* (1938) and the posthumously published *The Idea of History* (1946). This fascinating volume will appeal to those with an interest in Collingwood's seminal work and is not to be missed by students of philosophy and art. Contents include: Ruskin, not a philosophical writer; Ruskin's attitude towards philosophy; on the philosophy of non-philosophers; logicism and historicism; Ruskin as historicist; the anti-historicism of Ruskin's contemporaries; *The Unity of the Spirit*; corollaries and illustrations; Ruskin and Browning, etc. Many vintage books such as this are increasingly scarce and expensive. It is with this in mind that we are republishing this volume today in an affordable modern edition, complete with a specially commissioned new biography of the author.

Essays in the Philosophy of Art *2020-10-16*

Robin George Collingwood (1889–1943) was one of the most important philosophers of the 20th century, with his work spanning theory of knowledge, metaphysics, philosophy of art, philosophy of history, and social and political philosophy. The full range and reach of Collingwood's philosophical thought is covered by Peter Skagestad in this study. Following Collingwood's education and his Oxford career, Skagestad considers his relationship with prominent Italian philosophers Croce and De Ruggiero and the British idealists, taking Collingwood's publications in order. He explains under what circumstances they were produced and the reception of his work by his contemporaries and by posterity. From *Religion and Philosophy* (1916) and *Speculum Mentis* (1923) to the posthumously published *The Idea of History* (1946), featuring full coverage of Collingwood's philosophy of art, Skagestad also considers his argument in response to A.J. Ayer that

metaphysics is the historical study of absolute presuppositions most importantly skagestad reveals how relevant collingwood is today through his concept of barbarism as a perceptive diagnosis of totalitarianism and his prescient warning of the rise of populism in the 21st century

The Principles of Art 1955

this book addresses the apparent contradiction in moral condemnation of good artworks since there is no direct contradiction it must involve a third thing that connects aesthetic value and moral value a significant view about this third thing results from combining r g collingwood s aesthetic and moral theories and articulating a theory of judgment on his behalf the view is that an artwork is aesthetically good if the artist fulfilled the moral duty to express emotion successfully why this matters and how it fits into the larger conversation about morality and art round out this book s study book jacket

Exploring the Philosophy of R. G. Collingwood 2020-11-26

many philosophers have been interested in aesthetics but collingwood was passionate about art his theories were never merely theoretical aesthetics for him was a vivid vibrant thing to be experienced immediately in worked paint and in sculpted stone in poetry and music art and life were no dichotomy for collingwood for how could you have one without the other works of art were created in and for the real world to be enjoyed by real people to enchant and enhance aaron ridley s fascinating introduction opens up the work of this most rewarding of aesthetic thinkers tracing his thought from its philosophic origins through to its practical consequence and ethical implications the man who saw art as the community s medicine for the worse disease of mind had a sense of its urgent importance which we ignore at our peril today page 4 of cover

Collingwood on the Moral Principles of Art 2009

bonded leather binding

that working under adverse conditions he came so close indeed those unfamiliar with Hegel will find in Collingwood's early works especially in *Speculum Mentis* a useful introduction to the great German

The Idea of History 1956

R. G. Collingwood is an important 20th century historian, archaeologist, and philosopher whose works are the subject of continued interest. Analysis and study of his work is an unquestionable need to support this research activity with the provision of a reference guide which is fully up to date, informed, and authoritative. The companion therefore lists all primary and secondary material relevant to the study of Collingwood in all his fields of expertise: historical theory, philosophy, and archaeology. It also provides a guide to archive material relevant to his life, together with sources and locations. The resulting volume is an essential companion to the understanding of the life and thought of R. G. Collingwood.

How Good an Historian Shall I Be? 2012-02-28

Best known today for his philosophies of history and art, Collingwood was also a historian, archaeologist, sailor, artist, and musician. A figure of enormous energy and ambition, he took as his subject nothing less than the whole of human endeavor, and he lived in the same way, seeking to experience the complete range of human passion. In this vivid and swiftly paced narrative, Fred Inglis tells the dramatic story of a remarkable life: from Collingwood's happy Lakeland childhood to his successes at Oxford, his archaeological digs as a renowned authority on Roman Britain, his solo sailing adventures in the English Channel, his long struggle with illness, and his sometimes turbulent romantic life. From publisher description.

The Formative Years of R. G. Collingwood 2012-12-06

Why should modern philosophers read the works of R. G. Collingwood? His ideas are often thought difficult to locate in the main lines of development taken by twentieth-century philosophy. Some have read Collingwood as anticipating the later Wittgenstein; others have concentrated exclusively on the internal coherence of his thought. This work aims to introduce Collingwood to contemporary students of philosophy through direct engagement with his arguments. It is a conversation with Collingwood that takes as its subject matter the topics that interested him: philosophy and method, philosophy of mind, language and logic, the historical imagination, art and expression, action, metaphysics, and life, and which still preoccupy us today. The first introductory book on this major modern philosopher includes critical investigation of his thought; there is no similar work available.

R. G. Collingwood: A Research Companion 2014-11-20

Romano-Celtic Art in Northumbria is an essay by R. G. Collingwood on the subject of early British art, focusing on examples found in northern England. Romano-Celtic culture arose in Britain under the Roman Empire after the AD 43 Roman conquest. It began as a combination of Roman culture and that of the indigenous Britons.

and lasted until the 5th century and the roman departure from britain this volume is highly recommended for those with an interest in british history and culture as well as the roman influence thereon robin george collingwood fba 1889 1943 was an english historian philosopher and archaeologist most famous for his philosophical works including the principles of art 1938 and the idea of history 1946 other notable works by this author include religion and philosophy 1916 roman britain 1923 and speculum mentis 1924 many vintage books such as this are increasingly scarce and expensive it is with this in mind that we are republishing this volume now in an affordable modern high quality edition complete with a specially commissioned new biography of the author

History Man 2009-07-06

this volume brings together academics from a variety of disciplines to discuss collingwood s contributions to philosophy aesthetics philosophy of history political philosophy and archaeological theory it begins with a general survey of his contribution to history politics and philosophy

R.G. Collingwood An Introduction 1998-01-01

a volume in the writers and their work series which draws upon recent thinking in english studies to introduce writers and their contexts each volume includes biographical material an examination of recent criticism a bibliography and a reappraisal of a major work by the writer

Mind, History, and Dialectic: the Philosophy of R. G. Collingwood 1969

this is the first comprehensive study of the political philosophy of the british philosopher r g collingwood best known for his contributions to aesthetics and the philosophy of history however his political thought and in particular his book the new leviathan have been neglected even dismissed in some quarters professor boucher argues for the importance of this political theory and provides a perspicuous account of its development and originality he contends that the new leviathan is an attempt to reconcile philosophy and history theory and practice collingwood s distinctive contribution to modern political and social thought is seen as his sustained project of distinguishing utility from right and right from duty the passion for history coincides with the ethical thought because collingwood wishes to identify dutiful or moral action with a historical civilization drawing on a wealth of manuscript material this book will prove invaluable to political philosophers and intellectual historians

Romano-Celtic Art in Northumbria 2021-03-22

this early work by r g collingwood was originally published in 1922 and we are now republishing it with a brand new introductory biography roman britain is an informative work on roman britain and includes chapters on town and country life art and language religion and much more robin george collingwood was born on 22nd february 1889 in cartmel england he was the son of author artist and academic w g

collingwood he was greatly influenced by the italian idealists croce gentile and guido de ruggiero another important influence was his father a professor of fine art and a student of ruskin he published many works of philosophy such as *speculum mentis* 1924 an essay on philosophic method 1933 and an essay on metaphysics 1940

Collingwood on Re-enactment 2003

comprises of critical essays on collingwood s contribution to all the major areas of philosophy

Philosophy, History and Civilization 1995

a central motif of r g collingwood s philosophy of history is the idea that historical understanding requires a re enactment of past experience however there have been sharp disagreements about the acceptability of this idea and even its meaning

R. G. Collingwood 1953

rethinking r g collingwood reviews collingwood s thought via his own rethinking of hegel it establishes the revisionary character of collingwood s defence of liberal civilization in theory and practice collingwood is seen as avoiding the pitfalls of hegel s teleological historicism by developing an open and contestable reading of the rationality of liberal civilization which neither reduces practice to theory nor philosophy to history the contemporary relevance of collingwood s standpoint is demonstrated by comparing it with those of recent defenders and critics of liberalism rawls lyotard and macintyre

The Social and Political Thought of R. G. Collingwood 2003-11-13

this early work by robin g collingwood was originally published in 1939 and we are now republishing it with a brand new introductory biography an autobiography is the story of collingwood s personal and academic life robin george collingwood was born on 22nd february 1889 in cartmel england he was the son of author artist and academic w g collingwood he was greatly influenced by the italian idealists croce gentile and guido de ruggiero another important influence was his father a professor of fine art and a student of ruskin he published many works of philosophy such as *speculum mentis* 1924 an essay on philosophic method 1933 and an essay on metaphysics 1940

Roman Britain 2013-08

This book argues that R. G. Collingwood developed a complete and coherent political philosophy of civilization. In making this case it also demonstrates that Collingwood's philosophical work comprises a unity in which although there was development there is no fundamental discontinuity between his earlier and later writings. A philosophy of civilization must situate its subject matter within the full context of human experience and therefore Collingwood's political philosophy of civilization must be situated within the context of his whole philosophy. The book presents the case that Collingwood developed a coherent philosophy of politics and civilization that this had its roots in both the early and the later work and that his overall philosophical approach comprises a generally consistent and integrated whole.

Critical Essays on the Philosophy of R. G. Collingwood 1972

This is the long-awaited publication of a set of writings by the British philosopher, historian, and archaeologist R. G. Collingwood on critical anthropological and cultural themes only hinted at in his previously available work. At the centre of the book are six chapters of a study of folktale and magic composed by Collingwood in the mid-1930s and intended for development into a book. Here Collingwood applies the principles of his philosophy of history to problems in the long-term evolution of human society and culture. This is preceded in part I by a range of contextualizing material on such topics as the relations between music and poetry, the nature of language, the value of Jane Austen's novels, the philosophy of art, and the relations between aesthetic theory and artistic practice. Part III of the volume consists of two essays: one on the relationship between art and mechanized civilization and the second, written in 1931, on the collapse of human values and civilization leading up to the catastrophe of armed conflict. These offer a devastating analysis of the consequences that attend the desertion of liberal principles, indeed of all politics, as such, in the ultimate self-annihilation of military conquest. The volume opens with three substantial introductory essays by the editors, authorities in the fields of critical and literary history, social and cultural anthropology, and the philosophy of history and the history of ideas. They provide their explanatory and contextual notes to guide the reader through the texts. The philosophy of enchantment brings hitherto unrecognized areas of Collingwood's achievement to light and demonstrates the broad range of Collingwood's intellectual engagements, their integration, and their relevance to current areas of debate in the fields of philosophy, cultural studies, social and literary history, and anthropology.

History as Re-enactment 1999

This book brings together for the first time the political and related writings of R. G. Collingwood (1889-1943), the great Oxford philosopher, historian, and archaeologist, including a great deal of previously unpublished

or inaccessible material the writings place political action in the context of action as a whole and addresses substantive social and political issues particularly nazism and fascism which collingwood recognized as a threat to european civilization

Rethinking R.G. Collingwood *2004-04-30*
