

Free reading Loosening the grip kinney 10th edition (Read Only)

this book is designed to help the reader acquire the knowledge and skills to learn how to make new habits to replace old habits the reader will learn about super habits and why old habits never really die more importantly the reader will learn the key to building new habits and maintaining these new habits this book discusses how to maintain awareness using a very special habit to avoid the pitfall of relapse the reader will also become acquainted with the value of rewards or reinforcers in the acquisition and maintenance of new habits examples help the reader understand key concepts this book also helps readers understand how various addictions can be viewed and understood as habits simple steps help the reader understand how to exercise the power and self control to make and break habits conducting a successful professional interview is more than an exercise of technical skills the specific approach an interviewer takes with any client should be informed by the interviewer s understanding of the client s needs and preferences exhibited within the developing relationship interviewing for the helping professions promotes a theory driven relational approach to professional interviewing across disciplines the author s aim is to organically illustrate the theories and techniques of interviewing within the context of building and utilizing the therapeutic relationship the author uses example interviews to illustrate the variety of settings clients and issues interviewers encounter each interview is fully annotated with the theory and practice skills being exhibited the emphasis on theory allows the reader to fully understand the underlying principles of interviewing encouraging them to be present and in the moment with their clients this comprehensive book is an indispensable resource for practice courses in counseling human services psychology and social work programs a successful professional interview depends on the development of a generally positive human interaction without a positive base the interview can be fraught with difficulties and roadblocks this is true regardless of the discipline be it social work psychology human services nursing criminal justice medicine psychiatry or any other field beginning interviewers may have learned solid technique but often are initially focused more on thinking about what they will say next than on understanding or even listening to the client as a result that critical initial interview whose success affects the future of most professional encounters is often disrupted by a failure to truly listen and understand which is the foundation for earning clients trust this second edition goes beyond most other clinical interviewing books in its emphasis on the emotional foundation of interviewing and its focus on the importance of social justice and attention to the problem of microaggressions that can prohibit building and maintaining therapeutic rapport with clients interviewing for the helping professions can help both the beginning professional and the veteran interviewer understand the nature and purpose technique meaning emotions and outcomes of the interviewing process the book also provides a comprehensive overview of the theory and technique so crucial to meaningful interviewing more important it emphasizes the emotional significance of the interaction and grounds the interviewing process in contemporary theories of practice and social justice a lawyer turned drug counselor examines the disruption many families endure when addiction impacts their lives based in part on her own family s journey ellen van vechten explains the science of addiction the theory of treatment and the twelve step model of recovery providing sensible information and tips for reasoned action in support of a loved one while fostering personal growth and recovery powerlessness over another s addiction has a caustic effect on the family too often parents and partners equate letting go with giving up while acceptance of a lack of control is essential to coping with the disease within the family system there is nothing passive about supporting a partner or child on their journey to recovery this concept is the foundation of van vechten s original approach to empower individuals with knowledge which when coupled with acceptance allows any family dealing with active addiction to make thoughtful and reasoned decisions to facilitate the recovery of both their loves ones and themselves offers an approach to understanding alcohol its physical and psychological effects on an individual as well as its emotional impact on the family this book covers the range of psychological factors physical complications treatment options and family concerns easy to read it is suitable for academics students or families of alcoholics principles of addiction medicine 7th ed is a fully reimagined resource integrating the latest advancements and research in addiction treatment prepared for physicians in internal medicine psychiatry and nearly every medical specialty the 7th edition is the most comprehensive publication in addiction medicine it offers detailed information to help physicians navigate addiction treatment for all patients not just those seeking treatment for suds published by the american society of addiction medicine and edited by shannon c miller md richard n rosenthal md sharon levy md andrew jastak md robert j abele md

first multi year cumulation covers six
years 1965 70 25 years is a long time to carry guilt but ex cop and now coroner roy burtman had been able to manage it almost as a recovering alcoholic
with a couple of failed marriages behind him he was doing the best that he could but when a decades old case comes back to haunt him he must face his
guilt and demons head on it had always been that way regarding sarah for 25 years now he wondered what really happened to her what role did he play in
her death what level of responsibility should he accept little did he know that he would soon start on a journey where he would get the answers and
ultimately he would have to settle for trading one set of nightmares and guilt for another the oldest and most respected martial arts title in the
