Adaptive Instructional Systems. Design and Evaluation 2021-01-20 everywoman a coalition of women s organizations and formations currently numbering 11 combined with individual women affiliates and backed up by a facebook page with more than 100 000 followers was formally organized in august 2017 for the purpose of defending democracy and upholding women s rights and dignity at a time when these are under severe attack not only in the philippines but globally we had come together cutting across diverse socioeconomic ethnic professional ideological and generational backgrounds to propel organized pushback against the further erosion of civic also civil space and of the status and rights that filipino women have fought hard to attain and have won over the years as such our actions in the past years have tended towards the loud and dramatic in the streets in public fora in stinging public statements often joining our voice with those of our allied hubs in tindig pilipinas a book had no space in our crowded blueprint for 2020 but then the covid 19 pandemic happened as with everyone else everywoman s world was turned upside down needing to get back our bearings personally organizationally politically we started discussions to try to understand the situation better including the nature of this global health crisis how it was affecting different aspects of our national life how it was especially reshaping women s lives on the ground how government was responding or not the role of the private sector and other institutions the plight of ordinary citizens we probed our own areas of work and engagement we invited friends and colleagues where we needed help we saw it to be our responsibility to continue to surface and strengthen women s perspectives and agency in these difficult and extraordinary times and thus this book was born emerging from every woman talking to each other and claiming our space to speak up and be heard intent to make a difference especially since we saw no women at the frontlines of the national task force set up by the

president to respond to the crisis

COVID-19: EveryWoman's Feminist Response and Recovery Plan 2019-06-12 asian populations are among some of the fastest growing cultural groups in the us while books on serving other target groups in libraries have been published e g disabled latino seniors etc few books on serving library users of asian heritage have been written thus the timely need for this book rather than a generalized overview of asians as a whole this book has 24 separate chapters each on 24 specific asian countries cultures of east southeast and south asia with a wealth of resources for understanding interacting with outreaching to and serving library users of each culture resources include cultural guides both print and online language helps with sample library vocabulary asian booksellers nationwide cultural groups professional literature and more resources and suggestions are given for all three types of libraries public school and academic making this book valuable for all librarians the demographics of each asian culture numbers and distribution plus history of immigration and international student enrollment is also featured as a bonus each chapter spotlights a us public school and academic library providing model outreach to asian library users additionally this book provides a detailed description and analysis of libraries in each of the 24 asian countries the history development facilities conditions technology classification systems and more of public school and academic libraries are all discussed with detailed documentation country conditions influencing libraries and library use are also described literacy levels reading cultures languages and writing systems educational systems and more based on the author s 15 years of research and travels to asia this work is a must have for all librarians

Serving Library Users from Asia 2009-04-01 this compendium of papers documents educational ict policies and practices in 37 countries making it a valuable resource for understanding and comparing ict related national policy developments in education we believe that this work offers a unique in depth examination of the trends within major education systems and how they have adapted to and taken advantage of the challenges and opportunities posed by the new information and communication technologies a special feature of this edition is that it allows for interesting comparative analyses of sub groups of countries as many asian european union and former eastern european countries as well as the united states and canada among others are included in the book but it allows also for other than regional comparisons given that a number of newly industrialized countries such as brazil chile malaysia and south africa are represented in this book together with many oecd countries this book is the result of the effort and hard work of the contributing authors many of whom are the nracs for iea sites in their respective countries special thanks must go to the norwegian royal ministry of education and research and the netherlands kennisnet ict op school foundation both of which provided generous support for the preparation and dissemination of the book to the center for information technology in education cite of the university of hong kong which assisted in the technical preparation of the manuscript and to the iea secretariat which facilitated the copyediting of the chapters we want to acknowledge especially the professional contribution of paula wagemaker who has copyedited the entire volume this copyediting work is especially critical and challenging as many of the chapters were written by authors for whom english is a foreign language we also want to express our appreciation to david robitaille chair of the iea publications and editorial committee and his committee for the critical and constructive review of the manuscript
