Popular Mechanics 1970-05

From beloved authors Katherine Applegate and Jennifer Choldenko and with illustrations from Wallace West, *Dogtown* is at once an uplifting story and a page-turning adventure. Sure to find a forever home in readers' hearts, *Dogtown* is a shelter for stray dogs, misbehaving dogs, and discarded robot dogs whose owners have outgrown them. Chance, a real dog, has been in Dogtown since her owners unwittingly left her with irresponsible dog sitters. Metal Head is a robot dog who dreams of being back in a real home, and Mouse is a mouse who has the run of Dogtown, pilfering kibble and performing clever feats to protect the dogs he loves. When Chance and Metal Head embark on an adventure to find their forever homes, there is danger, cheese sandwiches, a charging station, and some unexpected kindnesses along the way.

Dogtown 2023-09-19

Field & Stream, America's largest outdoor sports magazine, celebrates the outdoor experience with great stories, compelling photography, and sound advice while honoring the traditions hunters and fishermen have passed down for generations.

Popular Mechanics 1975-07

When Jessie Hawkins adopted daughter told her she had another mom back in Ethiopia, Jessie didn't at first know what to think. She'd wanted her adoption to be great, a story about a child who needed a home and got one, and a family led by God to adopt. Instead, she felt like she'd done something wrong. Adoption has long been enmeshed in the politics of reproductive rights, pitched as a win-win compromise in the never-ending abortion debate. But as Kathryn Joyce makes clear in *The Child Catchers*, adoption has lately become even more entangled in the conservative Christian agenda. To tens of millions of evangelicals, adoption is a new front in the culture wars, a test of pro-life bona fides, a way for born-again Christians to reinvent compassionate conservatism on the global stage, and a means to fulfill the Great Commission mandate to evangelize the nations. Influential leaders fervently promote a new orphan theology, urging followers to adopt en masse with little thought for the families these orphans may already have. Conservative evangelicals control much of that industry through an infrastructure of adoption agencies, ministries, political lobbying groups, and publicly supported crisis pregnancy centers, which convince women not just to choose life but to choose adoption. Overseas, conservative Christians preside over a spiraling boom-bust adoption market in countries where people

are poor and regulations weak and where hefty adoption fees provide lots of incentive to increase the supply of adoptable children recruiting orphans from intact but vulnerable families the child catchers is a shocking exposé what the adoption industry has become and how it got there told through deep investigative reporting and the heartbreaking stories of individuals who became collateral damage in a market driven by profit and now pulpit command anyone who seeks to adopt of whatever faith or no faith and however well meaning is affected by the evangelical adoption movement whether they know it or not the movement has shaped the way we think about adoption the language we use to discuss it the places we seek to adopt from and the policies and laws that govern the process in the child catchers kathryn joyce reveals with great sensitivity and empathy why if we truly care for children we need to see more clearly
