## **Blucher's Army 1813-1815**

1972-06-01

this volume covers napoleon s gradual fall from power beginning in the spring of 1813 when france prepared to face the vengeance of russia and prussia quickly raising new armies composed of inexperienced conscripts and invalided veterans and with a critical shortage of cavalry napoleon resolved to preserve his empire in germany where he initially managed to achieve some hard fought victories when at last austria threw in her lot with the allies and the epic battle of leipzig followed napoleon was forced to retreat across the rhine there to resist the onslaught on home soil the pressure against him proved too great and with paris lost and his marshals refusing to fight on no option remained but abdication yet his last battle and one of the most decisive in military history was still to come waterloo

## **Recollections of military service in 1813, 1814, & 1815**

1845

the book gives a detailed and vivid description of the build up of the netherlands army during and after the war of liberation in 1813 1815 based on biographies of officers and men who served in that army and much previously unpublished contemporary material

## **Recollections of Military Service, in 1813, 1814 & 1815, Through Germany, Holland, and France**

1845

excerpt from recollections of military service in 1813 1814 and 1815 through germany holland and france including some details of the battles of quatre bras and waterloo as i have no written data to go on but trust entirely to memory if any inaccuracies shall be detected i hope it will be imputed to that circumstance rather than to any wilful intention on my part to record events about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks.com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

## **The Gulf Theater, 1813–1815**

2014

this volume covers napoleon s gradual fall from power beginning in the spring of 1813 when france prepared to face the vengeance of russia and prussia quickly raising new armies composed of inexperienced conscripts and invalided veterans and with a critical shortage of cavalry napoleon resolved to preserve his empire in germany where he initially managed to achieve some hard fought victories when at last austria threw in her lot with the allies and the epic battle of leipzig followed napoleon was forced to retreat across the rhine there to resist the onslaught on home soil the pressure against him proved too great and with paris lost and his marshals refusing to fight on no option remained but abdication yet his last battle and one of the most decisive in military history was still to come waterloo bloomsbury publishing

## ***The Napoleonic Wars (4)***

2002-10-18

this book describes the creation of a wargames army and provides essential guidance for someone starting out in wargaming through to the more experienced gamer with over 290 colour photographs it describes how the armies of the main nations france britain russia prussia and austria were organized it illustrates the uniforms and battle formations using computer aided plans practical modelling techniques are demonstrated from basic to more advanced it provides detailed painting guides with accompanying step by step photographs and finally there is a chapter on the flags carried by these five armies during the wars

## ***Worthy of Praise***

2022-05-15

a study of the establishment of inspection practices in the united states army told chronologically in large part through the experiences of officers assigned to the inspection service the record of the inspectorate illustrates those daily concerns that influenced the institutional development of the inspector general corps as a whole

## **Recollections of Military Service in 1813, 1814 and 1815, Through Germany, Holland, and France**

2016-12-11

the war of 1812 was fought by eighteen states the original thirteen states that formed the union as well as vermont kentucky tennessee ohio and louisiana in the preparation of this work the compiler surveyed the records of the national archives as well as many of the

libes and archives of the eighteen states in which fatalities were recorded the end result is an authoritative list of some 3 500 known military dead of the war of 1812 the entries which are alphabetically arranged give the name of the deceased his rank the name of his company or branch of service his date of death and an indication as to whether the individual died in battle or as a prisoner of war

## ***The Napoleonic Wars***

2002

this is the definitive work on one of the least studied aspects of military history the non commissioned officer since colonial america ncos have played pivotal roles in the administration training morale and fighting effectiveness of the army the author traces the evolution of nco duties their rank and insignia relationship to officers their training or non training and the professional development scheme initiated after the vietnam experience which produced the finest non commissioned officer corps in the world

## **Creating A Napoleonic Wargames Army 1809–1815**

2019-10-21

this edited volume explores conscription in the napoleonic era tracing the roots of european conscription and exploring the many methods that states used to obtain the manpower they needed to prosecute their wars the levée en masse of the french revolution has often been cited as a revolution in military affairs but was it truly a revolutionary break with past european practices of raising armies or an intensification of the scope and scale of practices already inherent in the european military system this international collection of scholars demonstrate that european conscription has far deeper roots than has been previously acknowledged and that its intensification during the napoleonic era was more an evolutionary than revolutionary change this book will be of much interest to students of military history strategic studies strategic history and european history

## **The Medical Department of the U. St. Army from 1775 to 1873**

1873

popular memory of the war of 1812 caroms from the beleaguered fort mchenry to the burning white house to an embattled new orleans but the critical action was elsewhere as richard v barbuto tells us in this clarifying work that puts the state of new york squarely at the center of america s first foreign war british demands to move the northern border as far south as the ohio river put new york on the first line of defense but it was the leadership of governor daniel d tompkins that distinguished the state s contribution to the war effort effectively mobilizing the considerable human and material resources that proved crucial to maintaining the nation s sovereignty new york s

war of 1812 shows how despite a widespread antiwar movement and fierce partisan politics tomkins managed to corral and maintain support until 1814 when britain agreed to peace retrieving new york s war of 1812 from the fog of military history barbuto describes the disproportionate cost paid by the state in loss of life and livelihood the author draws on in depth research of the state s legislative financial and militia records as well as on the governor s extensive correspondence to plot the conduct of the war regionally and chronologically and to tell the stories of numerous raids skirmishes and battles that touched civilians in their homes and communities whether offering a clearer picture of the performance of the state militia providing a more accurate account of the conflict s impact on the state s diverse population or newly detailing new york s decisive contribution this deeply researched closely observed work revises our view of the nation s perhaps least understood war

## **A Regimental Chronicle and List of Officers of the 60th, Or the King's Royal Rifle Corps**

1879

this is a comprehensive research guide to the careers and manuscript sources for president and commander in chief james madison his secretaries of war major generals brigadier generals departments and regiments during the war of 1812 each unit has a history and a listing of resources a directory of manuscript repositories and their addresses is included provided by publisher

## **The Inspectors General of the United States Army, 1777-1903**

1987

providing the first ever statistical study of a professional cohort in the era of the industrial revolution this prosopographical study of some 450 surgeons who joined the army medical service during the revolutionary and napoleonic wars charts the background education military and civilian career marriage sons occupations wealth at death and broader social and cultural interests of the members of the cohort it reveals the role that could be played by the nascent professions in this period in promoting rapid social mobility the group of medical practitioners selected for this analysis did not come from affluent or professional families but profited from their years in the army to build up a solid and sometimes spectacular fortune marry into the professions and place their sons in professional careers the study contributes to our understanding of britishness in the period since the majority of the cohort came from small town and rural scotland and ireland but seldom found their wives in the native country and frequently settled in london and other english cities where they often became pillars of the community

## **Biographical Register of the Officers and Graduates of the U.S. Military Academy at West Point, N.Y.: 1802-1840**

1868

the author covers one of the most explosive and most exciting periods of world history spanning the time from the eruption of the french revolution through the end of the napoleonic wars 1789 1815 these twenty six years of history saw the birth of nationalism and western democracy economic crisis and political convulsion the growth of industrialism the death of ancient traditions and the birth and break up of empire it was the time of napoleon who gave his name to this period of tremendous change the period in which the roots of modern europe were planted this work is intended as a broad review devoting a majority of its attention to the military and political events and personalities of the period while also surveying the major artistic social and cultural events and personalities that formed this period

## **Known Military Dead During the War of 1812**

1955

the war of 1812 is perhaps the united states least known conflict other than andrew jackson s 1815 victory at new orleans and francis scott key s poem the star spangled banner written in 1814 during the british attack on baltimore most americans know little about the country s second major war this book will give you a full insight into the second largest military conflict that took place on the soil of north america contents defending a new nation 1783 1811 the campaign of 1812 the canadian theater 1813 the creek war of 1813 1814 the chesapeake campaign 1813 1814 the canadian theater 1814 the gulf theater 1813 1815
