POLARIZATION AROUND the CHARACTER of 'ALI IBN ABI TALIB 2016-06-08 sahifa by maula e kainaat hazrat ali ibn abi talib as beautiful invocation supplication recited by imam ali as *Ali Ibn Abi Talib* 2017-10-24 classification of historical events analysis of historical events can be classified into two major types 1 analysis of events such that veracity objectivity and correctness of the analysis only affects our understanding of a particular minor issue in this case correctness or incorrectness of the analysis does not benefit or harm our understanding of social issues overall and does not affect anything beyond that particular event itself let us assume for example that we commit a mistake in identifying napoleon s neighbor from a historic perspective in the following sense the color of the cap of the napoleon s neighbor was brown and we identify it mistakenly to be blue in this situation we know that this in no way will affect our understanding of the true personality of napoleon about whom study can be

socially beneficial for us whether napoleon had a neighbor or not and whether his neighbor wore a blue cap or a brown one has no relation whatsoever to napoleon s personality it is even possible that some other events in his life were also of this nature and had no role in the formation of his personality so even if we commit a genuine mistake or commit a mistake intentionally in identifying or analyzing these events or in other words if we manipulate these events according to our personal inclinations we have not compromised the final purpose itself because even after reaching such wrong conclusion

A Treasury of Virtues 2024-04-27 this book discusses the judiciary of commander of the faithful ali ibn abu talib as 600 601 661 a d who ruled the islamic world for a short period of time prior to his martyrdom at the hands of a kharijite it cites a number of incidents which posed challenges to him in his capacity as the then supreme ruler these incidents shed light on the imam s deep wisdom discretion and ability to delve deeply into the human nature and uncover its mysteries this book is divided into two parts the first part discusses how the imam judged some challenging cases deriving his decisions from the holy qur an and the sunnah of the prophet p the second part contains selected sayings of the imam as which serve as guides to the exemplary muslim personality and goes beyond that to explore the human nature at large these are adages wise sayings precious pieces of wisdom which portray how a true muslim actually any human being ought to be we think this book appeals not only to university law or theology students and professors but also to the average reader who is curious about islam s concept of the just ruler

Character of Ali Ibn Abi Talib 2017-05-17 the history of the text of the qur an has been a longstanding subject of interest within the field of islamic studies but the debate has so far been focused on the sunni traditions about the codices of caliphs abū bakr and ‘uthmān b ‘affān little to no attention has been given to the traditions on ‘alī b abī Ṭālib s collection of the qur an this book examines both shi‘i and sunni traditions on the issue aiming to date them back to the earliest possible date and if possible verify their authenticity to achieve this the traditions are examined using harald motzki s isnād cum matn method which is

recognised as an efficient tool in dating the early islamic traditions and involves analysis of both matn text and isnād chain of trans mission with an emphasis on finding a correlation between the two kara s application of hadith criticism to shi i sources is innovative as well as constructive respectful of others contributions he nonetheless subverts conventional sceptical and starkly sectarianised approaches to scriptural textual history from the foreword by james piscatori

The Fourth Caliph 2014-10-05 the life of ali ibn abi talib fourth caliph of early islam and fountainhead of shi ite and sufi lineages is both inspirational and controversial intrinsically inspirational and extrinsically controversial these words set the tone for what is an detailed and penetrating view of the figure of imam ali on various planes the spiritual and ethical the individual the political and social the author draws a unique portrait in which the powerful spiritual undercurrents of early islamic history can be discerned at play and where the sanctified heart of the imam is revealed as a fulcrum of the harmony between the most diverse and even divergent tendencies these spiritual reflections on the life and thought of imam ali ibn abi talib cousin and son in law of the prophet muhammad bring to life what is essential and inspirational in his biography ali is viewed as the paragon of statesmanship chivalry and mysticism a man of action and contemplation the greatest hero of his age as well as its wisest sage the interplay between his dramatic outward story and his profound inner story heralds the triumph of the human spirit over the difficulties tragedies and absurdities which are inevitable in the life of this world this exceptional book may be too shia

for some sunnis and too sunni for some shia and it may be too political for some and too spiritual for others and so its main value lies precisely in a higher perspective where it reveals harmony in a keen vision of the forces of tawhid the drive to union alive at the centre of historical events as in human hearts it will have a cathartic effect upon the many sunnis and shia alike who wish to see ali as a fountainhead of unity in islam not as a source of division it makes accessible to both muslims and non muslims the treasures of loving mercy flowing from ali a global paragon of initiatic wisdom
