her royal highness queen elizabeth ii has reigned for 64 years longer than any british monarch in history during that time the queen has endured the ups and downs that long life will bring she was a beacon of hope during and after the second world war in difficult times when the world faced a precarious future and she has served as a role model for generations of men and women who continue to be in awe of her commitment to service sacrifice and the commonwealth of nations over which she rules the abdication of her uncle edward viii in 1936 turned her family s world upside down when her father was crowned king george vi elizabeth was thrust into the eye of the storm as a future queen a shy and reserved child she grew into a wise and insightful monarch who has dealt ably with nine british prime ministers during her long reign from winston churchill to theresa may it was of course not always straightforward and the queen has found herself in hot water several times most notably during the marriage of prince charles and diana princess of wales when diana was tragically killed in a car crash the standing of the royal family was probably at its lowest ebb it is unlikely that we will ever see a monarch reign so long or so effectively again holding together a disparate group of nations each with its own aspirations customs and traditions catherine ryan has written an intriguing biography of one of the most famous women of modern times who at 91 years old still

seems fit and healthy and looks very unlikely to hand over the reins to her successors any time soon

queen vashti's name has been tarnished not only by her accusers but for generations to come by the accusations and stigmatization that yet linger in the minds of her readers a very important factor has been overlooked in regards to queen vashti today i challenge every reader to ask themselves since when does a queen wear her royal crown to a wild party this is paramount information that has been neglected this book gives a different perspective in viewing her actions is queen vashti the overlooked queen who is also a champion no one asked the queen her reason for not attending the royal banquet her husband did not speak with her therefore i ask that each one read the story with an open mind and review the facts that are presented in this book is she a champion trailblazer or villain should queen vashti's memory continue to be tarnished is she a catalyst innovator a mover and shaker who refused to allow herself to be diminished as her man downplayed the royal crown that represented power and authority in her face while saying he was trying to showcase her beauty by any chance could it have been that she saw through the king's insecure tactics and decided that this day in history would be the day that would be edged into the pages of historians that she stood up and rose to the occasion for females present and for generations to come is queen vashti a woman who stepped out of the box to get some fresh air to liberate other women to know this is how to do it regardless if one is at the top has queen vashti's name been used as a scapegoat to take the focus off of men wrongful doings did she contribute to the king's thinking twice before neglecting or mistreating queen esther is queen vashti an overlooked

warrior and liberator who deserve a standing ovation are there two heroes in the story oppose to one is it now time for queen vashti s name to become an honorable name among other great iconic women for refusing to allow anyone to dishonor their position or name is it time to honor queen vashti for being a woman who would not present to the king wearing her royal crown at an unsuitable event is queen vashti a woman who could have experienced a life changing defining moment whereby she was willing to risk it all for what she believed you decide is queen vashti a hero champion or should her name continue to be vilified and dragged through the mud as a street thug

leap of faith it was late morning the birds were singing and all but a few were still asleep the colony had worked as hard as they played and the late night fun had taken its toll on everyone the events of the day before were a huge success with games and pageantry along a few surprises thrown in digger luna and cocoa had slept outside near the ponds and were joined by amy austin ricky and chord who were the first of early risers the cricket was very impressed by the ants they were everything the rabbit had said they were he was intrigued by their creative nature and fascinated with their determination id never been to a party like yours until last night i played so hard and had so much fun my legs are a little sore this morning chord admitted weve never had a party like that before but i know what you mean with all the running and dancing my legs are tired too ricky replied i may be the only one whos not exhausted i guess its because i didnt have a dance partner but my throat is a little dry from all my whistling the rabbit

shared digger told me you guys are looking for your queen chord said we were but weve got one now amy teased what do you need a queen for youve already got everything you could possibly want this might sound strange to you but its the queen who needs us austin answered nothing is strange to me anymore not after yesterday i hadnt considered the queen needing you but i see your point we have a lot of knowledge to share which would improve her colonies quality of life and possibly insure their survival every colony should have a queen and its the one thing we dont have austin explained ive seen ants along the creek and near the woods several times but i dont know where they come from chord admitted theyve crossed the meadow through my mushroom patch too i think the colony is somewhere along the fence line digger added i appreciate all the information we havent decided when well resume our search but im sure it will be in the very near future austin shared the friends departed for home a short time later before everyone else woke up life in the colony had changed forever the city was as complete as it could be and the timetable of future projects was virtually nonexistent they were proud of all they had accomplished in such a short time but now the challenge was missing for some of the educated ants it wasnt that they were unhappy for life had been good but their desire had always been to find their queen having time on their hands gave them more thoughts about reaching that goal they knew they had to resume their quest for a queen they could feel the desire in their heart and soon it would be time to leave again the original nine ants met with adam and james in a private meeting away from the colony it was their quest and they couldnt expect the rest of the colony to participate since they hadnt missed having a queen and done quite well this was personal and dear to their hearts james would have to run the colony in their absence agnes was adamant about staying behind she had experienced enough excitement for a lifetime just in reaching the barn and had no desire for the drama of a quest she had everything she needed and wanted nothing more louise was still fulfilling her dream as a seamstress and there was definitely a need for her services she wanted to go but her heart was in her work christian wanted to stay where the food was he didnt want

to worry about his next meal besides he couldn't think when he was hungry adam on the other hand wanted to go he'd never been on a real adventure before and wanted to live it for himself rather than hear the stories told through someone else he begged his dad to let him go and james agreed knowing

it seems to me that the life of queen victoria cannot well be told without a prefacing sketch of her cousin the princess charlotte who had she lived would have been her queen and who was in many respects her prototype it is certain i think that charlotte augusta of wales that lovely miracle flower of a loveless marriage blooming into a noble and gracious womanhood amid the petty strifes and disgraceful intrigues of a corrupt court by her virtues and graces by her high spirit and frank and fearless character prepared the way in the loyal hearts of the british people for the fair young kinswoman who twenty one years after her own sad death reigned in her stead through all the bright life of the princess charlotte from her beautiful childhood to her no less beautiful maturity the english people had regarded

her proudly and lovingly as their sovereign who was to be they had patience with the melancholy madness of the poor old king her grandfather and with the scandalous irregularities of the prince regent her father in looking forward to happier and better things under a good woman s reign and after all those fair hopes had been confined with her and buried in darkness and silence their hearts naturally turned to the royal little girl who might possibly fill the place left so drearily vacant england had always been happy and prosperous under queens and a queen please god they would yet have
