*Administrative Justice in the 21st Century* 1999-04-01 the tribes and territories metaphor for the cultures of academic disciplines and their roots in different knowledge characteristics has been used by those interested in university life and work since the early 1990s this book draws together research data and theory to show how higher education has gone through major change since then and how social theory has evolved in parallel together these changes mean there is a need to re theorise academic life in a way which reflects changed contexts in universities in the twenty first century and so a need for new metaphors using a social practice approach the editors and contributors argue that disciplines are alive and well but that in a turbulent environment where many other forces conditioning academic practices exist their influence is generally weaker than before however the social practice approach adopted in the book highlights how this influence is contextually contingent how disciplines are deployed in different ways for different purposes and with varying degrees of purchase this important book pulls together the latest thinking on the subject and offers a new framework for conceptualising the influences on academic practices in universities it brings together a distinguished group of scholars from across the world to address questions such as have disciplines been displaced by inter disciplinarity having outlived their usefulness have other forces acting on the academy pushed disciplines into the background as factors shaping the practices of academics and students there how significant are disciplinary differences in teaching and research practices what is their significance in other areas of work in universities this timely book addresses a pressing concern in modern education and will be of great interest to university professionals managers and policy makers in the field of higher education  
*Tribes and Territories in the 21st Century* 2012-01-25 jointly published with inra paris what will people eat in the future and how can the food requirements in terms of quantity and quality be met this eu based study elucidates the need for a productivity level that will make agriculture competitive on the market and yet is reconciled with the need to manage natural resources and lands wisely in this book the necessary changes for european agriculture from the biological medical economic and political perspective are discussed

European Agricultural Research in the 21st Century 2013-04-17 the jewish struggle in the 21st century conflict positionality and multiculturalism is about the needs of the jewish community in the united states and it addresses the lack of representation in the diversity and multicultural education classroom at the university level

*The Jewish Struggle in the 21st Century* 2021-04-12 this anthology will explore the new directions of conversations occurring in relation to feminism and religion as well as the technological modes being utilized to continue dialogue expand borders and create new frontiers in feminism it is a cross generational project bringing together the voices of foremothers with those of the twenty first century generation of feminist scholars to discuss the changing direction of feminism and religion new methods of dialogue and the benefits for society overall

*Feminism and Religion in the 21st Century* 2014-10-10 what does the future hold for the welfare state in the post industrial 21st century political and economic forces are threatening the taxation regimes of highly globalised capitalist societies prompting an urgent debate around the function of the welfare state and how we pay for it in a challenge to current policy and thinking david byrne and sally ruane deploy the concepts and analytical tools of marxist political economy to better understand these developments and the possibilities they present for social change using the snp in scotland as an illustrative case study current debates are related to a critical understanding of the relationship between taxation and spending issues that are fundamental to early 21st century politics and the future of the welfare state

**Paying for the welfare state in the 21st century** 2017-06-28 this book focuses on the key issues that affect military families when soldiers are deployed overseas focusing on the support given to military personnel and families before during and after missions today s postmodern armies are expected to provide social psychological support both to their personnel in military operations abroad and to their families at home since the end of the cold war and even more so after 9 11 separations between military personnel and their families have become more frequent as there has been a multitude of missions carried out by multinational task forces

all over the world the book focuses on three central questions affecting military families first how do changing missions and tasks of the military affect soldiers and families second what is the effect of deployments on the ones left behind third what is the national structure of family support systems and its evolution the book employs a multidisciplinary approach with contributions from psychology sociology history anthropology and others in addition it covers all the services army navy marines air force spanning a wide range of countries including uk usa belgium turkey australia and japan at the same time it takes a multitude of perspectives such as the theoretical empirical reflective life events narrative approach national and the global and uses approaches from different disciplines and perspectives combining them to produce a volume that enhances our knowledge and understanding of military families this book will be of much interest to students of military studies sociology war and conflict studies and ir political science in general

**Health Reform in the 21st Century** 2009 bilateral investment treaties bits signed prior to the 21st century are problematic some countries with bits signed during this period have since reviewed those bits and taken action to address the disadvantages the bits held for the host nation or have either resorted to eradicating some of their bits in particular developing countries that signed bits with developed nations seem to be disproportionately disadvantaged in these agreements this research highlights kenya s current bit situation and compares it in light of another developing country south africa with regards to its bit experience given that south africa has undergone an extensive bit review process and moves to change some of these bits this study compares and contrasts the kenyan and south african experience the study highlights the possible lessons that could be learnt from the south african bit review experience and provides recommendations for the kenyan government regarding its outdated bits the lessons and recommendations benefit not only kenya but also other countries that are still to review their bits as it adds to the literature on why it is important for countries with such bits to revisit them and how they can go about the review mechanism best in addition the study is also significant as far as it raises awareness of the use and effects of bits thereby enabling countries that enter into such agreements to make informed decisions

Military Families and War in the 21st Century 2015-05-14 in recent years there has been an increasing demand for and rapid development in the learning and teaching of asian languages as a foreign language throughout the world many governments recognize that asian languages are of strategic economic importance and thus they are now offered as a foreign language by a great number of schools and higher education institutions this book contains chapters written by different authors from several countries on key issues and problems in the teaching of the chinese russian farsi japanese and malaysian languages and some comparative studies the contributors here explore future directions in the teaching of asian languages in the 21st century the ten chapters of the book have been prepared by the authors using the scholarly papers they presented at the second international symposium on asian languages and literatures ades which was held on 3 4 may 2012 at erciyes university kayseri turkey under the title of teaching of asian languages in the 21st century

*Revisiting Bilateral Investment Treaties in the 21st Century. A Kenyan and South African Experience* 2017-06-29 recent years have witnessed a rapid increase in the fields of cultural heritage studies and community archaeology worldwide with expanding discussions about the mechanisms and consequences of community participation this trend has brought to the forefront debates about who owns the past who has knowledge and how heritage values can be shared more effectively with communities who then ascribe meaning and value to heritage materials globalization forces have created a need for contextualizing knowledge to address complex issues and collaboration across and beyond academic disciplines using more integrated methodologies that include the participation of non academics and increased stakeholder involvement successful programs provide power sharing mechanisms and motivation that effect more active involvement by lay persons in archaeological fieldwork as well as interpretation and information dissemination processes with the contents of this volume we envision community archaeology to go beyond descriptions of outreach and public engagement to more critical and reflexive actions and thinking the volume is presented in the context of the evolution of cultural heritage studies from the 20th century expert approach to the 21st century people centered approach with public participation and community involvement at all phases of the

decision making process the volume contains contributions of 28 chapters and 59 authors covering an extensive geographical range including africa south america central america western europe eastern europe north america and australasia chapters provide exemplary cases in a growing lexicon of public archaeology where power is shared within frameworks of voluntary activism in a wide diversity of cooperative settings and stakeholder interactions

**Studies on the Teaching of Asian Languages in the 21st Century** 2014-03-26 wenshan jia demonstrates that a true liberation of chinese civic discourse can start with a focus on indigenous cultural practices such as face practices the understanding that every human face offers a distinct cultural grammar for acting speaking and feeling chinese character and identity the author argues are primarily functions of communication and as such these practices are of enormous consequence to the necessary reconstruction of chinese identity in the changing socioeconomic context of the 21st century in this way jia finds a middle ground between the advocacy of complete westernization and radical chinese nationalism as a pragmatic alternative communication is key never before has facework research been approached so systematically from the standpoint of its relationship to character and identity jia s work substantially advances the literature on chinese communication and presents a unique perspective on its relationship to social transformation this new paradigm of facework including analytical methods such as circular questioning in addition to major case studies challenges traditional views while pointing the way toward a new and valuable social constructionist view

**Transforming Heritage Practice in the 21st Century** 2019-06-14 the book is the fruit of douglas mark ponton s and co editor uwe zagratzki s enduring interest in the blues as a musical and cultural phenomenon and source of personal inspiration continuing in the tradition of blues studies established by the likes of samuel charters and paul oliver the authors hope to contribute to the revitalisation of the field through a multi disciplinary approach designed to explore this constantly evolving social phenomenon in all its heterogeneity focusing either on particular artists lightnin hopkins robert johnson or specific texts langston hughes weary

blues and backlash blues jimmi hendrix s machine gun the book tackles issues ranging from authenticity and musicology in blues performance to the blues in diaspora while also applying techniques of linguistic analysis to the corpora of blues texts while some chapters focus on the blues as a quintessentially american phenomenon linked to a specific social context others see it in its current evolutions as the bearer of vital cultural attitudes into the digital age this multidisciplinary volume will appeal to a broad range of scholars operating in a number of different academic disciplines including musicology linguistics sociology history ethnomusicology literature economics and cultural studies it will also interest educators across the humanities and could be used to exemplify the application to data of specific analytical methodologies and as a general introduction to the field of blues studies

*The Remaking of the Chinese Character and Identity in the 21st Century* 2001-09-30 this book analyzes the many threats to democracy that exist in the 21st century and tries to understand how democracy can survive economic social and political crises it focuses on issues of oligarchy tyranny totalitarianism and ochlocracy it discusses how these forms of governance manifested themselves in ancient and medieval worlds and how socio economic transitions in the 21st century have created conditions that increasingly pose similar threats to modern democracy the author discusses broad transitions in the contemporary world economic transition to advanced high technology capitalism cultural transition from traditional religious and family values to norms focusing on racial equality gender and transgender equality and liberation and multiculturalism also transition from the traditional religious worldview to rational scientific worldview and from religious morality to secular humanist ethics these taken together undergird the political transition from traditional authority involving monarchy and aristocracy to rational legal authority involving constitutional law and democratic participation the book shows through extensive country discussions that whenever these transitions become difficult undemocratic forms of governance may emerge and override democracy authored by an expert in the field this book touches upon an especially topical theme in the contemporary world and is of interest to a wide readership across the social sciences from researchers and students to discerning laypersons
