Women's America 2016 featuring a mix of primary source documents articles and illustrations women s america refocusing the past has long been an invaluable resource now in its eighth edition the book has been extensively revised and updated to cover recent developments in u s women s history

Women's America 2019-09-16 coinciding with the 100th anniversary of the passage of the 19th amendment the 9th edition of women s america remains an indispensable text for the study of us women s history welcoming new co editor karissa haugeberg the 9th edition of women s america appears at a time of anxiety about the meanings of equality in the twenty first century some of the inequalities with which women have long struggled have been eliminated others have emerged now in a single volume streamlined format women s america is even more teachable accessible and indispensable than ever before

WOMEN'S AMERICA 2013 the other women s movement traces their impact from the 1940s into the feminist movement of the present book jacket

Women's America 1987-01-01 published in 1999 the book is the proceedings volume of the 23rd international conference of agricultural economists held in sacramento california in august 1997 it continues the series of triennial iaee conferences

The Other Women's Movement 2004 what binds societies together and how can these social orders be structured in a fair way jeffrey c alexander s masterful work the civil sphere addresses this central paradox of modern life feelings for others the solidarity that is ignored or underplayed by theories of power or self interest are at the heart of this novel inquiry into the meeting place between normative theories of what we think we should do and empirical studies of who we actually are solidarity alexander demonstrates creates inclusive and exclusive social structures and shows how they can be repaired it is not perfect it is not absolute and the horrors which occur in its lapses have been seen all too frequently in the forms of discrimination genocide and war despite its worldly flaws and contradictions however solidarity and the project of civil society remain our best hope the antidote to every divisive institution every unfair distribution every abusive and dominating hierarchy this grand sweeping statement and rigorous empirical investigation is a major contribution to our thinking about the real but ideal world in which we all reside

Refocusing the Death Penalty Discussion in America 1998 this book explores how the federal courts have addressed the two primary federal statutory protections found in the pregnancy discrimination act and the americans with disabilities act and how law mediates conflict between workplace expectations and the realities of pregnancy while pregnancy discrimination has been litigated under both these laws establish different forms of equality formal equality requires equal treatment of pregnant women in the workplace and substantive equality requires the worker s needs to be accommodated by the employer drawing from a unique database of 1 112 cases deardorff and dahl discuss how courts have addressed pregnancy through these two different approaches to equality the authors explore the implications for gender equality and the evolution of how pregnancy and pregnancy related conditions in employment can be addressed by employers

Food Security, Diversification and Resource Management: Refocusing the Role of Agriculture? 2018-12-18 examines the sins and confessions in church disciplinary records to argue that daily practices created a gendered puritanism

The Civil Sphere 2008-09-08 the chapters in this volume reflect the impact that teachers have on their students when they stand in front of the classroom and the effect their performance have on children such as teachers gender preparation certification knowledge beliefs cognitive style creativity accountability and other actions on the part of the teachers they describe research related to the preparation and certification or credentialing of early childhood practitioners the issues regarding the nature of early childhood practice and the needs of the field as it prepares for the future

Pregnancy Discrimination and the American Worker 2016-04-29 america s changing icons is a discursive examination of the female patriotic icon in the united states this creative and entertaining work examines her use and decline particularly in the 20th century with a particular focus on popular culture icons like lady columbia rosie the riveter and wonder woman these fictional creations used with advertisements letters and literature of the eras work together to craft a multi layered and dynamic portrait of cultural politics tides and perceptions about american women life and place

Puritans Behaving Badly 2020-05-21 in 1919 charlotte anita whitney a wealthy white woman received one of the first communist labor party membership cards for the charter group of the northern california communist labor party less than a decade later in berkeley california a jewish woman named dorothy ray healey became a card carrying member of the young communist league nearly forty years later in 1966 kendra claire harris alexander a mixed race woman enlisted with the los angeles branch of the communist party determined to promote class equality in gendering radicalism beth slutsky examines how american leftist radicalism was experienced through the lives of these three women who led the california branches of the communist party from its founding in 1919 to its near dissolution in 1992 separately each woman represents a generation of the membership and activism of the party collectively slutsky argues their individual histories tell the story of one of the most infamous organizations this country has ever known and in a broader sense represent the story of all women who have devoted their lives to radicalism in america slutsky considers how gender politics california s political climate coalitions with other activist groups and local communities and generational dynamics created a grassroots communist movement distinct from the communist parties in the soviet union and europe an ambitious comparative study gendering radicalism demonstrates the continuity and changes of the party both within and among three generations of its female leaders lives

Studying Teachers in Early Childhood Settings 2003-05-01 cultural views of femininity exerted a powerful influence on the courtroom arguments used to defend or condemn notable women on trial in nineteenth century and early twentieth century america by examining the colorful rhetorical strategies employed by lawyers and reporters of women s trials in newspaper articles trial transcriptions and popular accounts a cheree carlson argues that the men in charge of these

communication avenues were able to transform their own values and morals into believable narratives that persuaded judges juries and the general public of a woman's guilt or innocence carlson analyzes the situations of several women of varying historical stature from the insanity trials of mary todd lincoln and lizzie borden's trial for the brutal slaying of her father and stepmother to lesser known trials involving insanity infidelity murder abortion and interracial marriage the insanity trial of elizabeth parsons ware packard the wife of a minister resulted from her attempts to change her own religion while a jury acquitted mary harris for killing her married lover suggesting that loss of virginity to an adulterous man was justifiable grounds for homicide the popular conception of abortion as a woman's crime came to the fore in the case of ann loman also known as madame restell who performed abortions in new york both before and after it became a crime finally alice rhinelander was sued for fraud by her new husband leonard for passing as white but the jury was more moved by the notion of alice being betrayed as a woman by her litigious husband than by the supposed defrauding of leonard as a white male alice won the case but the image of womanhood as in need of sympathy and protection won out as well at the heart of these cases carlson reveals clearly just how narrow was the line that women had to walk since the same womanly virtues that were expected of them passivity frailty and purity could be turned against them at any time these trials of popular status are especially significant because they reflect the attitudes of the broad audience indicate which forms of knowledge are easily manipulated and allow us to analyze how the verdict is argued outside the courtroom in the public and press with gripping retellings and incisive analysis of these scandalous criminal and civil cases this book will appeal to historians rhetoricians feminist researchers and anyone who enjoys courtroom drama

America's Changing Icons 2018-02-23 new zealand appeared relatively late on the general tourist map of the 19th century famous for its exotic flora and fauna a visible native population and women's suffrage it also drew american tourists to its shores how did american travelers perceive new zealand and its society very few travel accounts by american women were published in this period but these historical documents offer subjective accounts of the author's time and present individual experiences and views on new zealand

Lucile H. Bluford and the Kansas City Call 2018-04-04 after emerging from the tumult of social movements of the 1960s and 1970s the field of asian american studies has enjoyed rapid and extraordinary growth nonetheless many aspects of asian american history still remain open to debate the oxford handbook of asian american history offers the first comprehensive commentary on the state of the field simultaneously assessing where asian american studies came from and what the future holds in this volume thirty leading scholars offer original essays on a wide range of topics the chapters trace asian american history from the beginning of the migration flows toward the pacific islands and the american continent to japanese american incarceration and asian american participation in world war ii from the experience of exclusion violence and racism to the social and political activism of the late twentieth century the authors explore many of the key aspects of the asian american experience including politics economy intellectual life the arts education religion labor gender family urban development and legal history the oxford handbook of asian american history demonstrates how the roots of asian american history are linked to visions of a nation marked by justice and equity and to a deep effort to participate in a global project aimed at liberation the contributors to this volume attest to the ongoing importance of these ideals showing how the mass politics creative expressions and the imagination that emerged during the 1960s are still relevant today it is an unprecedentedly detailed portrait of asian americans and how they have helped change the face of the united states

The Elgar Companion to Feminist Economics 2001-01-01 this comprehensive resource is an invaluable teaching aid for adding a global dimension to students understanding of american history it includes a wide range of materials from scholarly articles and reports to original syllabi and ready to use lesson plans to guide teachers in enlarging the frame of introductory american history courses to an international view the contributors include well known american history scholars as well as gifted classroom teachers and the book's emphasis on immigration race and gender points to ways for teachers to integrate international and multicultural education america in the world and the world in america in their courses the book also includes a views from abroad section that examines problems and strategies for teaching american history to foreign audiences or recent immigrants a comprehensive annotated guide directs teachers to additional print and online resources

Redeeming La Raza 2018 this publication is the result of proceedings from the 2nd global conference on visual literacy held at mansfield college oxford in july 2008 although often touted as being a relatively new area of research the field of

visual literacy actually has a long history in some research disciplines theology anthropology art history and iconography
American Studies 1986-08-29 family is the foundation of society and debates on family norms have always touched the very heart of america this volume investigates the negotiations and transformations of family values and gender norms in the twentieth century as they relate to the overarching processes of social change of that period by combining long term approaches with innovative analysis inventing the modern american family transcends not only the classical dichotomies between women s studies and masculinity studies but also contribute substantially to the history of gender and culture in the united states

The Oxford Handbook of Asian American History 2016-01-04 more than a generation after the rise of women s history alongside the feminist movement it is still difficult observes catherine brekus to locate women in histories of american religion mary dyer a quaker who was hanged for heresy lizzie robinson a former slave and laundress who sold bibles door to door sally priesand a reform rabbi estela ruiz who saw a vision of the virgin mary how do these women s stories change our understanding of american religious history and american women s history in this provocative collection of twelve essays contributors explore how considering the religious history of american women can transform our dominant historical narratives covering a variety of topics including mormonism the women s rights movement judaism witchcraft trials the civil rights movement catholicism everyday religious life puritanism african american women s activism and the enlightenment the volume enhances our understanding of both religious history and women s history taken together these essays sound the call for a new more inclusive history contributors ann braude harvard divinity school catherine a brekus university of chicago divinity school anthea d butler university of rochester emily clark tulane university kathleen sprows cummings university of notre dame amy koehlinger florida state university janet moore lindman rowan university susanna morrill lewis and clark college kristy nabhan warren augustana college pamela s nadell american university elizabeth reis university of oregon marilyn j westerkamp university of california santa cruz

Teaching American History in a Global Context 2015-07-17 men are usually the heroes of western stories but women also played a crucial role in developing the american frontier and their stories have rarely been told this anthology of biographical essays on women promises new insight into gender in the 19c american west the women featured include asian americans african americans and native american women as well as their white counterparts the original essays offer observations about gender and sexual violence the subordinate status of women of color their perseverance and influence in changing that status a look at the gendered religious legacy that shaped western catholicism and women in the urban and rural industrial and agricultural west

Refocusing the Vision, the Viewer and Viewing Through an Interdisciplinary Lens 2020-04-14 introduces key terms research traditions debates and histories for american studies and cultural studies in an updated edition since its initial publication scholars and students alike have turned to keywords for american cultural studies as an invaluable resource for understanding key terms and debates in the fields of american studies and cultural studies as scholarship has continued to evolve this revised and expanded third edition offers indispensable meditations on new and developing concepts used in american studies cultural studies and beyond designed as a uniquely print digital hybrid publication this keywords volume collects 114 essays each focused on a single term such as america culture diversity or religion more than forty of the essays have been significantly revised for this new edition and there are nineteen completely new keywords including crucial additions such as biopolitics data debt and intersectionality throughout the volume interdisciplinary scholars explore these terms and others as nodal points in many of today s most dynamic and vexed discussions of political and social life both inside and outside of the academy the keywords website features forty eight essays not in the print volume it also provides pedagogical tools for instructors using print and online keywords in their courses the publication brings together essays by interdisciplinary scholars working in literary studies and political economy cultural anthropology and ethnic studies african american history and performance studies gender studies and political theory some entries are explicitly argumentative others are more descriptive all are clear challenging and critically engaged as a whole keywords for american cultural studies provides an accessible a to z survey of prevailing academic buzzwords and a flexible tool for carving out new areas of inquiry

Inventing the Modern American Family 2012-05 this is a highly recommended purchase for undergraduate medium sized and large public libraries wishing to provide a substantial introduction to the field of men s studies reference user services quarterly pleasing layout and good cross references make carroll s compendium a welcome addition to collections serving readers of all ages highly recommended choice an excellent index well chosen photographs and illustrations and an extensive bibliography add further value american masculinities is well worth what would otherwise be too hefty a price for many libraries because no other encyclopedia comes close to covering this growing field so well american reference books annual american masculinities a historical encyclopedia is a first of its kind reference detailing developments in the growing field of men s studies this up to date analytical review serves as a marker of how the field has evolved over the last decade especially since the 1993 publication of anthony rotundo s american manhood this seminal book opened new vistas for exploration and research into american history society and culture weaving the fabric of american history american masculinities illustrates how american political leaders have often used the rhetoric of manliness to underscore the presumed moral righteousness and ostensibly protective purposes of their policies seeing u s history in terms of gender archetypes readers will gain a richer and deeper understanding of america s democratic political system domestic and foreign policies and capitalist economic system as well as the private sphere of the home and domestic life the contributors to american masculinities share the assumption that men s lives have been grounded fundamentally in gender that is in their awareness of themselves as males their approach goes beyond scholarship which traditionally looks at men and women in terms of what they do and how they have influenced a given field or era rather this important work delves into

the psychological core of manhood which is shaped not only by biology but also by history society and culture encapsulating the current state of scholarly interpretation within the field of men's studies american masculinities a historical encyclopedia is designed to help students and scholars advance their studies develop new questions for research and stimulate new ways of exploring the history of american life key features reader's guide facilitates browsing by topic and easy access to information extensive name place and concept index gives users an additional means of locating topics of interest more than 250 entries each with suggestions for further reading cross references direct users to related information comprehensive bibliography includes a list of sources organized by categories in the field topics covered arts literature and popular culture body health and sexuality class ethnic racial and religious identities concepts and theories family and fatherhood general history icons and symbols leisure and work movements and organizations people political and social issues about the editor bret e carroll is associate professor of history at california state university stanislaus he received his ph d from cornell university in 1991 he is author of the routledge historical atlas of religion in america 1997 spiritualism in antebellum america 1997 and several articles on nineteenth century masculinity

The Religious History of American Women 2009-11-13 examines the symbols that defined perceptions of women from the turn of the century through the end of world war i and how they changed women's role in society

Portraits of Women in the American West 2013-04-15 the transformation of a house into a home has been in our culture a traditional task of women the articles examine this process as they reflected the role of american middle class women as homemakers in the years 1840 1940

Keywords for American Cultural Studies, Third Edition 2020-11-24 the battle for the american mind brings together religion politics economics science and literature to present a compelling history of the american people in this brief and entertaining book carl j richard argues that three worldviews have dominated american thought theism humanism and skepticism

American Masculinities: A Historical Encyclopedia 2003-10-14 in fast paced crystal clear prose these four veteran historians quash not just seven myths about the american revolution but dozens if you think that slavery was inevitable that british commanders were lazy nincompoops or that indigenous warriors were nothing more than british pawns you will savor the challenge of seven myths of the american revolution just as much as i did woody holton university of south carolina author of liberty is sweet the hidden history of the american revolution simon schuster 2021

Gibson Girls and Suffragists 2008-01-01 the latest vocabulary of key terms in american studies since its initial publication scholars and students alike have turned to keywords for american cultural studies as an invaluable resource for understanding key terms and debates in the fields of american studies and cultural studies as scholarship has continued to evolve this revised and expanded second edition offers indispensable meditations on new and developing concepts used in american studies cultural studies and beyond it is equally useful for college students who are trying to understand what their teachers are talking about for general readers who want to know what's new in scholarly research and for professors who just want to keep up designed as a print digital hybrid publication keywords collects more than 90 essays 30 of which are new to this edition from interdisciplinary scholars each on a single term such as america culture law and religion alongside community prison queer region and many others these words are the nodal points in many of today's most dynamic and vexed discussions of political and social life both inside and outside of the academy the keywords website which features 33 essays provides pedagogical tools that engage the entirety of the book both in print and online the publication brings together essays by scholars working in literary studies and political economy cultural anthropology and ethnic studies african american history and performance studies gender studies and political theory some entries are explicitly argumentative others are more descriptive all are clear challenging and critically engaged as a whole keywords for american cultural studies provides an accessible a to z survey of prevailing academic buzzwords and a flexible tool for carving out new areas of inquiry

Making the American Home 1988 multidisciplinary focus surveying many disciplines this anthology brings together an outstanding selection of scholarly articles that examine the profound impact of law on the lives of women in the united states the themes addressed include the historical political and social contexts of legal issues that have affected women's struggles to obtain equal treatment under the law the articles are drawn from journals in law political science history women's studies philosophy and education and represent some of the most interesting writing on the subject the law in theory and practice many of the articles bring race social and economic factors into their analyses observing for example that black women poor women and single mothers are treated by the wielders of the power of the law differently than middle class white women other topics covered include the evolution of women's legal status reproduction rights sexuality and family issues equal employment and educational opportunities domestic violence pornography and sexual exploitation hate speech and feminist legal thought a valuable research and classroom aid this series provides in depth coverage of specific legal issues and takes into account the major legal changes and policies that have had an impact on the lives of american women

The Battle for the American Mind 2004 the science education of american girls provides a comparative analysis of the science education of adolescent boys and girls and analyzes the evolution of girls scientific interests from the antebellum era through the twentieth century kim toley expands the understanding of the structural and cultural obstacles that emerged to transform what in the early nineteenth century was regarded as a girl's subject as the form and content of pre college science education developed toley argues direct competition between the sexes increased subsequently the cultural construction of science as a male subject limited access and opportunity for girls

Seven Myths of the American Revolution 2023-09-18 in this carefully researched and engaging book kenneth scambray surveys the lives and contributions of italian immigrants in thirteen western states he covers a variety of topics including

the role of the roman catholic church in attracting and facilitating italian settlement the economic political and cultural contributions made by italians and the efforts to preserve italian culture and to restore connections to their ancestral identity the lives of immigrants in the west differed greatly from those of their counterparts on the east coast in many ways the development of the west with its cheap land and mining forestry and agriculture industries created a demand for labor that enabled newcomers to achieve stability and success moreover female immigrants had many more opportunities to contribute materially to their family s well being either by overseeing new revenue streams for their farms and small businesses or as paid workers outside the home despite this success italian immigrants in the west could not escape the era s xenophobia scambray also discusses the ways that italians perceived by many as non white interacted with other euro americans other immigrant groups and native americans and african americans by placing the italian immigrant experience within the context of other immigrant narratives italian immigration in the american west provides rich insights into the lives and contributions of individuals and families who sought to build new lives in the west this unique study reveals the impact of italian immigration and the immense diversity of the immigrant experience outside the east s urban centers
