Large Diary April 2017 to April 2018 *2016-04-16*

china weathered the global financial crisis better than most thanks to a large and timely stimulus this stimulus however was mainly in the form of off budget infrastructure spending and thus not visible in the headline fiscal data we construct a time series for the augmented fiscal deficit and debt augmented to include off budget activity that better illustrates the counter cyclical role of fiscal policy the results also show that the augmented fiscal deficit and debt are both considerably higher than the headline government data suggest nonetheless at around 45 percent of gdp the augmented debt is still at a manageable level
