psychological effects highlighted by personal stories

Principles of Psychology 2011-08-15

football s biggest characters tell it like it is who is the secret
footballer well he s back and this time his mates speak out too players
agents coaches and managers give you access to all areas of the premier
league from deal making to play making from dodgy tactics to drunken
antics they reveal the unforgettable highs and the unforgivable lows
this is football as you ve never seen it before what happens behind
closed doors at premiership clubs usually stays firmly shut behind
closed doors not if the secret footballer has anything to do with it
loaded from the bestselling author of i am the secret footballer and the
secret footballer s guide to the modern game

Drug Abuse 2008-11-26

a psychological approach to rape prevention this book goes in depth into
how to adopt the mindset to prevent sexual assault as well as looking at
the profiled behaviours of rapists there are no physical techniques
within the book it s all about the mental aspects of avoidance control
and dealing with aggression through detailed research i present a
different look at sexual assault prevention by focusing on the mind
rather than the body

Encyclopedia of Substance Abuse Prevention, Treatment, and Recovery 2010-01-19

the twenty six articles in this edited volume provide perspective on the interrelated issues surrounding the use of drugs in society although drugs have long been a social problem the importance of the issue and the involvement of the criminal justice system have varied across time public concern has typically centered on illegal drugs but the drug issue today is even more complex given the impact of prescription drugs exaggeration has been a constant theme in the history of public policy on drugs usually playing on public fear to demonize specific drugs and users some drugs are more dangerous than others the variations in effects impact enforcement prevention and treatment if we are going to criminalize drugs and drug usage policies and penalties should be based on the relative dangerousness of a drug or class of drugs policies can reduce harm create harm or both our current drug policies attempt to reduce harm through law enforcement we arrest anyone involved in drug activities under the premise of protecting society these same policies however result in the incarceration of large numbers of people they are expensive they overburden the criminal justice system and they have lasting consequences for those caught up in the drug war no matter how minor their offenses drug policies should be weighed carefully implementing those that result in the least amount of harm to society the editors have collected timely articles that provide perspective and a foundation for an informed approach to addressing problems associated with drug use

Moral Panics 2000

the authors illustrate how the principles and techniques of strategic and operational planning can be applied to the supply reduction side of our national effort to curb the trafficking of illicit drugs they provide a detailed overview of the drug problem and discuss key ingredients and how an effective strategy can be formulated including better ways to synchronize and sustain cooperative multiagency assaults on drug trafficking networks while recognizing that eliminating the demand for drugs is the best and perhaps only lasting solution to the larger problem the authors acknowledge that such can never be achieved without complementary supply reduction actions that curtail the international drug producers the traffickers and the local pusher from selling their wares

Controlled Substances Trafficking Prohibition Act and Correction Officers Health and Safety Act of 1997 2010

Human Sexuality in a World of Diversity 2000

in a whirlwind demolition of dozens of misconceptions about crime nick ross proposes what is arguably the most radical re think of crime policy since the dawn of policing setting conventional thinking on its head crime challenges everything we take for granted showing why the criminal justice system has little effect on crime rates how policing has been hijacked to serve the needs of lawyers and how facts about crime are continually manipulated to serve the needs of politicians and the media crime is the result of twenty years experience working with victims and police and ten years research to find out what makes crime rates ebb and flow this is a major work that explodes fallacies and entreats us to be more sceptical crime will delight those who come to it with an open mind and infuriate ideologues from the left right and centre
