2013-10-02

for the average person most of the american history that he or she knows comes from facts taught to them in school to prepare them for their state mandated tests that s not the fault of their teachers who were just carrying out the directives of their employers but it s also a fact that a great deal of that content that they were teaching is dry and boring however as in every aspect of life there is always another story behind each major event the story of america is interesting and exciting but it s those lesser known parts of our history that make it special even though in most cases the names and events in the book will be recognizable most of the stories about them will be new to the reader if you re a young teacher perhaps you ll find some material to help you get through those less than exciting areas of your textbook if you hated history as a student maybe you ll find some of these tales entertaining for those of you who are history buffs hopefully you ll come across a few things that are new to you

The United States' Subnational Relations with Divided China

2009-12-16

this engaging and informative book by award winning sociologist and criminologist john curra offers a valuable perspective on attitudes and behaviors labeled as deviant the relativity of deviance fourth edition explores the meanings and constructions of social deviance and social reactions to it he answers such questions as what is deviance what comprises deviant behavior how are deviants treated how is deviance socially constructed and socially sustained why is the same attitude behavior or condition praised in one situation and condemned in another through insightful and thought provoking examples and informed accounts the author illustrates that deviance cannot be explained or understood in terms of absolutes or essential characteristics nor can it be explained or understood apart from its social setting this book approaches sex violence theft drugs suicide rape and mental disorders in a way that shows the critical role of sociocultural factors and social reactions in constructions of deviance and crime

Government Publications

2007-05-24
