Ditch Memory

2024-08-01

in an age when many find themselves disconnected from the natural world celebrated poet todd davis offers the possibilities of reconnection of listening to the earth s labored breathing to the thoughts of other than human animals and the languages trees speak in thirty new poems and with ample selections from his previous seven books davis s roots run deep in rust belt appalachia attending to the harmed but healing landscape the people whose lives are too often neglected and the looming threat of climate collapse and extinction orion magazine likens davis s work to wendell berry and mary oliver as he continues to demonstrate what one reviewer describes as his knowledge of latin names common names habitats and habits steeped in the exactness of the earth and the science that unfolds in wildness known for both narrative and lyrical impulses davis asks readers to acknowledge their kinship with all living beings which demands some grieving for past sins but also suggests a way toward restoration with a foreword by david james duncan

I am Soldier

2011-12-20

i am soldier brings together the profiles of sixty soldiers who have fought over the past 2 500 years these vivid accounts graphically depict the role of the soldier in battle often using the soldiers own words to reveal what they felt during the chaos of war and its aftermath from the spartans at thermopylae to the war in the persian gulf this book shows the lives of the individual men and woman who made up the great armies that changed the world

Behavioral Science & Policy, Volume 5, No. 1

2020-02-11

the success of nearly all public and private sector policies hinges on the behavior of individuals groups and organizations today such behaviors are better understood than ever thanks to a growing body of practical behavioral science research however policymakers often are unaware of behavioral science findings that may help them craft and execute more effective and efficient policies the pages of this journal will become a meeting ground a place where scientists and non scientists can encounter clearly described behavioral research that can be put into action by design the scope of behavioral science policy is broad with topics spanning health care financial decisionmaking energy and the environment education and culture justice and ethics and work place practices contributions will be made by researchers with expertise in psychology sociology law behavioral economics organization science decision science and marketing the journal is a key offering of the behavioral science policy association in partnership with the brookings institution the mission of bspa is to foster dialog between social scientists policymakers and other practitioners in order to promote the application of rigorous empirical behavioral science in ways that serve the public interest bspa does not advance a particular agenda or political perspective
