Social Justice 1994 law enforcement policing security

Corporate Strategies for Policing 1988 over the past quarter century u s politicians have responded to the public s fear of crime by devoting ever more resources to building and strengthening the criminal justice apparatus which as a result has grown tremendously in size and cost policymakers have also taken steps to toughen procedures for dealing with suspects and criminals and broaden legal definitions of what constitutes crime which has led to the incarceration under harsher than ever conditions of a record high percentage of the u s population yet public confidence in the criminal justice apparatus is if anything lower than ever before and fear of crime continues to be high in recent years some activists scholars criminal justice officials and politicians have begun to call for a reexamination of get tough crime policies a more sensible approach to crime they argue would focus on community justice that is on building healthy communities in which criminality cannot take root and on making citizens and criminal justice into partners rather than adversaries in this thought provoking study todd clear and david karp provide both a broad theoretical analysis of this ideal and a close examination of a range of attempts to put it into practice in communities throughout the country they conclude that by making the criminal justice system and the public into partners rather than adversaries community justice strategies for dealing with crime are both more effective and more resource efficient than the failed get tough approach

Criminal Justice Administration: Strategies for the 21st Century 2008 progressive justice in an age of repression provides a much needed engagement with questions of justice and reform within the current phase of global capitalism one that is marked not only by significant social inequality but also political bifurcation it offers guidance on progressive strategies for resistance it also extends criminological analysis by situating these contemporary challenges as globalized and inextricably linked to questions of political economy law and society bringing together an international selection of scholars this book draws on a range of issues such as immigration street crime and the renewed push for law and order violence against women environmental injustice assaults on health care and social services and the unleashing of private corporate exploitation of natural resources it is a clarion for strategic thinking a call for action fuelled by informed analysis and a reimagining of the progressive society that is under attack by trumpism populism and a rising right this is an important read for those who teach and study criminology deviance and social control social problems legal studies political science and policy studies it is also a useful resource for practitioners community based activists and policy makers seeking new ways of thinking critically about crime law and social control

The Community Justice Ideal 2018-03-05 until now books on secondary data have described sources of secondary data with an emphasis on description that had little to do with crime and deviance research strategies for secondary data changes all that because it is designed specifically for secondary data users in criminology and criminal justice in addition to describing data sources available through archives and the internet it provides a perspective on secondary data this perspective consists of discussing the role of secondary data in criminology and criminal justice its strengths limitations and the different ways that secondary data can be disaggregated and interpreted the book also discusses the nature of hypotheses and design as they relate to the constraints of secondary data there are chapters devoted to evaluation guidelines for official statistics and official records how official records such as police department files can be accessed and the legal implications of using secondary data in light of legislation like the freedom of information acts

General Recruitment Strategies for Criminal Justice Agencies 1979 a comprehensive outline of criminal justice in the uk at the turn of the century by three of the uk s

leading exponents and that contains suggestions for restorative justice approaches for the future

Progressive Justice in an Age of Repression 2019-02-26 emphasizes the importance of social justice work vividly illustrates the complexity of this work and discusses how social workers can negotiate the practical and ethical challenges involved unlike many books on the subject it integrates a diverse array of approaches to social justice thereby promoting critical thinking and underscoring the value of utilizing various perspectives in one's practice distinguishing features of this book include emphasis on the complementary nature of socially just goals and processes well developed case examples multi disciplinary multi cultural and international perspectives a clear exposition of principles and skills of socially just practice and the use of diverse cultural materials from different media to illustrate the concepts presented this text is largely based on the authors extensive teaching and practice experience in a wide variety of fields both in the u s and internationally and on their research on such varied topics as welfare reform mental health social work practice theory social work values and ethics and the history and philosophy of social welfare and social work social work and social justice is an essential resource for undergraduate and graduate students faculty as well as social work human services practitioners

Strategies for Social Justice 2006 batterer intervention program approaches and criminal justice strategies is a publication of the national criminal justice reference service ncjrs in rockville maryland the publication provides judges prosecutors and probation officers with the information they need to better understand batterer intervention and make appropriate decisions regarding programming

Research Strategies for Secondary Data 1999-11-10 the use of simulation modeling in criminal justice dates back to the 1970s early models were developed to capture the realities of the criminal justice system to identify what changes were needed and how small changes would affect the overall picture significant time and effort were devoted to these projects and although they achieved some success the complex nature of the criminal justice system and the difficulties associated with improving and maintaining the models prohibited wide spread adoption in the field some of the problems with early simulation projects were the lack of data to validate models the lack of technical skills needed by staff to design and build the models and the technical difficulties with software programming to transform models into computerized representations as simulation modeling has becoming a more popular technique across many disciplines and technology as well as the technical skills of researchers has improved this book revisits the concept of simulation modeling with new applications for the criminal justice system the wider availability of data has made for more opportunity to verify and validate models computing software has become more available and easier to use and the capacity for visualization and communication of models shows promise for the future of simulation in criminal justice the time has come to examine the past present and future contributions of simulation modeling to the field of criminal justice this work provides a central resource of information for the current state of simulation modeling and overview of existing techniques and cases of success and directions for future development this work will be an important resource for researchers in criminal justice and related fields as well as those studying policy related topics

Criminal Justice 2000 1999 merging together the fields of urban ecology environmental justice and urban environmental education urban ecosystem justice promotes building fair accessible and mutually beneficial relationships between citizens and the soils water atmospheres and biodiversity in their cities this book provides a framework for re centering issues of justice and fairness in sustainability discourse while challenging the profound ecological alienation experienced by urban residents while the urban sustainability movement has had many successes in the past few decades there

remain areas for it to grow for one the benefits of sustainability have disproportionately benefited wealthier city residents with concerns over equity justice and social sustainability frequently taking a back seat to economic and environmental considerations additionally many city dwellers remain estranged from and unfamiliar with ecological processes with urban environments often thought of as existing outside of nature or as hopelessly degraded through a citizen centered lens the book offers a guide to reconciling these issues by demonstrating how questions of equity access and justice apply to the biophysical dimensions of the urban ecosystem soil water air waste and biodiversity drawing heavily from the fields of urban ecology environmental justice and ecological design this book lays out a science of cities for people a pedagogical platform that can be used to promote ecological literacy in underrepresented urban communities through affordable and decentralized means this book provides both a theoretical and practical field guide to students and researchers of urban sustainability city planners architects policymakers and activists wishing to develop reciprocal relationships with urban ecologies

The Strategic Management of Police Resources 1993 this book discusses the impact of war on the complex interactions between various actors involved in justice individuals and social groups on the one hand and the justice system police judiciary and professionals working in the prison service on the other it also highlights the emergence of new expectations of justice among these actors as a result of war furthermore the book addresses justice practices strategies for coping with the changing circumstances new forms of negotiation interactions relationships between populations and the formal justice system in this specific context and the long term effects of this renegotiation ten out of the eleven chapters focus on belgian issues covering the two world wars in equal measure belgium s diverse war experiences in the twentieth century mean that a study of the country provides fascinating insights into the impact of war on the dynamics of doing justice the belgian army fought in both world wars and the vast majority of the population experienced military occupation the latter led to various forms of collaboration with the enemy which required the newly reinstalled belgian government to implement large scale judicial processes to repress these antipatriotic behaviours in order to restore both its authority and legitimacy and to re establish social peace

Social Work and Social Justice 2016 over the past quarter century u s politicians have responded to the public s fear of crime by devoting ever more resources to building and strengthening the criminal justice apparatus which as a result has grown tremendously in size and cost policymakers have also taken steps to toughen procedures for dealing with suspects and criminals and broaden legal definitions of what constitutes crime which has led to the incarceration under harsher than ever conditions of a record high percentage of the u s population yet public confidence in the criminal justice apparatus is if anything lower than ever before and fear of crime continues to be high in recent years some activists scholars criminal justice officials and politicians have begun to call for a reexamination of get tough crime policies a more sensible approach to crime they argue would focus on community justice that is on building healthy communities in which criminality cannot take root and on making citizens and criminal justice into partners rather than adversaries in this thought provoking study todd clear and david karp provide both a broad theoretical analysis of this ideal and a close examination of a range of attempts to put it into practice in communities throughout the country they conclude that by making the criminal justice system and the public into partners rather than adversaries community justice strategies for dealing with crime are both more effective and more resource efficient than the failed get tough approach

Batterer Intervention 1999-07 how have different criminal justice agencies responded to

the modernization process what forms does modernization take what lessons can be drawn to influence the future shape of criminal justice policy understanding modernization in criminal justice is the first book to theorize modernization in the context of criminal justice it provides a historically informed account tracing the evolving links between new public management and modernization as well as proposing a conceptual framework for understanding the impact of policies on each criminal justice agency in england and wales a variety of political strategies and tactics are identified which contribute to the reform process the extent of vulnerability capacity for resistance or potential for transformation in each individual key agency is explored including strategies of censure compliance and commitment the authors go on to analyse how these processes have occurred in an international context in particular the relationship between drivers of global crime and their impact in the context of england and wales this will challenge policy makers in all jurisdictions to consider the potential impact of new public management the book concludes with a look ahead anticipating developments in criminal justice sector after the departure of tony blair and potentially post a new labour administration understanding modernization in criminal justice is invaluable reading for those concerned with the administration of criminal justice at both a policy and managerial level from students and academics wishing to understand the way agencies are responding to this agenda through to penal reformers and commentators

Simulation Strategies to Reduce Recidivism 2013-06-06 this title was first published in 2001 this book brings together the experiences of a diverse range of leading human rights advocates and activists to demonstrate strategies for protecting human rights the volume identifies strategic problems and approaches and offers a range of strategies that hold promise for sanctioning human rights offenders and for inhibiting the behaviour of those who might otherwise engage in such activities the contributors include inter alia noam chomsky justice richard goldstone of the constitutional court of south africa who served as chief prosecutor of the un war crimes tribunals for the former yugoslavia and rwanda and david rawson united states ambassador to rwanda during the tragic genocide those who work in the disparate field of human rights increasingly understand the need to see the system strategically rather than piecemeal this volume captures their insights and looks at both private and public actors including the uses and limitations of international fora to prosecute violations the focus is expanded to include private actions because political issues too often interfere with enforcement of human rights laws allowing violators to hide behind the unwillingness of national governments to take action

A Preliminary Analysis of Alternative Strategies for Processing Civil Disputes 1978 online shopping has become increasingly popular due to its availability and ease as a result it is important for companies that sell high end products to maintain the same marketing success as companies selling more affordable brands in order keep up with the market digital marketing strategies for fashion and luxury brands is an essential reference source for the latest scholarly research on the need for a variety of technologies and new techniques in which companies and brand managers can promote higher end products featuring coverage on a broad range of topics and perspectives such as brand communication mobile commerce and multichannel retailing this publication is ideally designed for managers academicians and researchers seeking current material on effectively promoting more expensive merchandise using technology

Management Strategies for Probation in an Era of Limits 1982 this groundbreaking book presents a definitive look at the history of crime prevention strategies and policies in the united states it analyzes the failures of american crime prevention techniques and possible solutions our country might seek to reduce crime drugs and disorder in the future it looks at both sides of the crime prevention issue the failure of the current criminal justice system and the possibilities and advantages of citizen participation

in crime prevention programs and strategies it also addresses such key issues and dilemmas as our perception of crime through the media and school crime

Urban Ecosystem Justice 2022 one of the most significant contemporary lessons from development work around the world is that national judicial systems and access to them are of critical importance in the struggle against poverty contending that legal strategies play an important role in protection of human rights this book discusses important global issues related to human rights including human justice and security it examines institutional strategies that aim at accelerating human justice delivery and securing civil political socio economic and cultural rights the work also puts in perspective a number of practical recommendations for justice programming and development establishing the essential link between poverty reduction and justice programming it clarifies conceptual issues related to justice from the perspective of the weak and marginalized the essays in the volume address crucial issues such as practical and effective strategies for securing access to justice for the poor and means for evaluating justice programming from a results based perspective further it focuses on the interplay between poverty good governance and accountability instrumental in realizing the millennium development goals and ensuring participation and non discrimination in developmental decision making addressing important issues such as access to justice in plural legal systems public interest litigation the effects of globalization and denial of women s rights the book examines judicial reform initiatives

Doing Justice In Wartime 2022-06-09 smart decarceration is a forward thinking practical volume that provides innovative concepts and concrete strategies for ushering in an era of decarceration a proactive and effective undoing of the era of mass incarceration the text grapples with tough questions and takes up the challenge of transforming america s approach to criminal justice in the 21st century the primary purpose of this book is to inform both academic and public understanding to place the challenge of smart decarceration at the center of the current national discourse taking into account the realities of the current sociopolitical context and to propose beginning action steps this is achieved by first outlining and addressing questions such as what if incarceration were not an option for most whose voices are essential in this era of decarceration what is the state of evidence for solutions how do we generate and adopt empirically driven reforms how do we redefine and rethink justice in the united states smart decarceration offers a way forward in building a field of decarceration through provocative but reasoned challenges to existing approaches to criminal justice reforms lively focus on potential solutions and action steps for meaningful change book jacket

Justice & Ideology 1989 this volume addresses major issues and research in corrections and sentencing with the goal of using previous research and findings as a platform for recommendations about future research evaluation and policy the last several decades witnessed major policy changes in sentencing and corrections in the united states as well as considerable research to identify the most effective strategies for addressing criminal behavior these efforts included changes in sentencing that eliminated parole and imposed draconian sentences for violent and drug crimes the federal government followed by most states implemented sentencing guidelines that greatly reduced the discretion of the courts to impose sentences the results were a multifold increase in the numbers of individuals in jails and prisons and on community supervision increases that have only recently crested there were also efforts to engage prosecutors and the courts in diversion and oversight including the development of prosecutorial diversion programs as well as a variety of specialty courts penal reform has included efforts to understand the transitions from prison to the community including federal led efforts focused on reentry programming community corrections reforms have ranged from increased surveillance through drug testing electronic monitoring and in some cases judicial

oversight to rehabilitative efforts driven by risk and needs assessment more recently the focus has included pretrial reform to reduce the number of people held in jail pending trial efforts that have brought attention to the use of bail and its disproportionate impact on people of color and the poor this collection of chapters from leading researchers addresses a wide array of the latest research in the field a unique approach featuring responses to the original essays by active researchers spurs discussion and provides a foundation for developing directions for future research and policymaking

The Community Justice Ideal 1999-08-12 behaviour report by f bailleau and g garioud
