The Neuropsychology of Women 2008-12-19 the diversity in clinical neuropsychology series is designed to highlight cultural and moderator variables involved in the study of brain behavior relationships historically the study of psychology and neuropsychology has focused on the male brain being the standard to which all or most variables are considered the study of sex differences is perhaps the most provoking and far reaching aspect of diversity because frequently women have unique assessment and treatment needs for example frontal lobe functioning tends to be more contextual for women than for men these brain functions have behavioral counterparts that directly relate to how interventions may be tailor made to suit the female rather than male patient the goal in neuropsychology is always to improve diagnosis and treatment outcomes and a cohesive summary of the neuropsychology of the female brain would raise awareness and cultural competency of clinicians in neuropsychology authors will focus on sex differences in the neuropsychological cognitive and development literature ethnic and socioeconomic variables affecting diagnosis and treatment of women and social emotional and behavioral manifestations of neuropsychological sex differences

Postgraduate Orthopaedics 2017-01-26 providing core orthopaedic knowledge tactics and pre exam planning this is the definitive guide to the frcs tr orth examination

Williams' Cincinnati (Hamilton County, Ohio) City Directory 1874 another title in gmm s highly successful qbase series this time focusing on the primary frca fellowship of the royal college of anaesthetists with sets of examination papers the candidate can use to revise and practice their mcq technique as always the self learning experience is greatly enhanced by the free cd rom containing the qbase examination software this powerful program allows the user to sit the pre set exams as printed in the book or to create their own exams using questions drawn from the total pool available on the cd rom the program can either generate these exams randomly maintaining the same proportions of each subject as the pre set exams or the user can select any number of questions in any subject area to create their very own exam however the user chooses to set an exam they can then mark analyse and store each attempt and review and re sit the same exam at a later date comparing their scores with previous attempts when re sitting an exam the user can also choose to shuffle the question stems a e so that they cannot simply remember patterns of true and false answers a final unique aspect of the program is that it allows the user to select how confident they are of their answer and the program can then provide feedback on a user s guessing strategy

Williams' Cincinnati Directory, City Guide and Business Mirror 1919 written specifically for the new examination format this new book is an essential tool for all those preparing for the final frca exam for easy access to key topics a revision index is provided
