the world we live in is built on the law of exchange this law of exchange simply means that anything of value can be created or brought into existence if you have the right things to exchange for it we can understand this principle from a commerce perspective where we exchange money for a product or service we measure the value of a thing by the amount of money we pay to receive that product or service we can exchange everything we desire for something god has freely given to another person what you will learn in this book will effectively erase the need to envy anyone you will know how to get whatever you desire especially what god desires for you are you ready for it it is true that what god cannot do does not exist but this book was written as a road map to show you how to engage the power of god so your life can operate at a supernatural level having an active and genuine faith in god yourself and others will drastically elevate your life imagine what you could do if you truly believed that every of god s promises in his word had your name on them before you are finished reading this book your response to every of god s promises to you will be it can be done
