this book represents a new direction in the study of religion and marriage by using a postmodern theoretical framework focusing on gendered discourse and culture to examine the meaning of sacred marriage within social contexts drawing upon data from in depth interviews of couples in long term sacred marriages living in the american midwest together with an analysis of christian marriage advice manuals sacred marriages explores how couples use religious and nonreligious discourses and cultures to give their marriages meaning and how those sacred meanings are used in their daily lives and the spaces that they embody the study shows how religious and secular beliefs are combined to formulate cultural strategies for approaching the sacralization of marriage and how religious and nonreligious discourses and cultures are ordered depending on circumstances and social contexts this often results in other relationships being subordinated in favour of the sacred bond believed to exist between husband and wife the book argues that sacred marriage is a malleable concept as people bend religious culture to form new and altered sacred marriages during emotional extremes a thoughtful examination of long term christian marriages this volume will appeal to scholars of religion and sociology with interests in marriage and the family more romantic than ever sure you could buy some roses yes you could cook an elegant romantic dinner of course you could give a heart shaped box of chocolates but sometimes you want to do more than that sometimes you want to show just how much you really care how much passion you really feel and how much more your partner means to you than absolutely anything else packed with unique suggestions easy gestures and thoughtful gift ideas 1001 ways to be romantic is worth memorizing boston herald more than one and a half million people have used this book to kick up the fun and romance making it a modern classic and 1 national bestseller it s a must have for anyone in any relationship who wants to spark some more love in their lives you ll find little things you can do every day big ideas for when you want to go all out how to be romantic without spending a dime how to really go to town when money is no object tons of resources including websites online shopping places to go music movies and much much more joe gumm knows how to please his wife but that s only because he learned the hard way by doing lots of stupid things first now he s giving men funny and poignant ideas to keep them out of
