standards rtca May 05 2024

rtca produces minimum performance standards and guidance materials that are requested by the faa and become a partial basis of faa regulations for aviation systems and equipage they are produced by committees of volunteers representing the interested and relevant stakeholders

ac 21 16g rtca document do 160 versions d e and f Apr 04 2024

appendix 1 of this ac provides a summary of the changes from rtca do 160c to rtca do 160d version d to e version e to f and f to g the information in the table will assist you in determining if a particular version of rtca do 160 is acceptable

rtca do 196 minimum operational performance standards for Mar 03 2024

rtca do 196 minimum operational performance standards for airborne vor receiving equipment operating within the radio frequency range of 108 117 95 mhz

list of available documents radio technical commission for Feb 02 2024

rtca s objectives include but are not limited to coalescing aviation system user and provider technical requirements knowledge and practices in a manner that helps government and industry meet their mutual objectives and responsibilities

rtca do 196 1986 sai global Jan 01 2024

covers operational goals and applications and gives recommendations for test procedures and standards for airborne vhf omnirange vor receiving equipment

product details community hub my rtca org Nov 30 2023

document title do 196 minimum operational performance standards for airborne vor receiving equipment operating within the radio frequency range of 108 117 95 mhz description sets forth operational goals and applications and recommends standards and test procedures for airborne vhf omnirange vor receiving equipment

an arn 147 v vor ils gs mb receiver system compact Oct 30 2023

ecognized worldwide as a value added solution on multiple military platforms originally designated as the standard vor ils receiver for the united states air force the an arn 147 v quickly gained acceptance by many military users around the world and is installed on a multitude of platfo
