An Introduction to European Law 2020-07

offering the most thought provoking introduction to eu law written in a highly readable narrative style the book provides students with a succinct yet sophisticated analysis of the core aspects of the subject while also equipping them with the tools for further exploration figures and tables clarify complex ideas and processes and a guide to finding and reading eu judgments offers valuable practical support this carefully structured guide brings clarity to a broad and multifaceted subject

The Transformation of EU Geographical Indications Law 2021-05-25

linking traditional and local products to a specific area is increasingly felt as a necessity in a globalised market and geographical indications gis are emerging as a multifunctional tool capable of performing this and many other functions this book analyses the evolving nature of eu sui generis gis by focusing on their key element the origin link and concludes that the history of the product in the broad sense has become a major factor to prove the link between a good and a specific place for the first time this area of intellectual property law is investigated from three different although interrelated perspectives the history and comparative assessment of the systems of protection of indications of geographical origin adopted in the european jurisdictions from the beginning of the 20th century the empirical analysis of the trends emerging from the practice of eugis and the policy debates surrounding them and their importance for the fulfilment of the general goals of the eu common agricultural policy the result is an innovative and rounded analysis of the very nature of the eu law of gis that starting from its past investigates the present and the likely future of this intellectual property right this book provides an interesting and innovative contribution to the field and will be of interest to gi scholars and intellectual property students as well as anyone willing to gain a better understanding of this compelling area of law

Establishing the Supremacy of European Law 2003

this casebook deals with the horizontal effects of eu law which is to say its effects on relationships between individuals to a large extent these effects have been created by the court of justice of the european union cjeu on the basis of the european treaties the main focus of the casebook is on the developments relating to primary eu law and their influence on national private law it studies instances where eu primary law has already directly or indirectly influenced the case law in the member states or where it is expected to do so soon compared to the well known impact of eu directives on private law these developments concerning primary eu law are hardly noted by private lawyers and perhaps not sufficiently explained by scholars of eu law therefore the book makes an important contribution to scholarship and education this book highlights developments in the areas of competition law fundamental freedoms non discrimination general principles of eu law ex officio application of provisions of eu law and implementation of directives including harmonious interpretation and francovich liability in its analysis of the ways in which eu law interacts with private law the book will be an invaluable resource to students practitioners and academics of eu private law

Cases, Materials and Text on European Law and Private Law 2017-03-09

warwick university s interest in german law has been strengthened by its partnership with the law faculty of the university of giessen in the federal republic in 1986 the staff of these two faculties have met bi annually since the link was made this collection of essays is the product of one of these meetings as the title of this book suggests the general theme of this meeting was challenges to european legal scholarship subjects debated included community law domestic issues and other legal systems this book will be of interest to academics and students of ec law and european legal scholarship

European Law 198?

written with exceptional clarity and fully updated from the first edition the second edition of european constitutional law constitutes a classic textbook for students and practitioners of european law using a clear structural framework the text guides readers through all of the core constitutional topics of eu law extracts from classic case law are complemented with extensive and critical discussion of the theoretical and practical aspects of the european union and its law leading students as a deep

understanding of the subject chapters are enriched with more than fifty colour figures and tables which clarify complex topics and illustrate relationships and processes new suggestions for further reading direct students to significant pieces of academic literature for deeper self study and a companion website with full lisbonised versions of the cases cited in the text completes the learning package

Challenges to European Legal Scholarship 1996

despite their many obvious interconnections eu and international law are all too often studied and practised in different spheres while it is natural for each to insist on its own unique characteristics and in particular for the eu to emphasise its sui generis nature important insights might be lost because of this exclusionary approach this book aims to break through some of those barriers and to show how more interaction between the two spheres might be encouraged in so doing it offers a constitutional dimension but also a substantive one identifying policy areas where eu and international law and their respective actors work alongside each other offering a 360 degree view on both eu and international institutional and substantive law this collection presents a refreshing perspective on a longstanding issue

European Constitutional Law 2015-11-26

this book argues that the european social model can only be sustained in the current economic crisis if social and employment policies are adequately recognised as integral parts of european economic policy making the contributing authors investigate

The Interface Between EU and International Law 2020-12-17

subsidiarity as a principle in favour of decentralised decision making is a cornerstone of the very legal construction of the eu yet the question of how decision making powers should be distributed between the eu and the member states is not or only to a minimal extent answered in article 5 3 of the treaty on european union teu this collection draws on social science disciplines to go beyond a purely legal analysis to provide clarity over this principle as applied with the help of theoretical exploration and empirical case studies the contributors identify significant variation in the implementation of the subsidiarity concept by tracing the precise location of political authority at different levels of european governance they examine the pressures for effective decision making despite the changing policy preferences of governments

Establishing the Supremacy of European Law 2006

the sweeping changes brought about in 2017 to practice and procedures in european union trade mark law have precipitated a new edition of this much relied upon guide to the field this is the first book to provide comprehensive guidance to the new eu trade mark regulation including full details on all aspects of substance and procedure as well as to the new trade mark directive this new and significantly expanded edition which builds on the two previous editions of the concise european trade mark and design law includes the full texts of the new implementing and delegated acts available in no other book as well as a collection of other texts that are needed in daily practice such as excerpts from the rules of procedure of the general court the paris convention the madrid protocol and the nice agreement the nice classification the trips agreement and the directive on enforcement of ip rights providing a complete commentary and a full set of the legal provisions that must be dealt with on a daily basis obviating recourse to other sources this new edition will be welcomed by anyone with an interest in the law and practice of trade marks in the european union

The Sustainability of the European Social Model 2015-06-29

traditionally european law is important for public law however it is also increasingly important for private law that is to say the legal relationships between individuals european law and national private law addresses and analyses the various sources of european law in hierarchical order namely the treaty on the functioning of the european union the general principles of eu law eu directives and eu regulations as well as the influence of fundamental rights both the echr and the eu charter on private law the nature of each source of law and its significance for and influence on the general part of national private law is discussed particular attention is devoted to the review of national private law legislation in the light of european legislation that has direct effect direct and indirect effect of european law on legal relationships between individuals ex officio application of european law by the

national courts and interpretation issues arising as a result of the interaction between european law and national law further comparisons are drawn between the different sources of law the book then concludes with a detailed overview of european directives that are of particular relevance for general private law european law and national private law provides a concise introduction to the influence of eu law and the echr on legal relationships between individuals a must read for every lawyer

Collected Courses of the Academy of European Law - Recueil des Cours de l'Academie de Droit Europeen:Vol. I, Bk. 1:1990 Community Law 1991-12-18

the european union and european identity were until recently the objects of separate branches of scholarship and inquiry with the entry of central and eastern european members into the eu it has become clear that the future of the european union can no longer be considered in isolation from the future of european identity taking jürgen habermas s plea for a european constitution and a normative foundation for the european union as its starting point this volume brings together the ideas of distinguished scholars in philosophy political science sociology history law and theology in order to address the shifting relationship between constitutionality political culture history and collective identity the book argues that the future shape of europe will not only result from external processes of globalisation but from the interaction between these social spheres within europe

The Common European Law of Torts 1998

Varieties of European Subsidiarity 2021-02-22

this clearly written and comprehensive text by two leading scholars of european intellectual property law is extremely adaptable it is a perfect platform for classroom teaching and is also a fine resource for those researching in what is becoming an increasingly complex field graeme b dinwoodie university of oxford uk this hybrid volume part commentary part primary sources with questions to stimulate further thinking serves both as a teaching tool and as a manual for lawyers who seek a comprehensive overview of eu intellectual property law the book aims at a generalist legal audience with very a helpful précis of international law including the major multilateral treaties as well as a summary of the eu legal framework that non europeans will find highly useful the authors explore the full range of traditional and emerging ip rights they also provide in depth analysis of remedies and of the international private law issues that increasingly arise in contemporary complex ip litigation jane ginsburg columbia law school us the first of its kind this textbook has been carefully designed to give students and non specialist practitioners a clear understanding of the fundamentals of european intellectual property law providing a comprehensive overview of both community ip rights and areas of ip law that have been harmonised and supported by judicious use of extracts from the most significant source material the book assists the reader in navigating through the increasingly complex european ip system european intellectual property law deals with european patent trade mark and copyright law copyright as well as with adjacent areas such as protection of plant varieties geographical indications industrial design competition law enforcement and private international law with a focus on the most relevant case law to be found in those areas key features written by two of the leading authorities in european ip law concise and readable style extracts from key source material questions designed to stimulate thinking around legal problems coverage of related areas adjacent to ip offers an overview on international ip protection and the interrelation between european law and ip law in general this detailed book is designed for all courses on european intellectual property whether basic or advanced as well as for practitioners

looking for a comprehensive and concise overview on the structure and content of european ip law

Concise European Trade Mark Law 2018-09-25

following the conclusion of the latest round of reforms to the common agricultural policy cap in 2013 the research handbook on eu agriculture law provides an up to date discussion of these reforms and the changing landscape in which the cap now operates adopting an interdisciplinary approach and with international contributors from across europe and the united states the handbook commences with analyses of the legal instruments which implement the reformed cap before moving on to consider questions of land use the role of agriculture within the wider food chain and the international dimension in these contexts particular issues identified include the environmental impact of past present and future farming practices the ability of the food chain to accommodate consumer preferences and scientific innovation and the hurdles to be cleared before international consensus can be reached on a whole range of agricultural imperatives as well as providing a state of the art point of reference for academics this comprehensive book will be of great interest to students scholars and policymakers dealing with these new challenges faced by agriculture in the eu

European Law and National Private Law 2016

in recent years food law has taken on an increasingly prominent role in political discourse with calls for a more sustainable food system challenging the legal status quo a thorough legal perspective is thus indispensable for grasping the complexities of the eu food system and political quests for change in the first monograph of its kind hanna schebesta and kai purnhagen offer an authoritative and comprehensive overview of eu food legislation drawing on the authors experience researching and teaching in the field eu food law explores how political paradigms have shaped the development of laws in a variety of domains including food technology food safety food information food quality nutrition and sustainability the book begins with insightful analyses of the historical foundations of eu food law and two existing umbrella frameworks the general food law regulation and the official controls regulation the book then presents an in depth discussion of the food law acquis before contextualising eu law against international food law schebesta and purnhagen have created the definitive resource on eu food law offering a balanced treatment of the subject across eighteen carefully structured chapters this volume is essential reading for students academics and practitioners alike

The Shape of the New Europe 2006-11-23

spatial models have been in existence in the environmental and social sciences for a long time more recently specialised software for the capture manipulation and presentation of spatial data which can be referred to as geographical information systems gis have vastly increased the range of possibilities of organising spatial data by new and efficient ways of spatial integration and spatial interpolation coupled with the improvements in data availability and increases in computer memory and speed these novel techniques give rise to new types of spatial models which exploit the technological potential now available make better use of existing data stimulate the collection of new data and open up new ways of working with geographic information this book explores the potential and impact of gis on spatial modelling

Yearbook of European Law 2010 2011-01-30

this volume is for students and scholars of intellectual property law practitioners seeking creative arguments from across the field and policymakers searching for solutions to changing social and technological issues the book explores the tensions between two fundamentally competing demands made of ip law

European Intellectual Property Law 2013-01-01

for some time now there has been conflict concerning the role in the global marketplace of certain agricultural or handcrafted products of specific geographical origin whether they should come under trademark law as favoured by common law countries such as the united states or under the geographical indications gi system developed in france and subsequently promoted by the european union eu at this moment china is in the eye of the storm taking fully into account the legislative and judicial gaps in china s compromised embrace of the gi concept this book shows how the chinese case brings to prominence fundamental issues relating to the functional dissimilarity between trademarks

and gis the treatment of the terroir concept the role of gis in rural development and the challenges of adopting the french and european model in other countries especially in east asia providing detailed information on how gis are registered protected and managed in china france and the eu the book includes such practical analysis as the following comparison between the chinese and european gi systems to highlight differences in essential elements for gi registration and protection mistakes and errors arising from forcing the gi function into trademark law the increasingly larger scope of eu gi protection protection of collective marks containing gis and the extension of gi protection to handicrafts who is responsible for the protection of each registered name and who can sue for infringement and legislative options for future gi protection in china recognizing not only that gis protect consumers against fraud and producers against unfair competition but also that the goals include the preservation of rural development cultural heritage and traditional knowledge as well as environmental and ecological protection this book provides a comprehensive reference on legal tools available for policymakers legal practitioners researchers and local producers concerned with gi or trademark issues in china france or the eu it will prove greatly helpful to corporate lawyers filing international registration applications and taking legal action it will also be of inestimable value to officials in a variety of countries that are considering developing or improving systems to enhance the value of terroir products and to academics interested in intellectual property law trademark law agriculture policy gi legislation or world trade organization wto rules

Research Handbook on EU Agriculture Law 2015-11-27

the european union and the us are currently negotiating the transatlantic trade and investment partnership ttip with potentially enormous economic gains for both partners experts from the european union and the us explore not only the groundwork laid for ttip under the new transatlanticism but also the key variables economic cultural institutional and political shaping transatlantic policy outcomes divided into four parts part i consisting of three chapters contextualizes the transatlantic relationship with an historical survey contemporary foreign relations and policy and cultural dynamics together these chapters provide the background for understanding the evolving nature of the eu us relationship part ii of this volume focuses on governance and comprises two chapters one on transatlantic governance and the other administrative culture part iii consists of six policy chapters competition trade transport mobility regimes financial services regulation and gmos part iv consisting of three chapters explores prospects and challenges associated with transatlanticism including the ttip the last chapter concludes with lessons learned and future challenges with respect to policy convergence the nature of the eu us relationship power resources and bargaining within the transatlantic partnership and an assessment of the future of deeper cooperation and integration this insightful account into policy cooperation between the eu and the us is a welcomed resource for policy specialists oriented toward comparative public policy wishing to enter the arena of transatlantic studies

EU Food Law 2024-07-09

The New and Changing Transatlanticism 2015-03-24

for georgia the signing of the association agreement and the dcfta with the european union in 2014 was an act of strategic geopolitical significance of all the eu s eastern partners the country distinguished itself since the rose revolution of 2003 by pushing ahead with a radical liberalisation and economic reform agenda georgia is unique among the countries in the region for having largely cleansed its economy of corruption in the post rose revolution period although its political system is marked by oligarchal state capture since the change of government in 2012 the purpose of this handbook is to make the complex political economic and legal content of the association agreement readily understandable this third edition published seven years since signature of after entry into force of the agreement s implementation is substantially new in content both updating how georgia has been implementing the agreement and introducing new dimensions including the green deal the covid 19 pandemic cyber security and gender equality the handbook is also up to date in analysing georgia s troubled democracy two teams of researchers from leading independent think tanks cepts in brussels and reformatics in tbilisi collaborated on this project with the support of the swedish international development agency sida this handbook is one of a trilogy examining similar association agreements made by the eu with ukraine and moldova

Developments and Directions in Intellectual Property Law 2023-05-24

this book explores the concept of academic freedom from a european vantage point drawing on both philosophical and legal perspectives the editors and contributors analyse the concept of academic freedom within the present institutional setting academic freedom has long been considered a natural part of higher education but as the world enters the digital age a renewed understanding of its role and the threats it must face is required the authors question the purpose of science without freedom and subsequently the purpose of political communities without free science although the book uses european case studies to answer these questions it undoubtedly has global relevance what would be left of the present notion of the global world were we to conceive of its character without modern science this book calls for a critical re examination of the academic community and its own understanding of the sources conditions and aims of scientific practice

The Importance of Place: Geographical Indications as a Tool for Local and Regional Development 2017-03-27

this volume focuses on the procedures for determining the geographical indicator labels for globally traded goods in the asia pacific region the book is also available as open access

The Global Community Yearbook of International Law and Jurisprudence 2020 2021-12-17

this book contributes to the literature on geographical indications gis by providing key theoretical reflections from a five year review process on the potential of gis for agri food products in southern africa the contributors reflect on diverse gi processes and dynamics which operate at the local national and international levels thus enriching the understanding of gi dynamics and of the variety of policy options available for gi protection in southern countries following a discussion of the legal framework and governance of national gi schemes in southern countries the book emphasizes the main dimensions underlying the development of gis and their potential for enhancing sustainable rural development and market access in particular this provides the structure for the chapters that build on the different experiences of southern african industries that have embarked on gi strategies the book includes chapters on designing an appropriate legal framework and governance system for the development of gis in southern countries

Routledge Handbook of European Politics 2014-12-17

this book focuses on a review of how sixty years of case law and regulatory activity transformed the european continent and the world it provides a critical analysis of the key features of eu integration and how this integration is perceived internally and externally in this context this book also explores the eu s interactions with a number of other countries and organisations with the objective of assessing the eu s role in global governance

Deepening EU-Georgian Relations 2021-09-07

the present book examines both theoretical and practical aspects of the law on indications of geographical origin igos within the framework of european union eu law pursuing four distinct yet mutually related aims first it discusses theoretical issues of the law on igos including its historical foundations terminology principles of regulation legal subjectivity protection models and loss of protection second it covers the eu law on igos from a systematic point of view particularly the systematic review of the eu law on igos includes an in depth analysis of and commentary on the relevant and applicable regulations third it examines current legislative initiatives and further development options for the eu law on igos finally it reveals the interrelation of the eu law on one hand and the national laws of eu member states on the other with regard to igos focusing on harmonized and non harmonized areas of law

Academic Freedom in the European Context 2023-02-27

the participation of the european community and the member states in the international climate change regimes is a complex issue in the case of the kyoto protocol this is rendered more complicated by the fact that for the purposes of article 4 of the kyoto protocol the membership of the european community and member states is frozen at a particular point in time the result of this is that under international law the european community and a part of the member states eu15 have agreed to jointly fulfil some of those obligations whereas under community law all member states share a certain degree of responsibility to meet the obligations created by the kyoto protocol this book analyses in great detail the kyoto protocol and its obligations as well as the discrepancies between international law and community law in that regard the book is a useful tool for academics practitioners consultants and all stakeholders operating in the field of environmental law and climate change leonardo massai is a legal expert and lecturer in international and eu environmental law and climate change

Geographical Indications at the Crossroads of Trade, Development, and Culture 2017-06-16

this timely book provides the first legal and policy analysis of the intellectual property ip aspects of a rapidly growing category of regulatory measures affecting the presentation and advertising of certain health related goods namely tobacco alcohol food and pharmaceuticals

Developing Geographical Indications in the South 2013-05-17

this research deals with the increasingly complex issues of waste generation waste management and waste disposal that in less developed industrialised countries present diverse but critical concerns it takes a socio economic and policy oriented perspective and provides empirical evidence at eu and regional level the eu and italy are taken as relevant case studies given the disparities in environmental performances between less and more developed areas the rich and various empirical evidence shows that a robust delinking between waste generation and economic growth is still not present thus future policies should directly address the problem at the source by targeting waste generation in eu countries some structural factors like population density and urbanisation present themselves as relevant drivers of both waste management and landfill diversion nevertheless economic and structural factors alone are not sufficient to improve waste performances though waste policies are to be redesigned by covering the entire area of waste management some first signals of policy effectiveness are arising this work will be of most interest to those students of environmental economics and environmental sciences as well as policy makers waste utility managers and companies in the waste management sector

Sixty Years of European Integration and Global Power Shifts 2020-02-06

the trips agreement for trade related intellectual property rights provides for the general protection of geographical indications gis of product origin including for example the special protection of wines and spirits and for the creation of a multilateral register for wines the african group of countries has been in the forefront of countries agitating in the world trade organization trips council for the extension of this special protection and of the multilateral register to industries which are of interest to developing countries primarily agriculture the so called extension question is the central feature of the doha development agenda at both the wto and world intellectual property organization star wars cookbook bb ate

some empirical evidence and applied legal and economic reasoning to this debate it provides both a general review of the key issues and a series of case studies from six anglophone and four francophone countries in africa these focus on major agricultural commodities such as coffee cotton cocoa and tea as well as more specific and local products such as argan oil and oku white honey

EU Law on Indications of Geographical Origin 2014-07-03

today few texts offer a comprehensive overview of geographic information systems gis the literature common in academic circles is highly technical and pays little attention to the role gis plays as a tool in the planning and shaping of society and the world around us the contributors to this book feel strongly about the potential inherent in the concepts and methodologies that make up a gis similarly the contributors are aware of the limitations of the uniformly technical and structural approach that dominates discussions about gis in many professional circles this book is a guide and an educational easy to understand journey that introduces the concepts and methodologies that lie behind today s gis it makes gis both more familiar and more relevant to a far broader section of the professional circles which plan organize and shape our surroundings

The Kyoto Protocol in the EU 2011-05-04

derived from presentations made at the fourth annual uk national conference on gis research this work consists of contributions by leading experts in geography mathematics computing science surveying archaeology planning and medicine
