New York Magazine 2019-05-31 a resurgence of trinitarian interest gained momentum in the twentieth century and it is showing little sign of abating in the twenty first century this research endeavors to critically evaluate miroslav volf's ecclesial model for the church as the image of the trinity one that he presents with the english title after our likeness volf proposes a social doctrine of the trinity one that is heavily influenced by the theological writings of jurgen moltmann and he puts forward that this nonhierarchical trinity should be reflected in the structures and theology of the church if volf is correct then a radical reshaping is needed for the church to conform to an egalitarian pattern one that is after the likeness gen 1 26 of an egalitarian god in this critical examination kevin j bidwell begins by stating the theological influences that are pertinent to volf's thesis in after our likeness and the assumptions that undergird and inform his whole theological paradigm an important theological excursus is offered to assess the theology of john smyth the first english baptist who is volf's representative figure for the location of his own ecclesiology the free church a critical analysis follows of volf's engagement with his two chosen dialogue partners who represent both western and eastern theological traditions joseph ratzinger and john d zizioulas volf presents five theses for the church as the image of the trinity which could be labeled as volf's free church in the image of volf's revised doctrine of the trinity this monograph offers extensive insight into the contemporary debate on the doctrine of the trinity but it also assesses many aspects of ecclesiology from both eastern and western perspectives

Progressive English Exercises in Analysis, Composition and Spelling by the Use of Symbols 2014-07-01 parenting in england is the first study of the world of parenting in late georgian england the author joanne bailey traces ideas about parenthood in a christian society that was responding to new cultural trends of sensibility romanticism and domesticity along with enlightenment ideas about childhood and self all these shaped how people from the poor to the genteel thought about themselves as parents and remembered their own parents with meticulous attention to detail bailey illuminates the range of intense emotions provoked by parenthood by investigating a rich array of sources from memoirs and correspondence to advice literature fiction and court records to prints engravings and ballads parenting was also a profoundly embodied experience and the book captures the effort labour and hard work it entailed such parental investment meant that the experience was fundamental to the forging of national familial and personal identities it also needed more than two parents and this book uncovers the hitherto hidden world of shared parenting at all levels of society household and kinship ties were drawn upon to lighten the labours of parenting by revealing these emotional and material parental worlds what emerges is the centrality of parenthood to mental and physical well being reputation public and personal identities and to transmitting prized values across generations yet being a parent was a contingent experience adapting from hour to hour year to year and child to

child it was at once precarious as children and parents succumbed to fatal diseases and accidents yet it was also enduring because parent child relationships were not ended by death lost children and parents lived on in memory
