we are extremely pleased to present a comprehensive book comprising a collection of research papers which is basically an outcome of the second ifip tc 13 6 working group conference on human work interaction design hwid2009 the conference was held in pune india during october 7 8 2009 it was hosted by the centre for development of advanced computing india and jointly organized with copenhagen business school denmark aarhus university denmark and indian institute of technology guwahati india the theme of hwid2009 was usability in social cultural and organizational contexts the conference was held under the auspices of ifip tc 13 on human computer interaction 1 technical committee tc13 on human computer interaction the committees under ifip include the technical committee tc13 on human computer interaction within which the work of this volume has been conducted tc13 on human computer interaction has as its aim to encourage theoretical and empirical human science research to promote the design and evaluation of human oriented ict within tc13 there are different working groups concerned with different aspects of human computer interaction the flagship event of tc13 is the bi annual international conference called interact at which both invited and contributed papers are presented contributed papers are rigorously refereed and the rejection rate is high

## **Human Work Interaction Design: Usability in Social, Cultural and Organizational Contexts 2010-03-10**

living theory is a way of making use of personal accounts of experienced practice as the pac man perspective on organisational change helps the change agent articulate the personal values he is committed to and how these values may be resisted in practice living theory is useful for developing knowledge that has a practical impact on self improvement and social change but it is also a type of theory that is difficult to publish in academic outlets as a consequence of this publishing pac man living theory research becomes a pac man game in itself with the journal editors as one of the four adversary gatekeepers but it is a rewarding game for those who want to contribute both theoretically and practically on how to make the world a better place
