Mao: The Unknown Story 2012-09-30

the most authoritative life of mao ever written by the bestselling author of wild swans jung chang and her husband historian jon halliday based on a decade of research and on interviews with many of mao s close circle in china who have never talked before and with virtually everyone outside china who had significant dealings with him this is the most authoritative life of mao ever written it is full of startling revelations exploding the myth of the long march and showing a completely unknown mao he was not driven by idealism or ideology his intimate and intricate relationship with stalin went back to the 1920s ultimately bringing him to power he welcomed japanese occupation of much of china and he schemed poisoned and blackmailed to get his way after mao conquered china in 1949 his secret goal was to dominate the world in chasing this dream he caused the deaths of 38 million people in the greatest famine in history in all well over 70 million chinese perished under mao s rule in peacetime combining meticulous history with the story telling style of wild swans this biography makes immediate mao s roller coaster life as he intrigued and fought every step of the way to force through his unpopular decisions mao s character and the enormity of his behaviour towards his wives mistresses and children are unveiled for the first time this is an entirely fresh look at mao in both content and approach it will astonish historians and the general reader alike this a bombshell of a book chris patten the times the first great political biography of the twenty first century spectator

Was Mao Really a Monster? 2013-09-13

mao the unknown story by jung chang and jon halliday was published in 2005 to a great fanfare the book portrays mao as a monster equal to or worse than hitler and stalin and a fool who won power by native cunning and ruled by terror it received a rapturous welcome from reviewers in the popular press and rocketed to the top of the worldwide bestseller list few works on china by writers in the west have achieved its impact reviews by serious china scholars however tended to take a different view most were sharply critical questioning its authority and the authors methods arguing that chang and halliday s book is not a work of balanced scholarship as it purports to be but a highly selective and even polemical study that sets out to demonise mao this book brings together sixteen reviews of mao the unknown story all by internationally well regarded specialists in modern chinese history and published in relatively specialised scholarly journals taken together they demonstrate that chang and halliday s portrayal of mao is in many places woefully inaccurate while agreeing that mao had many faults and was responsible for some disastrous policies they conclude that a more balanced picture is needed

VOYAGE INTO THE UNKNOWN 3: BACK FROM THE FUTURE 2006-01-14

i slutningen af 1 verdenskrig indførte flere krigsførende lande et nyt hidtil ukendt ritual

kroppen af en anonym soldat død på slagmarken blev begravet i den ukendte soldats grav for at symbolisere den fælles sorg over slagmarkens voldsomme traumer ved at undersøge hvordan forskellige lande ofte med vidt forskellig politisk og kulturel baggrund har anvendt den ukendte soldat symbolsk hævder forfatteren at der er skabt en ny måde at udtrykke fælles national sorg på

the unknown odysseus is a study of how homer creates two versions of his hero one who is the triumphant protagonist of the revenge plot and another more subversive anonymous

figure whose various personae exemplify an entirely different set of assumptions about the world through which each hero moves and about the shape and meaning of human life separating the two perspectives allows us to see more clearly how the poem's dual focus can begin to explain some of the notorious difficulties readers have encountered in thinking about the odyssey in the unknown odysseus thomas van nortwick offers the most complete exploration to date of the implications of odysseus divided nature showing how it allows homer to explore the riddles of human identity in a profound way that is not usually recognized by studies focusing on only one real hero in the narrative this new perspective on the epic enriches the world of the poem in a way that will interest both general readers and classical scholars an elegant and lucid critical study that is also a good introduction to the poem david quint london review of books thomas van nortwick's eloquently written book will give the neophyte a clear interpretive path through the epic while reminding experienced readers why they should still care about the odyssey's unresolved interpretive cruxes the unknown odysseus is not merely accessible but a true pleasure to read lillian doherty university of maryland contributing to an important new perspective on understanding the epic thomas van nortwick wishes to resist the dominant even imperial narrative that tries so hard to trick beguile and even bully its listeners into accepting the inevitability of odysseus heroism victoria pedrick georgetown university thomas van nortwick is nathan a greenberg professor of classics at oberlin college and author of somewhere i have never travelled the second self and the hero's journey in ancient epic 1992 and oedipus the meaning of a masculine life 1998 jacket art head of odysseus from a sculptural group representing odysseus killing polyphemus in the museo archeologico

Mao 2010-08-24

ovid s homer examines the latin poet s engagement with the homeric poems throughout his career boyd offers detailed analysis of ovid s reading and reinterpretation of a range of homeric episodes and characters from both epics and demonstrates the pervasive presence of homer in ovid s work the resulting intertextuality articulated as a poetics of paternity or a poetics of desire is particularly marked in scenes that have a history of scholiastic interest or critical intervention ovid repeatedly asserts his mastery as homeric reader and critic through his creative response to alternative readings and in the process renews homeric

narrative for a sophisticated roman readership boyd offers new insight into the dynamics of a literary tradition illuminating a previously underappreciated aspect of ovidian intertextuality

The Technique of the Mystery Story 2017-11-07

the tale of a tormented creature created in a laboratory began on a rainy night in 1816 in the imagination of a nineteen year old mary wollstonecraft shelley since its publication two years later frankenstein or the modern prometheus has spread around the globe through every possible medium and variation frankenstein has not been out of print once in 200 years frankenstein has become an indelible part of popular culture and is shorthand for anything bizarre and human made for instance genetically modified crops are frankenfood conversely frankenstein s monster has also become a benign halloween favorite yet for all its long history frankenstein s central premise that science not magic or god can create a

living being and thus these creators must answer for their actions as humans not gods is most relevant today as scientists approach creating synthetic life in its popular and cultural weight and its expression of the ethical issues raised by the advance of science physicist sidney perkowitz and film expert eddy von muller have brought together scholars and scientists artists and directions including mel brooks to celebrate and examine mary shelley s marvelous creation and its legacy as the monster moves into his next century
