with a fresh perspective authentically orthodox a tradition bound faith in american life challenges the current historical paradigm in the study of orthodox judaism and other tradition bound faith communities in the united states paying attention to lived religion the book moves beyond sermons and synagogues and examines the webs of experiences mediated by any number of american cultural forces with exceptional writing zev eleff lucidly explores orthodox judaism s engagement with jewish law youth culture and gender and how this religious group has been affected by its indigenous environs to do this the book makes ample use of archives and other previously unpublished primary sources eleff explores the curious history of passover peanut oil and the folkways and foodways that battled in this culinary arena to both justify and rebuff the validity of this healthier substitute for other fatty ingredients he looks at the yeshiva university quiz team s fifteen minutes of fame on the nationally televised college bowl program and the unprecedented pride of young people and youth culture in the burgeoning modern orthodox movement another chapter focuses on the advent of women s prayer groups as an alternative to other synagogue experiences in orthodox life and the vociferous opposition it received on the grounds that it was motivated by heretical religious and social movements whereas past monographs and articles argue that these communities have moved right toward a conservative brand of faith eleff posits that

orthodox judaism like other like minded religious enclaves ought to be studied in their american religious contexts the microhistories examined in authentically orthodox are some of the most exciting and understudied moments in american jewish life and will hold the interest of scholars and students of american jewish history and religion

female gladiators is the first book to examine legal and social battles over the right of women to participate with men in contact sports the impetus to begin legal proceedings was the 1972 enactment of title ix which prohibited discrimination in educational settings but it was the equal protection clause of the u s constitution and the equal rights amendments of state constitutions that ultimately opened doors despite court rulings however many in american society resisted and continue to resist allowing girls in dugouts and other spaces traditionally defined as male territories inspired women and girls began to demand access to the contact sports which society had previously deemed too strenuous or violent for them to play when the leagues continued to bar girls simply because they were not boys the girls went to court sarah k fields s female gladiators is the only book to examine the legal and social battles over gender and contact sport that continue to rage today
