## **Histria: Ateliers céramiques par Maria Coja et Pierre Dupont**

1979

in modern times there have been studies of the roman republican institutions as a whole as well as in depth analyses of the senate the popular assemblies the tribunate of the plebs the aedileship the praetorship and the censorship however the consulship the highest magistracy of the roman republic has not received the same attention from scholars the purpose of this book is to analyse the tasks that consuls performed in the civil sphere during their term of office between the years 367 and 50 bc using the preserved ancient sources as its basis in short it is a study of the consuls at work both within and outside the city of rome in such varied fields as religion diplomacy legislation jurisdiction colonisation elections and day to day politics clearly and accessibly written it will provide an indispensable reference work for all scholars and students of the history of the roman republic

## **Histria: Les Thermes romains par Alexandru Suceveanu**

1982

this 1948 book provides a detailed study of the contribution of ancient societies to the development of geography both in terms of theory and practical discovery the text concentrates mainly on the perspectives of greece and rome but other historical periods and regions are given attention including ancient egypt and china
