extraordinary experiences of an army officer is a compilation of my personal experiences with palmistry and the inexplicable pronouncements that i have been making over the years most of these had turned into reality in very weird ways these have made me believe that there is some supernatural power which controls the universe and some or many of us humans who have strong connections with what is commonly called the sixth sense which prompts and guides us in our thought speech and sometimes actions for those who have not yet experienced such incidents in their lives these would seem extraordinary all of my extraordinary experiences as mentioned here in the book are absolutely true and real life events they are being presented with no dramatization in simple indian english though they all happened in real life some may sound quite far fetched especially the one in which i refused to vacate the coupe of a sitting central minister and maybe also the one in which i retrieved the liquor and cash from the corrupt railway officials on kk express
