canal ride a vespa through the umbrian countryside hear the resonant peal of ancient church bells sip espresso at sidewalk caffés and lose themselves in museum masterpieces that transcend time and space the seven senses of italy is a must read for the armchair traveler and romantic as well as those familiar with italy or planning their first trip expo 67 the world s fair held in montreal during the summer of 1967 brought architecture art design and technology together into a glittering modern package heralding the ideal city of the future to its visitors the expo site was perceived by critics as a laboratory for urban and architectural design as well as for cultural exchange intended to enhance global understanding and international cooperation this collection of essays brings new critical perspectives to expo 67 an event that left behind a significant material and imaginative legacy the contributors to this volume reflect a variety of interdisciplinary approaches and address expo 67 across a broad spectrum ranging from architecture and film to more ephemeral markers such as postcards menus pavilion displays or the uniforms of the hostesses employed on the site collectively the essays explore issues of nationalism the interplay of tradition and modernity twentieth century discourse about urban experience and the enduring impact of expo 67 s technological experimentation expo 67 not just a souvenir is a compelling examination of a world s fair that had a profound impact locally nationally and internationally seven doors to islam reveals the religious worldview and spiritual tradition of the world s one billion muslims spanning the breadth of islamic civilization from morocco to indonesia this book demonstrates how muslims have used the literary and visual arts in all their richness and diversity to communicate religious values each of the seven chapters opens a door that leads progressively closer to the very heart of islam from the foundational revelation in the qur an to the transcendent experience of the sufi mystics however unlike most studies of islam which see spirituality as the concern of a minority of mystical seekers seven doors demonstrates its central role in every aspect of the islamic tradition an introduction to seven ascended masters who are ready to tutor and revitalise your soul reviews their teachings their past lives and their universities of the spirit by exploring their unique paths to spiritual mastery you will find comfort inspiration and invaluable keys for your own walk with god this magnificent volume explores the epochal transformations and unexpected continuities in the byzantine empire from the 7th to the 9th century at the beginning of the 7th century the empire s southern provinces the vibrant diverse areas of north africa and the eastern mediterranean were at the crossroads of exchanges reaching from spain to china these regions experienced

historic upheavals when their christian and jewish communities encountered the emerging islamic world and by the 9th century an unprecedented cross fertilization of cultures had taken place this extraordinary age is brought vividly to life in insightful contributions by leading international scholars accompanied by sumptuous illustrations of the period s most notable arts and artifacts resplendent images of authority religion and trade embodied in precious metals brilliant textiles fine ivories elaborate mosaics manuscripts and icons many of them never before published highlight the dynamic dialogue between the rich array of byzantine styles and the newly forming islamic aesthetic with its masterful exploration of two centuries that would shape the emerging medieval world this illuminating publication provides a unique interpretation of a period that still resonates today the island of seven cities unveils the first tangible proof that the chinese settled in the new world before columbus in the summer of 2003 architect paul chiasson decided to climb a mountain he had never explored on cape breton island where eight generations of his acadian family had lived one of the oldest points of exploration and settlement in the americas with a written history dating back to the first days of european discovery cape breton is littered with remnants of old settlements but that day chiasson found a road that was unique well made and consistently wide and at one time clearly bordered with stone walls the road had been a major undertaking but he could find no record of it in the two years of detective work that followed chiasson systematically surveyed the history of europeans in north america and came to a stunning conclusion the ruins he had stumbled upon an entire townsite on a mountaintop did not belong to the portuguese the french the english or the scots and they predated john cabot s 1497 discovery of the island using aerial and site photographs maps and drawings and his own expertise as an architect chiasson re creates how he pieced together the clues to one of the world s great mysteries a large chinese colony existed and thrived on canadian shores well before the european age of discovery he addresses how the ruins had been previously overlooked or misunderstood and how the colony was abandoned and forgotten in china and in the new world and he discovers the traces the colony left in the storytelling and culture of the mi kmaq whose written language clothing technical knowledge religious beliefs and legends he argues expose deep cultural ties to china a gripping account of an earth shaking discovery the island of seven cities will change the way we think about our world once again i repeat that i am not an impartial objective critic my judgments are nourished by my ideals my sentiments my passions i have an avowed and resolute ambition to assist in the creation

of peruvian socialism i am far removed from the academic techniques of the university from the author s note jose carlos mariátegui was one of the leading south american social philosophers of the early twentieth century he identified the future of peru with the welfare of the indian at a time when similar ideas were beginning to develop in middle america and the andean region generations of peruvian and other latin american social thinkers have been profoundly influenced by his writings seven interpretive essays on peruvian reality siete ensayos de interpretación de la realidad peruana first published in 1928 is mariátegui s major statement of his position and has gone into many editions not only in peru but also in other latin american countries the topics discussed in the essays economic evolution the problem of the indian the land problem public education the religious factor regionalism and centralism and the literary process are in many respects as relevant today as when the book was written mariátegui s thinking was strongly tinged with marxism because contemporary sociology anthropology and economics have been influenced by marxism much more in latin america than in north america it is important that north americans become more aware of mariátegui s position and accord it its proper historical significance jorge basadre the distinguished peruvian historian in an introduction written especially for this translation provides an account of mariátegui s life and describes the political and intellectual climate in which these essays were written more and more science is coming to recognize what theosophy affirms that the spiral vortex both in its time and its space aspects is the universal archetype from changeless change first published in 1910 and updated in 1922 this is a reproduction of that second edition this is architect and theosophist claude bragdon s exploration of art as an expression of the cosmic life and what a glorious exploration is it the essay titles hint at the lyricism of bragdon s prose the art of architecture unity and polarity changeless change the bodily temple latent geometry the arithmetic of beauty frozen music accompanied by lovely and informative line drawings these essays constitute a master class in the philosophy of art beauty science and the intersection of all three other works by bragdon available from cosimo classics more lives than one architecture and democracy episodes from an unwritten history and a primer of higher space the fourth dimension american architect stage designer and writer claude fayette bragdon 1866 1946 helped found the rochester architectural club in the city where he made his greatest mark as a building designer with structures including rochester central station rochester institute of technology and the first universalist church he also designed peterborough bridge in ontario in later life bragdon worked on broadway as scenic designer for

seven doors to islam reveals the religious worldview and spiritual

tradition of the world's one billion muslims spanning the breadth of islamic civilization from morocco to indonesia this book demonstrates how muslims have used the literary and visual arts in all their richness and diversity to communicate religious values each of the seven chapters opens a door that leads progressively closer to the very heart of islam from the foundational revelation in the qur'an to the transcendent experience of the sufi mystics however unlike most studies of islam which see spirituality as the concern of a minority of mystical seekers seven doors demonstrates its central role in every aspect of the islamic tradition
