Native Americans and the Environment

2007-01-01

often cited as one of the most decisive campaigns in military history the seven days battles were the first campaign in which robert e lee led the army of northern virginia as well as the first in which lee and thomas stonewall jackson worked together

Native Americans in the Twentieth Century

1984

native americans suffer disproportionately from many social and health disparities high rates of poverty exposure to environmental toxins and various forms of violence all increase the risk of health problems including disabilities yet there is very little published scholarship concerning native american experiences with disabilities in collecting contributions on various aspects of disability in native american populations in one volume this book seeks to redress this lack of attention writing about regions of the united states canada and australia and spanning a diverse range of settings from remote rural areas to reservations to college campuses the authors are attentive to the impact of specific environments on their inhabitants taking into account both physical and social environment and recognizing the importance of cultural context this book is a good starting point for anyone interested in developing a better understanding of the experience of native peoples living with disabilities this book was originally published as a special issue of the journal of social work in disability rehabilitation

All My Relations: Understanding the Experiences of Native Americans with Disabilities

2018-04-19

discusses the world view and beliefs of various native american religions and their role in promoting survival of the devastation caused by the arrival of europeans

Native American Religion

1999

what does it mean to seek when we seek is it because we know that there is something better then what we have we are always looking for better opportunities better comfort and a generally better life as we age we discover that we are exactly where we were nothing has changed yes we may have a bigger home more cars a new job etc but we continue to seek more if we are lucky we may find the answer to the age old question can i rest how can i be satisfied with my accomplishments people will

always have a little more and people may have a little less but only if we are seeking in the wrong places this story is about koamene and his lesson about seeking koamene lived in the cohanzick lenape village in the place that we now call new jersey his home was right along the cohanzick river situated between the bay and streams join us in this journey of the past that brings your imagination through time as though you are living in a lenape village hundreds of years ago before the natives discovered the europeans that came ashore the illustrations of this book are incredible and the artist intrigues each page with amazing details

Seek the Better Place

Studying Native America

1998

the vision life of the native americans by vinson brown the purpose of the vision search is not only to find a vision but to find in it help for yourself to lead a better life several chapters tell of past great sacred beings chiefs and medicine men others tell how they prepared for the vision search the preliminary ceremonies for purification the quest and how visions were interpreted

Voices of Earth and Sky

1976

adjunctive treatments in which patients are provided additional modalities that can assist in their behavior change or the maintenance of their behavior change i e telehealth psychoeducation consumer driven treatment planning have a useful role in addressing problems that can t be solved by face to face meetings the adjunctive therapies covered in this book are all based on improving patient s self management of their problems or the factors that exacerbate their problems the book is broadly organized into two sections the first gives a broad overview of the major adjunctive modalities and the second concentrates on a systematic description of their role in the treatment of a number of special populations while providing practical suggestions for the timing and coordination for the use of the adjunctive therapies discussed in the book

Evidence-Based Adjunctive Treatments

2011-04-28

produced as a companion to the hospice foundation of america s fifth annual national bereavement teleconference this volume examines how key aspects of identity affect how individuals grieve variables explored include culture spirituality age and development level class and gender

Living With Grief

2014-05-22

ethnic diversity has marked the united states from its inception and is now experiencing watershed changes in its social cultural and ethnic racial geographies considering the impact of these transformations this unique text examines a range of ethnic groups in both historical and contemporary context the contributors present a rich set of case studies of key ethnic and racial communities including those of long standing significance such as native americans african americans and mexican americans along with the latin american and asian groups that make up the vast majority of newer immigrants each case offers a brief historical overview of the group s immigration experience and settlement patterns and discusses how it has transformed and been transformed by the places in which they have settled exploring changing communities places and landscapes this book offers a nuanced understanding of the evolution of america s ethnic geographies

American Indian Religious Freedom Act Report

1979

what do we mean by art as a category of objects the concept belongs to a western cultural tradition originally european and now increasingly global but how useful is it for understanding other traditions to understand art as a universal human value we need to look at how the concept was constructed in order to reconstruct it through an understanding of the wider world western art values have a pervasive influence upon non western cultures and upon western attitudes to them this innovative yet accessible new text explores the ways theories of art developed as western knowledge of the world expanded through exploration and trade conquest colonisation and research into other cultures present and past it considers the issues arising from the historical relationships which brought diverse artistic traditions together under the influence of western art values looking at how art has been used by colonisers and colonised in the causes of collecting and commerce cultural hegemony and autonomous identities world art questions conventional western assumptions of art from an anthropological perspective which allows comparison between cultures it treats art as a property of artefacts rather than a category of objects reclaiming the idea of world art from the art world this book is essential reading for all students on anthropology of art courses as well as students of museum studies and art history based on a wide range of case studies and supported by learning features such as annotated further reading and chapter opening summaries

Contemporary Ethnic Geographies in America

2006-10-19

after centuries of theft murder oppression discrimination exclusion and broken promises experienced by black americans and american indians at the hands of the u s government u s courts and many racist white people reparations are due they are past due but why who is responsible for this reckoning what would it look like these

are some of the questions you may be asking yourself in past due authors angie allen and courtney carmichael try to answer these questions as reporters might drawing on history current factual realities their own personal stories and insights from a wide range of activists writers scholars and other experts they share their findings and experience to help create better understanding past due is full of easy to use links to learning more and a roadmap to making reparations sweeping government policy and corporate policy change is essential for making reparations but angie and courtney hope that past due will inspire more white americans to examine their individual roles past and future

History for the IB Diploma Paper 3 Civil Rights and Social Movements in the Americas Post-1945

1996

puritan american writers faced a dilemma they had an obligation to use language as a celebration of divine artistry but they could not allow their writing to become an iconic graven image of authorial self idolatry in this study william scheick explores one way in which william bradford nathaniel ward anne bradstreet urian oakes edward taylor and jonathan edwards mediated these conflicting imperatives they did so he argues by creating moments in their works when they and their audience could hesitate and contemplate the central paradox of language its capacity to intimate both concealed authorial pride and latent deific design these ambiguous occasions served puritan writers as places where the threat of divine wrath and the promise of divine mercy intersected in unresolved tension by the nineteenth century the heritage of this christlike mingling of temporal connotation and eternal denotation had mutated a peculiar late eighteenth century narrative by nathan fiske and a short story by edward bellamy both suggest that the binary nature of language exploited by their puritan ancestors was still a vital authorial concern but neither of these writers affirms the presence of an eternal denotative signification hidden within the conflicting historical contexts of their apparently allegorical language for them appreciation of the mystery of a divine revelation possibly concealed in words yielded to puzzlement over language itself specifically over the inadequacy of language to signify more than its own instability of design this book is a tightly focused study of an important aspect of puritan american writers use of language by one of the leading scholars in the field of early american literature

Trends

1983

first published in 1987 american indian policy and american reform examines key aspects of american indian policy and reform in the context of american ethnic problems and traditions of reform the first four chapters provide a chronological survey discussing racial attitudes economic issues the role of the bureau of indian affairs missionary and reformer involvement with government policy the political interaction of indians and whites and other continuing differences between the two races the second part of the book examines important themes which illuminate the difficulties of the assimilation campaign in a series of case studies prof bolt explores indian black white relations in the south and indian territory american anthropologists and american indians indian education from colonial times to the 20th century indian women urban indians since the second world war and indian political protest groups this book will be of interest to students of american history minority history and race relations
