in this landmark narrative history of chicago during the civil war theodore j karamanski examines the people and events that formed this critical period in the city s history using diaries letters and newspapers that survived the great fire of 1871 he shows how chicagoans opinions evolved from a romantic and patriotic view of the war to recognition of the conflict s brutality located a safe distance behind the battle lines and accessible to the armies via rail and waterways the city s economy grew feverishly while increasing population strained chicago s social fabric from the great republican convention of 1860 in the wigwam to the dismal life of confederate prisoners in camp douglas on the south side of chicago rally round the flag paints a vivid picture of the midwest city vigorously involved in the national conflict in 1719 captain george shelvocke a poverty stricken ex naval officer appealed for help to an old shipmate edward hughes who was then part of a consortium fitting out two privateering vessels to prey on the spanish in the pacific he offered shelvocke the captaincy of the larger ship but then demoted him to a smaller vessel and shelvocke bitter and revengeful immediately set off on his own for south america with a semi mutinous crew and his much hated captain of marines william betagh after rounding cape horn one of shelvocke s men shot a black albatross Ð an event later to be immortalised in coleridge s rime of the ancient mariner Ð and then off chile with considerable loot onboard his ship the speedwell was wrecked in the juan fernandez islands undaunted he built another vessel and eventually returned to england via macao loaded with spanish plunder back home he was arrested for piracy and defrauding his shareholders though he argued that he owed the original owners nothing as their ship had been honestly lost the events were grippingly portrayed in his memoir a voyage round the world by way of the great south sea though some of
