test method for vertical wicking of textiles

May 05 2024

Standardize test methods to measure the vertical wicking properties of fabrics with moisture management attributes. Unofficial techniques for determining the absorbency and wicking properties of textile fabrics were published in the 2004 AATCC ASTM International's Technical Supplement A compilation of procedures and guidelines for textile

aatcc 197 test method for vertical wicking rate of

Apr 04 2024

This test method is used to evaluate the ability of fabric specimens to transport liquid vertically when a cut edge is submerged. This method is applicable to woven knitted or nonwoven fabrics. Document history

aatcc standard test methods and procedures aatcc

Mar 03 2024

AATCC test methods procedures and monographs are developed by research committees through

research testing and discussion often taking several years of work simplicity reproducibility applicability cost to perform and the time to perform are all important considerations

vertical wicking of fabric aatcc tm197 textile testing

Feb 02 2024

vertical wicking of fabric aatcc tm197 textile testing through this platform we want to train workers to improve their knowledge about physical testing without wasting their time

moisture management testing bureau veritas cps

Jan 01 2024

the bureau veritas buffalo laboratory has the moisture management testing capabilities to satisfy the growing demand to verify moisture management performance quick dry and breathability claims for apparel workout apparel and bedding liquid moisture management properties aatcc 195

new aatcc test methods for wicking and moisture

management sgs

Nov 30 2023

the american association of textile chemists and colorists aatcc has developed and approved several new test methods for evaluating wicking or moisture management properties of performance fabrics
1 2 aatcc test method 197 2011 vertical wicking of textiles aatcc test method 198 2011 horizontal wicking of textiles

odorcontrol wicking aatcc 197 test youtube

Oct 30 2023

in this video we demonstrate the wicking effect of prebona odorcontrol on textiles

new wicking measurement system to mimic human sweating

Sep 28 2023

in 2011 the vertical wicking method became the aatcc standard method tm 197 called vertical

wicking of textiles this wicking test of textiles has been most extensively used by industry as the typical wicking performance test method for textile comfort ever since

2022 manual of international test methods and procedures aatcc

Aug 28 2023

volume 97 of the aatcc manual of international test methods and procedures will be available beginning january 2022 usb editions and pdf versions of individual standards will be available on january 4 2022 the hardbound version will be available for purchase after january 15 2022

textile testing aatcc use standard test methods for

Jul 27 2023

use standard test methods for meaningful evaluation check your lab s performance with interlaboratory proficiency testing programs improve color communication with textile uv calibration standards

wicking test hong kong intertek

Jun 25 2023

for vertical wicking test aatcc 197 is one of the standard methods in this standard the bottom of the specimen comes into contact with water then the wicking distance by specified time intervals is recorded

an overview on objective evaluation of wicking property of

May 25 2023

optical test methods are areal wicking spot test longitudinal wicking strip test aatcc 197 horizontal wicking test radial wicking ring test sink test

vertical wicking aatcc tm197 opt a revised video

Apr 23 2023

vertical wicking aatcc tm197 opt a revised video textile testing through this platform we want to train workers to improve their knowledge about physical testing without wasting

aatcc 197 test method for vertical wicking of textiles

Mar 23 2023

this test method is used to evaluate the ability of vertically aligned fabric specimens to transport liquid along and or through them and is applicable to woven knitted or nonwoven fabrics document history

moisture management testing using aatcc astm and ptacc test

Feb 19 2023

we perform absorbency drying rate vertical wicking moisture management and moisture vapor transmission testing using aatcc astm ptacc testing standard methods

new aatcc test methods available for download advanced

Jan 21 2023

aatcc committees ra57 floor covering test methods and ra63 water resistance absorbency and

wetting agent evaluation test methods have developed new methods aatcc test method 196 2011 colorfastness to sodium hypochlorite of a textile floor covering aatcc test method 197 2011 vertical wicking of textiles aatcc test method 198 2011

test method for vertical wicking of textiles aatcc 197

Dec 20 2022

aatcc 197 2018 edition 2018 is used to evaluate the ability of vertically aligned fabric specimens to transport liquid along and or through them and is applicable to woven knitted or nonwoven fabrics

2021 aatcc manual of international test methods and

Nov 18 2022

the aatcc manual of international test methods and procedures includes 14 revised 3 editorially revised 13 reaffirmed and 1 new standard since publication of the 2020 volume 95 of the aatcc technical manual

aatcc 197 vertical wicking of textiles document center inc

Oct 18 2022

vertical wicking of textiles aatcc 197 2022 edition current show complete document history how to order standards we provide updating reporting audits copyright compliance

aatcc tm 197 2013 r2018 sai global

Sep 16 2022

this test method is used to evaluate the ability of vertically aligned fabric specimens to transport liquid along and or through them and is applicabile to woven knitted or nonwoven fabrics
