UPSC MAINS HISTORY SOLVED PAPERS (2002-2012) 2022-05-02 the topic of sovereignty is contentious and one of enduring interest in a world of ever increasing economic globalisation the rise of supranational regulation and the interconnected age of information and communication technology among many other developments have challenged the once exclusively held westphalian model of sovereignty the distinction between the internal aspect of sovereignty as expressed in terms of ultimate authority in a constitution and the external aspect involving the relationship between sovereign states has been blurred this has given rise to contemporary debates that explore the theoretical and practical implications of current challenges to established doctrines evidently no book could encompass the entirety of the contemporary debates on sovereignty this is a book of essays focusing on sovereignty by a team of leading writers contributing domestic european and international perspectives the essays have been written at a time of very great testing of the institutional frameworks at every level domestic european international or global the book illuminates the enduring strength of sovereignty as a foundational concept and the continuing widespread appeal of sovereignty as an idea

NTA UGC NET/JRF/SET Sociology 28 Solved Papers (2012-2021) & 10 Practice Sets 2021-09-01 the growth of financial markets has clearly outpaced the development of financial market regulations with growing complexity in the world of finance and the resultant higher frequency of financial crises all eyes have shifted toward the current inad

10 Years UPSC CAPF Assistant Commandant (2021 - 2012) Solved Papers I & II with 5 Practice Sets 1894 this book compares two countries with striking parallels in economic and political outcomes yet with some distinct features in terms of institutional structures relative size and culture therefore this book forms a fruitful platform for the study of the similarities and differences in the economic and societal development of japan and finland despite their geographic distance from one another and the aforementioned differences both countries experienced rather similar economic and societal development patterns after the second world war the study of these societies both individually and through commonalities will provide a unique perspective on the emergence of modern economies and institutions the book provides comprehensive coverage on issues such as welfare state formation and society security and military spending education system industrial development international trade governmental economic policies energy solutions and bubbles and their collapse thus issues typical for these countries as well as most modern states studied from a longitudinal perspective the book aims to answer a fundamental question in social science why do there seem to be common trends and developmental paths among countries differing in size culture and economic structure this book will provide insights for those seeking to decipher how the developments in their own countries came about and where they may be headed to

Parliamentary Papers 2014-06-16 summary this book brings together case study examples in the fields of sustainability sustainable development and education for sustainable development

ECRM2014-Proceedings of the 13th European Conference on Research Methodology for Business and Management Studies 2013-11-14 this book offers a stimulating introduction to the links between areas of global governance human rights global economy and international law by

drawing on a range of diverse subject areas errol p mendes argues that the foundations of global governance human rights and international law are undermined by a conflict or tragic flaw where insistence on absolute conceptions of state sovereignty are pitted against universally accepted principles of justice and human rights resulting in destructive self interest for both the state and the global community the book explores how human rights and international law are applied in some of the critical institutions of global governance and in the operations of the global private sector and how states institutions and global civil society struggle to fight this tragic flaw the book is brought up to date by considering developments in the role of the imf the world bank bilateral investment treaties the likely failure of the doha round of wto negotiations the legacy of the 2008 financial crisis and the role of the international criminal court and the evolving responsibility to protect doctrine in international peace and security crises in the middle east central and west africa among other regions of the world with its intensely interdisciplinary approach this book motivates new thinking in the realm of global governance and international law and promotes the development of new strategies for negotiating between conflicting leadership and organisational values within global institutions the book will be of great interest and use to students and researchers of public international law international relations and political science business and human rights global governance and international trade and economic law

Sovereignty and the Law 2014-12-31 achieve the best camera design up to date information on mcms miniature camera modules mcms such as webcams have rapidly become ubiquitous in our day to day devices from mobile phones to interactive tv systems mcms or smart cameras can zoom adjust their frame rate automatically with illumination change focus at different distances compensate for hand shake and transform captured images with contributions from academics and field engineers smart mini cameras discusses the structure operation principles applications and future trends of miniature mobile cameras it compares this technology with traditional digital still cameras and explains the specific requirements of mcm components imposed by the size or type of application in terms of optical design image sensor and functionalities the book describes the implementation of several active functionalities including liquid crystal auto focus af and optical image stabilization ois it also explores how new technologies such as the curved detector and transforming optics are stimulating novel trends including a miniature panoramic lens on mobile phones by providing you with an understanding of the components and performance tradeoffs of mcms this book will help you achieve the best camera design it also answers frequently asked questions such as the importance of the number of megapixels in a mobile phone camera and the value of af and ois features

Global Shock, Risks, and Asian Financial Reform 2014-11-13 cereal grain safety from farm to table mycotoxin reduction in grain chains examines the ways in which food producers inspectors and processors can keep our food supply safe providing guidance on identification eradication and prevention at each stop on the grain chain this book is an invaluable resource for anyone who works with cereal grains discussions include breeding and crop management chemical control contamination prediction and more for maize wheat sorghum rice and other major grains relevant and practical in the field the lab and on the production floor this book features critical guidance for every point from farm to table

Comparing Post War Japanese and Finnish Economies and Societies 2014-03-31 interest in financial services marketing has grown hugely over the last few decades particularly since the financial crisis which scarred the industry and its relationship with customers it reflects the importance of the financial services industry to the economies of every nation and the realisation that the consumption and marketing of financial services differs from that of tangible goods and indeed many other intangible services this book is therefore a timely and much needed comprehensive compendium that reflects the development and maturation of the research domain and pulls together in a single volume the current state of thinking and debate the events associated with the financial crisis have highlighted that there is a need for banks

and other financial institutions to understand how to rebuild trust and confidence improve relationships and derive value from the marketing process edited by an international team of experts this book will provide the latest thinking on how to manage such challenges and will be vital reading for students and lecturers in financial services marketing policy makers and practitioners
