invoicing january 12 2024 the difference between a flat rate pay and an hourly rate pay is how you bill
the client for a flat rate pay system you re paid a set price for the job in contrast hourly rate pay is
based on the amount of time you work which means you re paid a set amount for each hour of work
updated july 27 2023 a flat rate is one of the simplest and potentially most profitable pricing structures
it requires you as the service provider to generate a standard price for all the services you offer the
faster you work the more profit you can make 1936 1942 motors flat rate manual labor guide this is a
book that was originally used at a repair shop to calculate labor charges for repairs the main content of
book is organized by part and then by operation such as replace a particular part or perform a repair
the maximum flat rate fee for using global roaming data flat rate on the day that you apply is 980
however the maximum flat rate fee of 980 is limited to once per billing month for usage in areas not
covered by the global roaming data flat rate plan applicable fees not covered within the flat rate service
are incurred
