sets out to put theology and ethics in proper relation to one another suggesting the church is essential to the right ordering of social institutions

The Goodness of God 2001

in this wide ranging contribution to christian theological anthropology natalia marandiuc offers a constructive theological argument for the function of love attachments as sources of subjectivity and enablers of human freedom human loves and the love of god are portrayed here as co creating the self and situating human subjectivity in a relational home

The Goodness of God 1977

can anything good come out of suffering is there anything purposeful in the grief or pain you may be feeling right now there are no easy answers to these questions and any attempt at an answer runs the risk of seeming trite or inappropriate to our unique situation the author of this book has a terminal illness which has produced in him not only an uncertainty about the future but a deep sense of compassion for those who are also suffering the book is his attempt to bring encouragement to those who feel helpless and alone by giving a perspective on affliction that is not ordinarily discussed the book is not a daily devotional but a compilation of the blogs he has written over the last three years that have been helpful to many you may not be walking the path of affliction but you could give the book a read and pass it on to someone who is on the journey

this will not do said elizabeth you never will be able to make both of them good take your choice but you must be satisfied with only one there is but such a quantity of merit between them just enough to make one good sort of man pride and prejudice from her youngest days elizabeth bennet s ability to accurately judge the character of others has been recognized and noted by those around her in such a consistent manner as to lead her to believe it herself the misfortune of meeting mr darcy a wealthy landowner from the north only solidifies this belief the memory of his disapproval of her family proves his character is lacking and sadly unlike his childhood friend s the charming and affable mr wickham who is esteemed by all he meets although her opinion once lost is not lost forever the effort to regain her favor is great with elizabeth s

youngest sister fortunate to be in company with mr wickham in brighton since the spring and her own travels to kent cancelled she must await the pleasures of a summer holiday to the north with her aunt and uncle gardiner however it is there that she is once again thrust into mr darcy s presence and must determine if he is truly the architect of the many wrongs she has laid at his door fitzwilliam darcy cannot exorcise elizabeth bennet from his thoughts a chance meeting at the estate of his friend reignites all the flames he has attempted to suppress since their last meeting believing in her partiality he is stunned to overhear her true estimation of him and is determined to change her opinion battling with memories and secrets from his past darcy must fight against his natural reserve to win the heart of the woman he loves will the unexpected appearance of a stranger encourage elizabeth s change of heart might an episode from mr darcy s past force elizabeth to see the man within can one man have all the goodness and the other only the appearance of it join us for another sweet pride and prejudice reimagining suitable for ages teen and up

when confronted by horrendous evil even the most pious believer may question not only life's worth but also god's power and goodness a distinguished philosopher and a practicing minister marilyn mccord adams has written a highly original work on a fundamental dilemma of christian thought how to reconcile faith in god with the evils that afflict human beings adams argues that much of the discussion in analytic philosophy of religion over the last forty years has offered too narrow an understanding of the problem the ground rules accepted for the discussion have usually led philosophers to avert their gaze from the worst horrendous evils and their devastating impact on human lives they have agreed to debate the issue on the basis of religion neutral values and have focused on morals an approach that adams claims is inadequate for formulating and solving the problem of horrendous evils she emphasizes instead the fruitfulness of other evaluative categories such as purity and defilement honor and shame and aesthetics if redirected philosophical reflection on evil can adams's book demonstrate provide a valuable approach not only to theories of god and evil but also to pastoral care

m m m good this slogan became very popular when it was used by the makers of campbell s soup although campbell s soup and other favorite treats are good and believed to bring healing to the body this satisfaction is only temporary david extended an invitation to us in psalm 34 he wants us to taste and see that god is good there are four major tastes that have been identified bitter sour salty and sweet each taste is necessary for the right amount of nutrients to be received to ensure proper growth and development god has designed a meal plan unique to each person and just like our natural diet in which each taste is necessary our spiritual meal plan is a delicate balance of sweet sour salty and bitter he knows that just as each is needed for the physical body they are all necessary for the spiritual body he has invited us to taste and see that he is good this book offers a look at how different people in the bible experienced the different tastes and how we can apply these references to our lives
