fr alfred delp s j was a heroic german jesuit priest who was imprisoned and martyred by the
nazis in a nazi death camp in 1945 at the time of his arrest he was the rector of st georg
church in munich and had a reputation for being a gripping dynamic preacher and one who
was an outspoken critic of the nazi regime he was an important figure in the resistance
movement against nazism accused of conspiring against the nazi government he was arrested
in 1944 tortured imprisoned and executed on feb 2 1945 while in prison fr delp was able to
write a few meditations found in this book which also includes his powerful reflections from
prison during the advent season about the profound spiritual meaning and lessons of advent
as well as his sermons he gave on the season of advent at his parish in munich these
meditations were smuggled out of berlin and read by friends and parishioners of st georg in
munich his approach to advent the season that prepares us for christmas is what fr delp
called an advent of the heart more than just preparing us for christmas it is a spiritual program
a way of life he proclaimed that our personal social and historical circumstances even
suffering offer us entry into the true advent our personal journey toward a meeting and
dialogue with god indeed his own life and great sufferings illustrated the true advent he
preached and wrote about from his very prison cell he presented a timeless spiritual message
and in an extreme situation his deep faith gave him the courage to draw closer to god and to
witness to the truth even at the cost of his own life these meditations will challenge and
inspire all christians to embark upon that same spiritual journey toward union with god a
journey that will transform our lives as one of the last witnesses who knew fr alfred delp
personally i am very pleased this book will make him better known in america the more one
reads his writings the more one clearly recognizes the prophetic message for our times like
his contemporary dietrich bonhoeffer delp ranks among the great prophets who endured the
horror of nazism and handed down a powerful message for our times karl kreuser s j from the

international church of the foursquare gospel was perhaps the most famous pentecostal
evangelist of the early twentieth century thousands attended her meetings but with her radio
sermons and syndicated articles she reached millions both in the united states and abroad
much has been written about mcpherson s fascinating life and her impact on millions of
followers yet surprisingly her writings and sermons have never been compiled and published
until now the collected sermons and writings of aimee semple mcpherson arranges
mcpherson s body of work chronologically allowing readers to see how her style subject
matter and emphases changed as her ministry developed as a pentecostal evangelist
mcpherson based her messages on the scriptural understanding that as jesus is unchanging
the miracles and spiritual gifts of the early church should be part of modern christian practice
accordingly her writings focus on god s miraculous healing the baptism of the holy spirit and
the miracle of speaking in tongues a valuable resource for religious scholars mcpherson s

The Writings of the Late John M. Mason, D.D. 1832

bishop john fisher was a scholar and theologian of european reputation famous as a preacher
and author of the first sermon sequence to be printed in english he was beheaded for his
opposition to henry viii s divorce from catherine of aragon and pursued after his death by the
enmity of the king who suppressed his books and sought to blacken his name the figure of
john fisher links the age of late medieval piety with the growth of christian humanism and the
new learning which as a friend of erasmus he introduced as chancellor of cambridge
university his english writings are distinctive for their structured elegance and clarity this new
edition contains sermons written during the last fifteen years of fisher s life including a
previously unpublished eyewitness account of the field of cloth of gold celebrations and
devotional works composed while he was a prisoner in the tower of london

Sermons 1768

Joseph Butler's *Fifteen Sermons* (1729) is a classic work of moral philosophy which remains widely influential. The topics Butler discusses include the role of conscience in human nature, self-love and egoism, compassion, resentment and forgiveness, and love of our neighbour and of God. The text of the enlarged and corrected second edition is here presented together with a selection of Butler's other ethical writings: a dissertation of the nature of virtue, a sermon preached before the House of Lords, and relevant extracts from his correspondence with Samuel Clarke. While this is a reader's edition that avoids cluttering Butler's text with textual variants and intrusive footnotes, it comes complete with scholarly apparatus intended to aid the reader in studying Butler's work in depth. David McNaughton contributes a substantial historical and philosophical introduction that highlights the continuing importance of these works. In addition, there are extensive notes at the end of the volume including significant textual variants and full details of Butler's sources and references, as well as short summaries of Butler's predecessors and a selective bibliography. This will be the definitive resource for anyone interested in Butler's moral philosophy.

Joseph Butler's *Fifteen Sermons* (1729) is a classic work of moral philosophy which remains widely influential. The topics Butler discusses include the role of conscience in human nature, self-love and egoism, compassion, resentment, and forgiveness, and love of our neighbour and of God. The text of the enlarged and corrected second edition is here presented together with a selection of Butler's other ethical writings: a dissertation of the nature of virtue, a sermon preached before the House of Lords, and relevant extracts from his correspondence with Samuel Clarke. While this is a reader's edition that avoids cluttering Butler's text with textual variants and intrusive footnotes, it comes complete with scholarly apparatus intended to aid the reader in studying Butler's work in depth. David McNaughton contributes a substantial historical and philosophical introduction that highlights the continuing importance of these works. In addition, there are extensive notes at the end of the volume including significant textual variants and full details of Butler's sources and references, as well as short summaries of Butler's predecessors and a selective bibliography. This will be the definitive resource for anyone interested in Butler's moral philosophy.

which to embark for china i was asked by a certain preacher one day if i would not speak to
his congregation that night inquiring of the lord i felt it was his will and told the man that i
would go that evening a beautiful limousine with liveried attendants called for me and i
entered with weak and self conscious steps crying oh lord do help me do thy will tonight on
the way i gazed upon the beautiful streets and buildings till at last the car stopped in front of
an imposing and spacious edifice as we went up the steps and into the side door of this
immense building i remember taking a hurried glance at its size and vaguely wondering
whether some small room therein was used for a mission great was my surprise therefore
when being led through the door and on the platform i found that this whole building was
packed with people and i was to speak to them at once my attendant whispered into my ear
that we were late and then i heard the voice of the man on the platform saying now our sister
will speak to us and bring the message before i realized it i was standing dazed and confused
