me inc features a black simulated leather cover with gold foil stamping and a black ribbon bookmark the fact that kiss is one of the most successful rock bands in the world is no accident from the beginning gene simmons and paul stanley had a clear cut vision of what they wanted to do and how they wanted to operate kiss as a business well before they ever first took the stage since deciding with paul to manage the band themselves simmons has proved himself to be a formidable businessman having sold over 100 million cds and dvds worldwide overseen over 3 000 licensed merchandise items and starred in the longest running celebrity reality show to date more impressive is that he handles all of his business ventures on his own no personal assistant few handlers and as little red tape as possible in me inc simmons shares a lifetime of field tested and hard won business advice that will provide readers with the tools needed to build a solid business strategy harness the countless tools available in the digital age network like hell and be the architect for the business entity that is you inspired by the art of war the book dispenses simmons in depth insights via thirteen specific principles for success based on his own experience triumphs and

~~instructional failures in business from~~
finding the confidence within yourself that s
necessary to get started to surrounding
yourself with the right people to partner with
and learn from to knowing when to pull the
plug and when to double down these thirteen
principles are a skeleton key into a world of
success freedom peace of mind and most
importantly financial success

the summer of 1969 was a momentous one in
modern history it was a season punctuated with
change apollo 11 landed on the moon thousands
of young fans flocked to rock n roll festivals
like woodstock and the controversial altamont
freeway concert the manson family cult were on
a high profile killing spree and the first
uprisings that would become the stonewall
riots began it was an electric summer of
violent endings new beginnings and social
unrest it was also the summer that a myth was
born beginning with the tragic untimely death
of rolling stones founder brian jones the
world soon lost two more huge music stars
janis joplin and jimi hendrix not only did
losing these three beacons of music culture
seem to signal the end of a musical era it

~~also felt like a foreboding sign they had all~~
died at exactly the same age all three had lost their lives at the pinnacle of their creative output and all three were exactly 27 years old people have speculated that there could be a dastardly lineage from the poisoning of blues pioneer robert johnson in 1938 through these icons of the 60s and more recently to rebel chanteuse amy winehouse s death from alcohol poisoning in 2011 could it be a twisted fate that the world s very best creative souls come to early often violent deaths at just 27 years old over time this idea began to be known as the 27 club and it has persisted in the public imagination in 27 the legend and mythology of the 27 club rock n roll icon gene simmons takes a deep dive into the life stories of these legendary figures without giving credence to the romanticized idea that being in the club is somehow a perverse privilege simmons wills us to acknowledge the extraordinary lives not the sensational deaths of the musicians and artists who left an indelible mark on the world

book how does an underground oddity become a cultural phenomenon for over 40 years the rock band kiss has galvanized the entertainment world with an unparalleled blitz of bravado theatricality and shameless merchandizing garnering generations of loyally rabid fans but if not for a few crucial months in late 1975 and early 1976 kiss may have ended up nothing more than a footnote shout it out loud is a serious examination of the circumstance and serendipity that fused the creation of the band s seminal work destroyer including the band s arduous ascent to the unexpected smash hit alive the ensuing lawsuits between its management and its label the pursuit of the hot young producer a grueling musical boot camp the wildly creative studio abandon the origins behind an iconic cover the era s most outlandish tour and the unlikely string of hit singles extensive research from the period and insights into each song are enhanced by hundreds of archived materials and dozens of interviews surrounding the mid 70s era kiss and its zeitgeist new interviews with major principals in the making of an outrageously imaginative rock classic animate this engaging tale

the history of rock and roll music can be seen
in a long arc of western civilization s
struggle for both greater individual
expression and societal stability in the 1960s
the west s relationship with authority
ruptured in part due to the rock revolution
the lessons and implications of this era have
yet to be fully grasped this book examines the
key artists music and events of the classic
rock era defined here as 1964 to 1980 through
a virtual psychoanalysis of the west over
these years important truths unfold in the
stories of british invaders hippies proto
punks and more as well as topics to include
drugs primal scream therapy the occult
spirituality and disco and its detractors to
name just a few through a narrative that is
equal parts entertaining scholarly and even
spiritual readers will gain a greater

rock brands selling sound in a media saturated
culture edited by elizabeth barfoot christian
is an edited collection that explores how
different genres of popular music are branded
and marketed today the book s core objectives
are addressed over three sections in the first

introduction to gprs and edge technology operation and services (2023)
~~part of rock brands the authors examine how~~
established mainstream artists bands are continuing to market themselves in an ever changing technological world and how bands can use integrated marketing communication to effectively brand themselves this branding is intended as a protection so that technology and delivery changes don t stifle the bands success kiss ac dc ozzy osbourne phish and miley cyrus are all popular musical influences considered in this part of the analysis in the second section the authors explore how some musicians effectively use attention grabbing issues such as politics for example kanye west and countless country musicians and religion such as with christian heavy metal bands and bon jovi in their lyrics and also how imagery is utilized by artists such as marilyn manson to gain a fan base finally the book will explore specific changes in the media available to market music today see m i a and her use of new media and similarly how these resources can benefit music icons even after they are long gone as with elvis and michael jackson rock brands further examines gaming reality television and social networking sites as new outlets for marketing and otherwise experiencing popular music what makes some bands stand out and succeed when so many fail how does one find a niche that isn t just kitsch and can stand the test of time allowing

introduction to gprs and edge technology operation and
~~the musician to grow as an artist as well as~~ services (2023)
grow a substantial fan base elizabeth barfoot
christian and the book s contributors expertly
navigate these questions and more in rock
