frédéric ier souverain du saint empire romain germanique 1152 1190 surnommé barberousse à cause de sa pilosité flamboyante est devenu l'un des grands héros traditionnels de l'Allemagne peut être le plus grand ce génie politique et militaire réalisa l'unité des princes allemands en établissant sur eux une autorité absolue en un siècle d'émiettement du pouvoir et de luttes féodales son épopée dépasse pourtant largement le cadre de l'Allemagne ressuscitant la lutte du sacerdoce et de l'empire il travailla obstinément à une soumission de l'église qui lui eût assuré une hégémonie spirituelle et économique il se fait alors le persécuteur acharné des papes et des évêques allemands trop peu courtisans il fut le représentant le plus brillant de l'impérialisme germanique entreprenant de vaincre l'admirable résistance des communes libres de Lombardie et de Vénétie où il alla jusqu'à raser Milan cette prétention qui ne parvint

pas à son but fut par contre le principal excitant de l'indépendance italienne. L'homme de foi cependant Barberousse décida de porter sa combativité inlassable contre Saladin et les Turcs qui venaient de reprendre Jérusalem aux chrétiens. Ce fut l'origine de la troisième croisade. Il n'eut pas le temps d'y jouer le rôle glorieux qu'il avait espéré. Il se noya manquant ainsi la suprême occasion de conférer une auréole à son image de héros légendaire.

This book offers a new perspective on adaptation of books to the screen by focusing on endings. New light is shed on this key facet of film and television studies. The authors look at a broad range of case studies from different genres, eras, countries, and formats to analyse literary and cinematic traditions, technical considerations, and ideological issues involved in film and television adaptations. The investigation covers both the ideological implications of changes made in adapting the final pages to the screen as well as the aesthetic stance taken in modifying or, on the contrary, maintaining the ending of the source text by including writings on both film and television adaptations. This book examines the array of possibilities for the closure of an adapted narrative, focusing both on the specificities of film and different television forms: miniseries and ongoing television narratives. And at the same time, suggesting the commonalities of these audiovisual forms in their closing moments, adapting endings from book to screen will be of interest to all scholars working in media studies, film and television studies, and adaptation studies.

For decades the Gabor dynasty was the epitome of glamour and fairy tale success. But as biographer, film historian, and Gabor family friend Sam Staggs reveals, behind the headlines is a true story more dramatic, fabulous, and surprising than their self-styled legend would have you believe. In 1945, after barely escaping Hitler's invasion of Hungary, followed by liberation of the country by the Red Army, three members of the Gabor family—Jolie, her ex-husband Vilmos, and their daughter Magda—arrived in New York City in Hollywood. Their other daughters, Zsa Zsa and Eva, had worked feverishly throughout the war years to secure their

rescue from the nazis plan to exterminate the jews stepping off the boat jolie the iron willed matriarch already had a golden future mapped out for her sharp witted cosmopolitan beauties over the next six decades with twenty three husbands between them suave all about eve star george sanders would wed both zsa zsa and magda scores of lovers and roller coaster rides in film television theater and business the elegant yet gloriously bawdy addictively watchable gabors carved a niche in the entertainment industry that made them world famous pop culture icons but beneath the artifice of dior and diamonds was another side to the story they never revealed the whole truth this first verifiable history of the gabors casts a startling new light on these extraordinary women finding zsa zsa reveals the tumultuous and often unforgiven battles between mother and daughter sister and sister wife and husband eva s bearded romance with merv griffin that allowed them both to seek same sex lovers zsa zsa s involuntary confinement in a mental hospital her life long struggle with bipolar disorder and her last unconsummated marriage to the manipulating faux prince frederic von anhalt here too is the untold story of zsa zsa s daughter francesca hilton a gifted photographer who eschewed the gabor lifestyle and paid a sad price for her independence the story of family patriarch vilmos gabor who returned to hungary only to be trapped behind the iron curtain reads like a cold war spy thriller culled from new interviews with family colleagues and confidantes and the unpublished memoirs of the author s friend francesca hilton finding zsa zsa finally introduces fans to the gabor family they never knew including many never before seen photos it s a riveting outrageously funny bittersweet and affectionately honest read of four women who were vulnerable tough charitable endlessly fascinating and always glamorous to a fault

a study in how a poet s corpus is remembered after he vanishes weldon kees is one of those fascinating people of whom you ve likely never heard most intriguingly he disappeared without a trace on july 18 1955 police found his 1954 plymouth savoy abandoned on the north side of the golden gate bridge one day later the keys were still in the ignition though kees had alluded days prior to picking up and moving to mexico none of his poetry art or criticism has since surfaced either north or south of the rio grande kees s vanishing has led critics to compare him to another american modernist poet who met a similar end two decades prior hart crane in comparison to crane kees is certainly now a more obscure figure john t irwin however is not content to allow kees to fall

out of the twentieth century literary canon in the poetry of Weldon Kees
Irwin ties together elements of biography and literary criticism
spurring renewed interest in Kees as both an individual and as a poet
Irwin acts the part of literary detective following clues left behind by
the poet to make sense of Kees's fascination with death disappearance
and the lasting interpretation of an artist's work arguing that Kees's
apparent suicide was a carefully plotted final aesthetic act Irwin uses
the poet's disappearance as a lens through which to detect and interpret
the structures motifs and images throughout his poems as the author
intended the first rigorous literary engagement with Weldon Kees's
poetry this book is an astonishing reassessment of one of the twentieth
century's most gifted writers

conventional histories portray the development of railway
infrastructures as a tool to build empires and nation states recent
scholarship however has stressed the importance of a transnational
perspective beyond an exclusive focus on the nation state the new
perspective enriches both the history of modern Europe and European
integration constructing iron Europe demonstrates how during the
interwar years key players saw railroads as instruments for building a
transnational European community based on new archival research
Anastasiadou not only sheds light on patterns of internationalization of
railways but also explores the co-construction of the national and the
