a comprehensive account of how british race patriotism shaped the defense partnership between britain and the dominions before the great war an index to multicultural learning projects for kindergarten through eighth grade classrooms which appear in over 1 700 books including handicrafts foods games and activities arranged alphabetically by subject with cross references and complete bibliographic information volume ii surveys the history of fashion from the nineteenth century to the present day covering the period beginning with mass industry and ending with calls for sustainability this volume challenges the meaning of modernity and modernism from a global perspective and reflects on important scholarship that has changed our understanding of the relationship between fashion and colonialism empires shifted and new powers rose with fashion marking and contending with this change the volume concludes with a critical view of fashion and globalisation and explores the deep connections between the fashion industry the global economy and the politics of production and wearing in the contemporary world many of the world s most famous hats have their origins in britain in the middle ages there were civil and religious laws requiring hats to be worn and in victorian britain a person would no more leave home without a hat than a pair of trousers it is no surprise that london s oldest surviving shop lock and co is a hatter from practical everyday caps and bonnets to military headwear top hats and even the coronation crown hats of all sorts have passed through its doors and continue to do so after more than 300 years in this fascinating new book david long reveals how much of britain s social history can be understood through its headwear and in exploring the ways in which a hat speaks volumes about its wearer s rank and status he tells the stories of the people beneath some of the most famous hats of history the need to preserve farm animal diversity is increasingly urgent says the author of this definitive book on endangered breeds of livestock and poultry farmyard animals may hold critical keys for our survival jan dohner warns and with each extinction genetic traits of potentially vital importance to our agricultural future or to medical progress are forever lost book jacket things change broken and restored reused and remade objects transcend their earliest functions locations and appearances while every era witnesses change the eighteenth century experienced artistic economic and demographic transformations that exerted unique pressures on material cultures around the world locating material objects at the heart of such phenomena material cultures of the global eighteenth century expands beyond eurocentric perspectives to discover the mobile transcultural nature of eighteenth century art worlds from porcelain to betel leaves chumash hats to natural history cabinets this book examines how objects embody imperialism knowledge and resistance in various ways by embracing things both elite and everyday this volume investigates physical and technological manipulations of objects while attending to the human agents who shaped them in an era of accelerating global contact and conquest featuring ten essays the volume foregrounds diverse scholarly approaches to chart new directions for art history and cultural history ranging from california to china bengal to britain material cultures of the global eighteenth century illuminates the transformations within and between artistic media follows natural and human made things as they migrate across territories and reveals how objects catalyzed change in the transoceanic worlds of the early modern period every bathroom needs beautiful decorations they why the federal government is designed as it is and how it can be fixed everybody proclaims disgust with the political system yet the system continues to get more disgusting is the hard nosed partisanship in politics today the result of a flaw in the design of our system of government did our forefathers overlook something important when they were writing the constitution in a broken sausage grinder author hank thomas explains the basic components of the government in order to provide insight as to why it functions as it does from the diverse settlements and colonial experiences to the development of and the motivation for our demand for freedom and self determination this study looks at what our founding fathers were attempting to create as the united states of america was being formed it studies the variety of influences that have molded our political system over the years and it presents conclusions about what is wrong with our system of government and how it can be fixed john senger of clarion foreword reviews gave this book five stars and said much like madison hamilton and john jay the author is consistently reasoned and moderate in his arguments for restraint in the political forum in fact he concludes our problem today stems from a loss of respect for the beliefs and ideologies of other americans kirkus reviews said thomas finally attempts to provide answers to the problems america faces with such diverse advice as allowing only registered voters to make campaign contributions and stressing compromise over mere minority rule thomas work is a compelling review of american political history in an easy to read form a comprehensive set of appendices also aids the reader designed as a tool to facilitate discussion a broken sausage grinder communicates the idea that we the people form the foundation for our government if it isn t working as we intended we the people have the responsibility to fix it thank you for joining this important
