gladiator meets romeo and juliet in this spellbinding fantasy trilogy kirkus reviews set in ancient persia they are the light against the darkness the steel against the necromancy of the druj and they use demons to hunt demons nazafareen lives for revenge a girl of the isolated four legs clan all she knows about the king's elite water dogs is that they leash wicked creatures called daevas to protect the empire from the undead but when scouts arrive to recruit young people with the gift she leaps at the chance to join their ranks to hunt the monsters that killed her sister scarred by grief she s willing to pay any price even if it requires linking with a daeva named darius human in body he s possessed of a terrifying power one that nazafareen controls but the golden cuffs that join them have an unwanted side effect each experiences the other s emotions and human and daeva start to grow dangerously close as they pursue a deadly foe across the arid waste of the great salt plain to the glittering capital of persepolae unearthing the secrets of darius s past along the way nazafareen is forced to question his slavery and her own loyalty to the empire but with an ancient evil stirring in the north and a young conqueror sweeping in from the west the fate of an entire civilization may be at stake so begins an epic story of adventure romance and betrayal that leads to undiscovered magical realms and a final confrontation with a demon queen bent on destroying them all praise for the fourth element trilogy a spellbinding fantasy with some moral weight and a meatier narrative than usual one likely to leave readers quite satisfied this tale s grand scope is set off beautifully by its intimate start the story grows wonderfully from such a small seed and it is the moral and subjective implications of the vastness and impersonality of the empire that work so well to drive the narrative the plot builds effectively and maintains a swift pace nazafareen s initial simplistic motivation hatred becomes complicated by her link to darius and evolves into something much more intriguing and complex this transition is helped by the clarity with which the characters are drawn the immensity of the empire occasionally threatens to smother the personal tale at the heart of the story but like shadows around a candle flame it never quite manages that feat kirkus reviews fantasy lovers who enter this world will be wooed by its expansive world building soul crushing romance deeply layered characters and page turning twists flylef reviews one of the best trilogies i ve ever read i will read anything by kat ross hats off to her for creating these wonderful characters and making us fall in love with them cover to cover reviews kat ross turned me into a puddle of emotions with her final book of the fourth element series action betrayal romance and demons conclude this story which can keep anyone captivated till the final page milky way of books an addictive action packed glorious page turner am kinda busy reading i really hate the word epic because let s face it it s so overused and it s lost its true meaning but this book the midnight sea deserves that word book reader chronicles this is truly a grand finale of a book mysteries from the very beginning of the series are put to rest and our heroes win in unexpected ways queen of chaos delivers a beautiful ending that is perfect as it is but is left open enough for another story to seamlessly fit in bibliobibuli i m never a read a book in one sitting kind of person but i
