Human Rights in the Media 2019-01-03

this collection sets about untangling some of the knotty issues in the underexplored relationship between human rights and the media we investigate how complex debates in political judicial academic and public life on the role and value of human rights are represented in the media particularly in print journalism to focus the discussion we concentrate on media representation

designing enterprise applications with the j2ee platform 2nd edition java addison wesley (Download Only)
of the controversial proposals in the united kingdom to repeal the human rights act 1998 and to replace it with a british bill of rights the collection is underpinned by the observation that views on human rights and on the proposals to repeal and replace are polarised on the one hand human rights are presented as threatening and therefore utterly denigrated on the other hand human rights are idolised and therefore uncritically celebrated this is the fear and fetish in our title the media plays a decisive role in constructing this polarity through its representation of political and ideological viewpoints in order to get to grips with the fear the fetish and this complex interrelationship the collection tackles key contemporary themes amongst them the proposed british bill of rights brexit prisoner voting the demonisation of immigrants press freedom tabloid misreporting trial by media and magna carta the collection explores media representation investigates media polarity and critiques the media s role

Law and Intangible Cultural Heritage in the City 2019-06-20

with disappearing music venues and arts and culture communities at constant risk of displacement in our urban centers the preservation of intangible cultural heritage is of growing concern to global cities this book addresses the role and protection of intangible cultural heritage in the urban context using the methodology of urban legal anthropology the author provides an ethnographic account of the civic effort of toronto to become a music city from 2014 18 in the context of redevelopment and gentrification pressures through this the book elucidates the problems cities like toronto have in equitably protecting intangible cultural heritage and what can be done to address this

designing enterprise applications with the j2ee platform 2nd edition java addison wesley (Download Only)
it also evaluates the engagement that toronto and other cities have had with international legal frameworks intended to protect intangible cultural heritage as well as potential counterhegemonic uses of hegemonic legal tools understanding urban intangible cultural heritage and the communities of people who produce it is of importance to a range of actors from urban developers looking to formulate livable and sustainable neighbourhoods to city leaders looking for ways in which their city can flourish to scholars and individuals concerned with equitability and the right to the city this book is the beginning of a conversation about what is important for us to protect in the city for future generations beyond built structures and the role of intangible cultural heritage in the creation of full and happy lives the book is of interest to legal and sociolegal readers specifically those who study cities cultural heritage law and legal anthropology

Transforming our World Through Design, Diversity and Education 2018-10-18

good design is enabling and each and every one of us is a designer universal design is widely recognized an important concept that should be incorporated in all person centred policies the united nations convention on the rights of persons with disabilities uncrpd clearly stipulates that the most effective way of delivering on the promise of an inclusive society is through a universal design approach sitting at the intersection of the fields of higher education and universal design this book presents papers delivered at the universal design and higher education in transformation congress udheit2018 held in dublin

designing enterprise applications with the j2ee platform 2nd edition java addison wesley (Download Only)
ireland from 30 october to 2 november 2018 this event brings together key experts from industry education and government and non government organization sectors to share experiences and knowledge with all participants the 86 papers included here are grouped under 17 headings or themes ranging from education and digital learning through healthcare to engagement with industry and urban design celebrating and integrating all that is good in design diversity and education this book will be a valuable resource for all those interested in the inspiring and empowering developments in both universal design and higher education

Spiritual Dimensions of Advanced Practice Nursing 2021-10-15

this book recognises the challenges associated with the concept of spirituality an awareness of this concept is integral to the provision of person centred holistic care however apns ability to provide spiritual care is often impeded by time pressures and the prioritisation of clinical tasks confusion about the meaning of spirituality and its relationship to religion compound the challenges involved in providing spiritual care leaving apns feeling ill equipped to address this area of care indeed many apns view spirituality as synonymous with religion this book provides clarity with the assumption that spirituality is innate to all of our patients and is related to what gives them hope meaning and purpose fundamentally it is about being human apns ability to practice with kindness compassion and empathy will naturally resonate with spirituality competent practice it begins with an outline of the definitions of spirituality in addition to the concept of spiritually competent practice an emphasis on the importance of personal development follows case studies from countries across the globe illustrate the benefit of integrating spirituality and provide evidence of the importance and relevance of integrating spirituality into practice these include discussion and presentations of the related concepts of availability and vulnerability which will give apns more confidence and competence to integrate spirituality into practice this book is relevant for apns students educators and researchers

Accountability and Review in the Only)
Counter-Terrorist State 2019-12-04

counter terrorism is now a permanent and sprawling part of the legislative and operational apparatus of the state yet little is known about the law and practice of how it is reviewed how effective the review mechanisms are what impact they have or how they interact with one another this book addresses that gap in knowledge by presenting the first comprehensive critical analysis of counter terrorism review in the united kingdom informed by exclusive interviews with policy makers politicians practitioners and civil society

The Interface Between EU and International Law 2019-05-16

despite their many obvious interconnections eu and international law are all too often studied and practised in different spheres while it is natural for each to insist on its own unique characteristics and in particular for the eu to emphasise its sui generis nature important insights might be lost because of this exclusionary approach this book aims to break through some of those barriers and to show how more interaction between the two spheres might be encouraged in so doing it offers a constitutional dimension but also a substantive one identifying policy areas where eu and international law and their respective actors work alongside each other offering a 360 degree view on both eu and international institutional and substantive law this collection presents a refreshing perspective on a longstanding issue
