In his book *Mein Kampf* Adolf Hitler claims that he made the decision to use the swastika as the emblem for his fledgling movement. He was responsible for the shape the swastika finally took and for the choice of colours used which set the pattern for all subsequent flags. In this third of a series of texts, Maa 270, Maa 274, Brian I. Davis investigates the flags of the Third Reich, Party and Police units. In a text complemented by numerous contemporary photographs and eight full-page colour plates by Malcolm McGregor, *Men at Arms* 270, 274, and 278 are also available in a single volume special edition, *Flags of the Third Reich*. The battle of Leipzig was, in terms of the number of combatants involved, the largest engagement of the entire Napoleonic Wars. It was the only battle of the wars in which all allied armies, including even the Swedes, fielded troops against Napoleon. Peter Hofschroer looks at the run-up to this crucial encounter, as well as the battle itself. A wealth of background information is chronicled, including the strategies of both sides and detailed information on each of the combatant forces. The numerous battles leading up to Leipzig are also discussed, providing a fascinating and illuminating overview of the whole campaign. The break of the German battleship *Bismarck* into the North Atlantic in May 1941 was one of the most dramatic episodes of World War II. It began with a battle between the *Bismarck* and the British battleship *Prince of Wales* and the heavy cruiser *Hood*. The *Hood* was blown to pieces while the battered *Prince of Wales* managed to escape. The British then focused all of their resources on hunting the mighty German battleship and eventually brought her down. Between 1845 and 1872, various groups of Māori were involved in a series of wars of resistance against British settlers. The Māori had a fierce and long-established warrior tradition, and subduing them took a lengthy British army commitment, only surpassed in the Victorian period by that on the north-west frontier of India. Warfare had been endemic in pre-colonial New Zealand, and Māori groups maintained fortified
