christianity changed the culture and society of iceland as it also did in other parts of northern europe during the twelfth and thirteenth centuries one of the important areas of change involved the introduction of new rules on the legal requirements for marriage property and virginity examines icelandic law codes marriage contracts and other documents related to court proceedings based on extensive source material never researched before this pioneer study explores the very gradual christianization of marriage in iceland it shows that this process which lasted for hundreds of years had consequences for family and kinship politics for inheritance and property transfer and for gender relations as canon law began to change the old ritual of betrothal the virginal state of the woman entering marriage gained greater importance at the same time marriage in the late middle ages continued to include many elements of its older understanding as a contract concerning property transfer between families a new perception of gender relations also arose whereby women became partners in the actual contract making the handshake was now between the husband and wife instead of between the father of the bride and her future husband the rituals connected to the different bonds gained new meaning marriage was no longer a financial matter alone but also involved religious beliefs and a closer union of the spouses

The Science Fiction Source Book 1996

the image of a giant sword melting stands at the structural and thematic heart of the old english heroic poem beowulf this meticulously researched book investigates the nature and significance of this golden hilted weapon and its likely relatives within beowulf and beyond drawing on the fields of old english and old norse language and literature liturgy archaeology astronomy folklore and comparative mythology in part i pettit explores the complex of connotations surrounding this image from icicles to candles and crosses by examining a range of medieval sources and argues that the giant sword may function as a visual motif in which pre christian germanic concepts and prominent christian symbols coalesce in part ii pettit investigates the broader germanic background to this image especially in relation to the god ing yngvi freyr and explores the capacity of myths to recur and

endure across time drawing on an eclectic range of narrative and linguistic evidence from northern european texts and on archaeological discoveries pettit suggests that the image of the giant sword and the characters and events associated with it may reflect an elemental struggle between the sun and the moon articulated through an underlying myth about the theft and repossession of sunlight the waning sword conversion imagery and celestial myth in beowulf is a welcome contribution to the overlapping fields of beowulf scholarship old norse icelandic literature and germanic philology not only does it present a wealth of new readings that shed light on the craft of the beowulf poet and inform our understanding of the poem s major episodes and themes it further highlights the merits of adopting an interdisciplinary approach alongside a comparative vantage point as such the waning sword will be compelling reading for beowulf scholars and for a wider audience of medievalists

The Tuba Source Book 2020-01-14

drawing on historical legal literary ethnographic and archaeological evidence this book offers an interdisciplinary perspective on the use acquisition and perception of whales in the medieval norse north atlantic world

sufism is a religion which emphasizes direct knowledge of the divine within each person and meditation music song and dance are seen as crucial spiritual strides toward attaining unity with god sufi paths of mysticism and devotion motivated by islamic ideals are still chosen by men and women in countries from morocco to china and there are nearly one hundred orders around the world eighty of which are present and thriving in the united states the chishti sufi order has been the most widespread and popular of all sufi traditions since the twelfth century sufi martyrs of love offers a critical perspective on western attitudes towards islam and sufism clarifying its contemporary importance both in the west and in traditional sufi homelands finally it provides access to the voices of sufi authorities through the translation of texts being offered in english for the first time

History of Soybeans and Soyfoods in Indiana (1856-2021) 2015-08

this collection of over 400 biographies of eminent ethnic americans celebrates a wide array of inspiring individuals and their contributions to u s history the stories of these 400 eminent ethnic americans are a testimony to the enduring power

of the american dream these men and women from 90 different ethnic groups certainly faced unequal access to opportunities yet they all became renowned artists writers political and religious leaders scientists and athletes kahlil gibran daniel inouye zbigniew brzezinski thurgood marshall madeleine albright and many others are living proof that the land of opportunity sometimes lives up to its name alongside these success stories as historian elliot r barkan notes in his introduction to this volume there have been many failures and many immigrants who did not stay in the united states nevertheless the stories of these trailblazers visionaries and champions portray the breadth of possibilities from organizing a nascent community to winning the nobel prize they also provide irrefutable evidence that no single generation and no single cultural heritage can claim credit for what america is

Grizzly West 1986-09-15

this volume presents psychobiographical research in non weird western educated industrialized rich and democratic contexts and samples focusing on culture transcultural and transdisciplinary work it creates a platform for researchers scholars and scientists from diverse backgrounds to put forth new theoretical and methodological stances in psychobiography thereby making the field more inclusive diverse and equitable the chapters in this volume investigate the role of context across the life course of non weird psychological subjects as well as the interplay between them and their environments across the life span they further elucidate cognitive affective and behavioural aspects of individuals with non weird backgrounds the volume provides a broad and at the same time in depth perspective

into psychobiography beyond the usual contexts and therefore has new and original learnings to offer across disciplines and cultures it is a breakthrough in terms of its transcultural and transdisciplinary insights into lives lived in different contexts in the world every person is in certain respects a like all other persons b like some other persons c like no other persons this book is a challenging and fascinating exploration of extending psychobiography beyond its origins in europe and america to women and men of different races and social and economic classes from africa asia and around the world at its best psychobiography can increase people s awareness of their own subjective experience and that of others contributing to movements for social cultural and political change william mckinley runyan professor emeritus professor of the graduate school school of social welfare u of california berkeley beyond weird is beyond needed the book triumphantly fills the gap created by a dearth of studies of people other than western educated european and american men james william anderson phd professor of clinical psychiatry and behavioral sciences northwestern university chicago

Political Leadership 2016-04-30

czech it out czech american biography sourcebook provides a wealth of information on a variety of sources relating to biographical information on notable americans with czech roots besides the national figures also included are information sources on significant individuals at the state regional and local levels beyond that we saw it fit to also incorporate ethnic information sources which frequently contain a wealth of information on pioneer settlers and individuals active at the community level

having in mind the interests of genealogists in individual families and their descendents a listing has also been provided on family histories and genealogies even though czechs have been living in the us practically since colonial times no composite biographical dictionary exists about the accomplished czech americans biographical information about them is scattered in a plethora of sources which are difficult to find and some are not readily accessible the present author who literally devoted several decades of his life to the study of czech american history has canvassed hundreds of sources at national and local levels to identify not only notable individuals but also pioneer settlers who played a significant role in the growth and development of the us this publication should fill a great void in literature until a comprehensive biographical compendium about czech americans has been written

Sufi Martyrs of Love 2001-05-01

the world s most comprehensive well documented and well illustrated book on this subject with extensive subject and geographical index 318 photographs and illustrations many in color free of charge in digital pdf format on google books

Making It in America 2023-05-27
