Preliminary Overview of the Economies of Latin America and the Caribbean 2016 **2017-03-02**

this publication highlights a regional slowdown in gdp growth it argues that the currency depreciation seen in several countries in the region could if sustained increase incentives for investment in tradeable sectors other than the region s traditional exports commodities while redirecting expenditure to ease pressure on the current account growth supporting industrial trade environmental social and labour policies that take into account the needs of small and medium sized enterprises could help lessen the region s structural heterogeneity growth combined with greater equality would thus gain economic and social sustainability with greater reliance from investment and exports than before it is argued that this combination would be aided by social covenants for investment

Economic Survey of Latin America and the Caribbean 2016 2016-11-15

published since 1948 this is the sixty eighth edition of the economic survey of latin america and the caribbean which corresponds to the year 2016 consists of three parts part i outlines the region s economic performance in 2015 and analyses trends in the first half of 2016 as well as the outlook for the rest of the year it examines the external and internal factors influencing the region s economic performance and highlights some of the macroeconomic policy challenges that have arisen in an external context of weak growth and high levels of uncertainty part ii analyses the challenges that the countries of latin america and the caribbean face at the domestic and international levels in mobilizing financing for development on the domestic front slower growth and tighter fiscal restrictions pose significant challenges for the mobilization of resources externally the classification of many of the region s

countries in the middle income category limits their access to concessional external financing or international support part iii of this publication contains the notes relating to the economic performance of the countries of latin america and the caribbean in 2015 and the first half of 2016 together with their respective statistical annexes the cut off date for updating the statistical information in this publication was 30 june 2016

1984

the 2014 edition of social panorama of latin america presents eclac measurements for the analysis of income poverty taking as well a multidimensional approach to poverty applying these two approaches to data for the countries of the region provides confirmation that despite the progress made over the past decade structural poverty is still a feature of latin american society in order to contribute to a more comprehensive design of public policies aimed at overcoming poverty and socioeconomic inequality this edition examines recent trends in social spending and sets out a deeper gap analysis focused on three areas youth and development gender inequality in the labour market and urban residential segregation

Social Panorama of Latin America 2014 2014-12-31

this publication highlights a regional slowdown in gdp growth it argues that the currency depreciation seen in several countries in the region could if sustained increase incentives for investment in tradeable sectors other than the region s traditional exports commodities while redirecting expenditure to ease pressure on the current account growth supporting industrial trade environmental social and labour policies that take into account the needs of small and medium sized enterprises could help lessen the region s structural heterogeneity growth combined with greater equality would thus gain economic and social sustainability with greater reliance from investment and exports than before it is argued that this combination would be aided by social covenants for investment
