## The Professional's Guide to Working Smarter

1988

promoting health and wellbeing is an essential part of all effective social work not just for practice in healthcare settings in fact the ifsw holds that social workers in all settings are engaged in health work and physical and mental resilience can make a major difference to all service users lives drawing on international literature and research the authors collected here encourage thinking about the social political cultural emotional spiritual economic and spatial aspects of health and wellbeing and how they impact on the unique strengths and challenges of working with particular populations and communities divided into three parts the first section outlines the major theoretical paradigms and critical debates around social work and ideas of wellbeing globalisation risk and vulnerability and the natural environment the second part goes on to explore how diverse understandings of culture identity spirituality and health require

different strategies for meeting health and wellbeing needs the final part presents a variety of examples of social work research in relation to health and wellbeing with specific populations including mental health exploring how structural inequality oppression and stigma can impact upon people and drawing upon a social model of health this book is an important read for all practitioners and researchers interested in social work public health and social inclusion

## **Wisconsin Transportation Research**

2002

much more than a book on compiling grant proposals grant management funding for public and nonprofit programs presents grant writing in its broader organizational management framework this text takes a comprehensive approach to external funding for public and nonprofit agencies the book begins with an introduction to grants their types their history and their key characteristics to inform the next stage the search for funding a key part of any management process an entire chapter considers the purpose and approaches to evaluation that should be considered in conjunction with grant funded programs the book concludes with a chapter that considers the process in reverse how to go about distributing funds as a grant maker rather than a grant seeker this text leads the reader through the technical steps of preparing an application explaining the process used to make decisions key aspects of grant management and includes a summary of important factors directly pertaining to grant funds written from the perspective of community development with information drawn from core theories and tools of public administration grant management funding for public and nonprofit programs addresses overarching theoretical issues for public management as well as offers an applied perspective of grant funding and management this is an ideal text for students and public and nonprofit managers alike
