Marine Hawser Towing Guide 1979 traais publishing this guide as a resource for light duty operators working in the towing and recovery industry additionally this guide may be used a study guide to prepare for the trocptm level 1 light duty certification exam available at towcert.com as a professional certification program the towing recovery operator certification program tm trocptm is intended to measure certain basic knowledge skills and competencies that have been deemed appropriate for those employed as light duty tow truck operators participants must demonstrate that they meet these predetermined standards by successfully completing the corresponding assessment as the voice of america s towing industry the towing and recovery association of america inc traahas created this resource guide to define the basic towing services skills topics and procedures that should be known by a light duty tow truck operator within the united states for the purposes of this guide a light duty tow truck operator is defined as a person capable of executing the proper and safe towing and recovery of vehicles under 10 001 gvwr and related services these materials are intended for educational purposes only

The Trailer Life's 2007 2007-04-27 advises sailors and powerboaters on selecting maintaining and using trailers and tow vehicles to transport their boats

Principles of Light Duty Towing and Recovery 2021-09-14 a practical how to do it guide for those wanting to tow caravans boats horse boxes and general purpose trailers the reference should be of use to police judiciary and insurance companies

Boat Trailers and Tow Vehicles 1991 master the most difficult part of boating before hitting the water this comprehensive guide will help you gain confidence develop skills and avoid boat ramp and highway mishaps when trailering your boat the book includes easy to follow heavily illustrated instructions on driving backing launching retrieving and tying down your boat trailer maintenance and selecting tow vehicles hitches trailers and towing accessories

Towing Roadcraft 2000-01-01 this is an extract from the main text this book on aerotowing gliders was written because there is little reference material published about the subject worldwide so because of the lack of published information i thought it important to gather the wealth of knowledge that is out there on the subject collate it and present it to our community in the interests of safety and efficiency the book is intended as a comprehensive guide to glider towing operations with that all important emphasis on safety the intent is to provide all the relevant information in one straightforward easy to read book the notes are intended to be very generic and non country specific even though local procedures differ hopefully the information should be useful to any glider tug pilot anywhere in the world each gliding organisation has its operating environment and problems therefore should adapt further or improve these suggestions to suit their own needs it is fundamental that every tug pilot be

a person who is both trustworthy and highly reliable as it is a flying task with huge responsibility placed on the pilot aerotowing is expensive can be noisy and has its own special hazards these factors have a bearing on the very existence of gliding and it is therefore essential that glider aerotowing be carried out safely efficiently and thoughtfully paying particular regard to our neighbours your particular aerotowing should of course be carried out in accordance with national laws regulations procedures and in conjunction with your organisations flying rules as the pilots in command of an aircraft you are ultimately responsible for the safe conduct of the flight and the actions that you choose to take the glider pilots requirements should of course be accommodated as far as possible glider aerotowing should be good for your general flying skills as a flying and gliding instructor for over twenty five years i have noticed that most glider tug pilots are often also glider pilots and have above average handling and situational awareness skills flying tugs should of course also be quite good fun it is hoped that this comprehensive book will meet the ground school requirements of any current or future glider towing ratings

The Complete Guide to Trailering Your Boat 2007-04-05 traa is publishing this guide as a resource for those working in the towing and recovery industry who are not themselves towing operators this is the first book of two in the series this first book is specifically designed for support personnel such as dispatchers scene safety supervisors compliance directors and office managers and lays the foundation additionally this guide may be used a study guide to prepare for the trscp entry level certification exam available on towcert com background for towing and recovery professionals to effectively do their jobs they rely on other industry professionals serving in supportive roles who are not themselves tow operators while many don t work directly on the roadways support personnel such as dispatchers scene safety supervisors compliance directors and office managers are an integral part of the towing and recovery team the role of support personnel is critical to effective incident management many of these individuals respond to incident sites or work behind the scenes to dispatch equipment and resources that are necessary to facilitate the clearance they also handle communication documentation and track the incident for safety compliance thereby contributing to quick clearance needs while the trscp was developed specifically for the towing and recovery industry the program is open to all qualified candidates in other associated fields that meet the requirements if you are an agency dispatcher in law enforcement 911 tim department of transportation dot etc we hope this program will enhance your understanding of the equipment resources and logistics necessary for an efficient towing and recovery response and thereby increase interdisciplinary communication if you are a non agency party that may be present at an incident scene such as public information officers pio media fleet safety directors and insurance adjusters we hope this will expand your knowledge base of incident management and quick clearance these materials are intended for educational purposes only
