## Understanding the Life Course

2016-12-20

understanding the life course provides a uniquely comprehensive guide to the entire life course from an interdisciplinary perspective combining important insights from sociology and psychology the book presents the concept s theoretical underpinnings in an accessible style supported by real life examples from birth and becoming a parent to death and grieving for the loss of others lorraine green explores all stages of the life course through key research studies and theories in conjunction with issues of social inequality and critical examination of lay viewpoints she highlights the many ways the life course can be interpreted including themes of linearity and multidirectionality continuity and discontinuity and the interplay between nature and nurture the second edition updates key data and includes additional material on topics such as new technologies changing markers of transitions to adulthood active ageing resilience and neuropsychology this comprehensive approach will continue to be essential reading for students on vocational programmes such as social work and nursing and will provide thought provoking insight into the wider contexts of the life course for students of psychology and sociology

## **The Identities and Practices of High Achieving Pupils**

2012-02-02

how do some students manage to excel in their studies and be popular while other high achievers are treated as social outcasts this lively and accessible text looks at the relationships between gender race and social class and attainment and popularity for high achieving pupils the internationally renowned authors present a lucid theoretical framework that reflects the complexity of these issues placing them within the broader context of the policies that cause and constrain particular behaviours among teachers and pupils the authors draw together empirical data bringing the realities of young people to life and presenting the lessons that can be learnt to enhance the educational achievement

of all students it is an engaging text for advanced undergraduate and postgraduate students exploring the debates on identity and achievement

## **Their World**

2023-10-28
