hundreds of years every culture has had a place or places set apart to worship god the samaritan woman brought this subject up to our lord jesus christ it is important to remember that it is the father who takes the initiative in providing a way for man to meet with him and to worship with him throughout history god has also taken the initiative in bringing man to the right place to worship him god placed adam and eve in the garden of eden for a place and time of worship he met with them in the cool of the morning there was no building no music and no structure just god meeting with man for worship adam and eve s relationship with god was pure and unhindered we focus so much on the disobedience and fall of adam and eve that we sometimes miss the time before the fall when they walked with god in meeting with god for worship we realize that true worship is not something that we do our own way what is the right way to worship god the hebrew word for worship means to bow the head the body the knees or to lay out before god it is a physical condition representing a bowed heart my prayer is that this short book on worship may provoke you to a place a time and having the right heart the church the people are not coming to the place of worship with a great sense of expectancy what happened to sign and wonders is there anything too hard for god i tend to believe the answer is in the book of life the bible but many won t read nor will they study to show themselves approved unto god they desire to be workers in the kingdom but they refuse to do what it takes to not be ashamed and are able to rightly divide the word of truth the scripture plainly explains in 2 timothy 2 15 study to shew thyself approved unto god a workman that needeth not to be ashamed rightly dividing the word of truth are leaders impressing on the hearts of the people to come to the place of worship expecting god to do a mighty work in their midst have they been prepared to worship have they prepared themselves to be in the presence of the king do they understand the importance of reverence and right approach to the king is there a particular language that must be used to invoke the favor of the king if one desires to enter into worship these are some of the topics we will discuss in this book the goal of this book is to get the people of god to the place of spiritual awareness where they know that they cannot operate from a natural standpoint this is required if they want to experience the spiritual things scripture tells us the natural man cannot understand the things of the spirit for they are spiritually discerned it s at the place of spiritual awareness that god has man s attention because they have blocked out all outside distraction and their every breath is at the disposal find your way to greater closeness with god jeff deyo invites you into a conversation about worship in a book that was written for anyone seeking to experience the lord in a deeper way does gods presence seem distant do you have a friend who has grown numb to the things of god have you given up on hearing gods voice in the way so many authors and preachers talk about are you ready to awaken your life to a vibrant one on one relationship with the father once and for all this is your moment your hope is about to be restored as you consider these questions and more are we truly present in gods presence do we encounter songs artists and atmospheres without encountering god himself what do we do when we lose the emotion that often surrounds worshiping god why are so many of us tempted to put ministry for god above intimacy with god are we unintentionally worshiping the image of a false god when we cherry pick easy to swallow scriptures about gods character can the good work of serving the poor and moving in the supernatural cause us to miss the one thing do we allow potential embarrassment to keep us from loving and worshiping god extravagantly shift your perspective on relationship with god from obligation to invitation and rediscover authentic worship that reaches from the secret place to the marketplace
