The Armstrong and Miller Book

2010-10

armstrong and miller are britain s favourite comedy duo in their first book they bring their brilliant characters to the page in a brand new way in the classic tradition of books by such greats as monty python and morecambe wise the armstrong and miller book is a highly illustrated book packed with inventive and completely original material

The Poems of Armstrong and Johnson

1822

first man the life of neil armstrong is the first and only authorised biography of one of america s most celebrated yet enigmatic heroes neil armstrong it is considered the definitive biography of armstrong and lauded for the way hansen addresses the complex legacy of armstrong as both an astronaut and an individual on 20 july 1969 the world stood still to watch 38 year old astronaut neil armstrong become the first person ever to walk on the moon perhaps no words in recent human history became better known than those few he uttered at that historic moment upon his return to earth armstrong was honoured and

celebrated for his achievement but he was also misunderstood as authorised biographer james hansen reveals in this fascinating and important book it was the act of flying that had driven armstrong rather than the pull of the destination from his distinguished career as a fighter pilot in the korean war right through to his most famous mission drawing on flight logs family interviews nasa archives and over 125 original interviews with key participants first man vividly re creates armstrong s life and career from the heights of honour earned as a naval aviator test pilot and astronaut to the dear personal price paid by armstrong and even more so by his wife and children for his dedication to his vocation it is a unique portrait of a great but reluctant hero

The Poems of Armstrong, and Johnson. (The Life of John Armstrong ... by R. A. Davenport.-The Life of Samuel Johnson ... by S. W. Singer.)

1822

between 1925 and 1928 the hot five the incomparable louis armstrong and four seasoned practitioners of the burgeoning jazz style recorded fifty five performances in chicago for the okeh label oddly enough the quintet immortalized on vinyl with recent technology rarely performed as a unit in local nightspots and yet like other music now regarded as especially historic their work in the studio summarized approaches of the past and set standards for the future remarkable both for popularity among the members of the public

and for influence on contemporary musicians these recordings helped make satchmo a familiar household name and ultimately its bearer an adored public figure they showcased armstrong s genius notably his leadership in transforming the practice of jazz as an ensemble improvisation into jazz as the art of the improvising soloist in his study professor anderson for the first time provides a detailed account of the origins of this pioneering enterprise relates individual pieces to existing copyright deposits and contextualizes the music by offering a reliable timeline of armstrong s professional activities during these years all fifty five pieces moreover are described in informed commentary publisher description

First Man

2012

this book tells the story of armstrong s life with details of his training and courageous flights into space it includes a description of armstrong s love of flying and how at the age of fourteen he worked in a local drugstore for forty cents an hour to pay for flying lessons because of his skill as a pilot and astronaut neil armstrong helped the united states become the leaders in space travel

The Original Hot Five Recordings of Louis Armstrong

2007

louis satchmo armstrong was not only jazz s greatest musician and innovator but also arguably its most famous entertainer and the frontal figure in the development of contemporary popular music overcoming social and political obstacles he created a long and impressive career and an enormous musical output now his ground breaking musical career is amassed and detailed in this discography of all his works from professionally made commercial releases to amateur and unissued recordings all of me is a comprehensive chronological discography born out of love and admiration for louis armstrong and devotion to years of collecting his musical accomplishments author jos willems has meticulously compiled all of satchmo s known recordings both studio and live performances and with assistance from internationally renowned specialists has assembled an impressively detailed accurate and complete listing this volume is superbly formatted and presented logically organized and thoroughly indexed by song title and individual researchers collectors and enthusiasts can easily look up any detail of a recording issues and releases of particular songs publishing companies producers catalog numbers dates times and locations of recordings musicians armstrong played with and format be it 78 or 45 rpm records lps cds or media appearances every detail of armstrong s career is listed in this impressive volume shedding light on the enormity of his impact on jazz and popular culture this is the ultimate reference guide for the complete works of louis armstrong

Neil Armstrong

1998

in louis armstrong and paul whiteman the jazz scholar joshua berrett offers a provocative revision of the history of early jazz by focusing on two of its most notable practitioners whiteman legendary in his day and armstrong a legend ever since paul whiteman s fame was unmatched throughout the twenties bix beiderbecke bing crosby and jimmy and tommy dorsey honed their craft on his bandstand celebrated as the king of jazz in 1930 in a universal studios feature film whiteman s imperium has declined considerably since the legend of louis armstrong in contrast grows ever more lustrous for decades it has been armstrong not whiteman who has worn the king s crown this dual biography explores these diverging legacies in the context of race commerce and the history of early jazz early jazz berrett argues was not a story of black innovators and white usurpers in this book a much richer more complicated story emerges a story of cross influences sidemen sundry movers and shakers who were all part of a collective experience that transcended the category of race in the world of early jazz berrett contends kingdoms had no borders

All of Me

2006-04-30

more fantastical than harry turtledove funnier than eric flint and with definite shades of the wild wild west the celebrated custer of the west series praised by winston groom forrest gump stephen coonts the flight of the intruder and rob long cheers comes to its shocking and hilarious climax as george armstrong custer surprise survivor of the battle of the little bighorn unearths the lost civilization of atlantis and battles the evil atlanteans for the fate of the world never fear armstrong is here a mysterious gunman meets marshal armstrong in san francisco with tales of lost gold unrequited revenge and an unsolved mystery in mexico s chihuahuan desert inspiring marshal armstrong ambrose bierce and the rest of armstrong s loose band of soldiers of fortune to plunge into an adventure of fierce gunfights criminal conspiracies an innovative submarine and an underground secret superpower the remnants of atlantis that aims to subvert western civilization can the malevolent scheming atlanteans be stopped that s the mission for george armstrong custer traveling incognito as marshal armstrong armstrong knight errant full of suspense non stop action chivalric romance and effervescent humor this is a great place to enter the custer of the west series praise for w h crocker iii and the custer of the west series the world has a new hero actually an old hero reimagined george armstrong custer in this delightfully funny alternative history that s better or at least happier than the real thing winston groom best selling author of forrest gump and el paso droll satire

this is the west as it might have been if the sioux hadn't saved us stephen coonts best selling author of flight of the intruder and the russia account if custer died for our sins armstrong resurrects him for our delight not just the funniest book ever written about an indian massacre but laugh out loud funny period the best historical comic adventure since george macdonald fraser's flashman phillip jennings author of nam a rama and goodbye mexico a delightful romp that shifts seamlessly between thrilling western and outlandish farce grayson quay modern age the best new novel i've read in years as rugged as zane grey as funny as p g wodehouse as smart as evelyn waugh and as sharp as ambrose bierce you don't want to miss it michael warren davis author of the reactionary mind crocker has created a hilarious hero for the ages armstrong rides through the old west setting right the wrongs and setting wrong the rights in a very funny cascade of satire history and even patriotism rob long emmy and golden globes nominated screenwriter and co executive producer of cheers

a biography of former american astronaut neil armstrong who in 1969 became the first man to walk on the moon

Armstrong and the Mexican Mystery

2022-09-20

neil armstrong earned a place in history when he became the first person to set foot on the moon during the apollo 11 mission included is biographical information about neil armstrong as well as information about earlier spaceflights

Neil Armstrong

2008

includes pictures includes armstrong s quotes includes a bibliography for further reading includes a table of contents if you have to ask what jazz is you ll never know louis armstrong a lot of ink has been spilled covering the lives of history s most influential figures but how much of the forest is lost for the trees in charles river editors american legends series readers can get caught up to speed on the lives of america s most important men and women in the time it takes to finish a commute while learning interesting facts long forgotten or never known louis armstrong once claimed that every time i close my eyes blowing that trumpet of mine i look right in the heart of good old new orleans it has given me something to live for this

statement conjures an image which most anyone familiar with jazz music can recall armstrong clutching his trumpet forcefully his eyes closed in a manner that distances him from his physical surroundings in favor of a perfect harmony between the man and his instrument as armstrong alludes to in this remark this connection also speaks to the enduring influence of his new orleans background which informed his musical style and indeed continued to live on through his music to be sure while performing armstrong appeared lost in a reverie a condition that imbued his performances with a kind of mythical flair as if one were watching a man consumed by a moment of transcendence in other words if the music of louis armstrong produced an emotional response in the listener this invariably paled in comparison with the deep organic pathos he was able to produce through his music of course armstrong s testament to the power of new orleans is also particularly noteworthy in light of the fact that new orleans was hardly the benevolent city that one might assume on the basis of his testimony it is well known to anyone with even a passing knowledge of armstrong that new orleans was the site of armstrong s nascent love for music but also an environment that took no prisoners and exposed him to sights that would traditionally be shielded from the eyes of children extreme violence prostitution and abject poverty throughout his life armstrong was not afraid to make frequent reference to new orleans yet the frankness with which he spoke did not preclude maintaining an appreciation for the city and indeed crediting it with fostering his nascent interest in music as a boy there was accordingly a remarkably complex relationship between louis armstrong and the city of new orleans as the city simultaneously served as an environment that forced him to confront extreme adversity and assumed a crucial role in developing his musical sensibilities american legends the

life of louis armstrong explores the life and career of louis armstrong with attention paid to the special role that new orleans played in the development of his love for music and the construction of his artistic persona indeed one cannot consider the works of the mature louis armstrong without first understanding the indelible imprint that his cultural upbringing exerted on his sensibility this analysis also considers armstrong s career in each of its stages from his earliest years performing in a big band to his later years in which he played in the all stars a small group the relationship between armstrong s music and pop music is also considered as armstrong s late career was to a certain degree focused on his own interpretations of pop songs because he stands as one of the most important black artists of all time armstrong s race is also considered and his perhaps reticent role as a black cultural figurehead particularly in the context of the emergent civil rights movement that took shape during the latter stages of his career

Neil Armstrong

1997

few champions have astonished the world as much as lance armstrong a cancer survivor who went on to win the tour de france an unprecedented seven times he is an inspiration to millions now the full story can be told with complete access to armstrong and to his inner circle and drawing on interviews with family members and training partners coaches and celebrities team mates and rivals friends and foes sportswriter

John Wilcockson tells of those who helped Armstrong along the way including his mother Linda, his ex-wife Kristin and one-time fiancée Sheryl Crow and explores the traits of character that made Armstrong unique. The story of Lance Armstrong is one of brutal, painful effort of natural brilliance of relentless ambition of extraordinary glory. His achievement is all the more stunning for its unconventionality: a boy from small-town America who beat the world, brash and fiercely competitive, Armstrong has never been without close friends or bitter enemies. His achievements have been dogged by accusations of doping, accusations of secrecy and by questions about how triumph on such a grand scale could be possible. Questions that are addressed head-on in *Lance Armstrong: Tracing the Highs and Lows* and bringing alive the drama of the races in which Armstrong smashed expectations time after time, Lance Armstrong gives the complete story of a matchless champion.

American Legends

2018-03-11

Throughout his life Louis Armstrong tried to explain how singing with a barbershop quartet on the streets of New Orleans was foundational to his musicianship. Until now there has been no in-depth inquiry into what he meant when he said, "I figure singing and playing is the same or singing was more into my blood than the trumpet." Creating the jazz solo, Louis Armstrong and barbershop harmony shows that Armstrong

understood exactly the relationship between what he sang and what he played and that he meant these comments to be taken literally he was singing through his horn to describe the relationship between what armstrong sang and played author vic hobson discusses elements of music theory with a style accessible even to readers with little or no musical background jazz is a music that is often performed by people with limited formal musical education armstrong did not analyze what he played in theoretical terms instead he thought about it in terms of the voices in a barbershop quartet understanding how armstrong and other pioneer jazz musicians of his generation learned to play jazz and how he used his background of singing in a quartet to develop the jazz solo has fundamental implications for the teaching of jazz history and performance today this assertive book provides an approachable foundation for current musicians to unlock the magic and understand jazz the louis armstrong way

Lance Armstrong

2009-07-09

for jazz historians louis armstrong s hot five and hot seven recordings mark the first revolution in the history of a music riven by upheaval yet few traces of this revolution can be found in the historical record of the late 1920s when the discs were made even black newspapers covered armstrong as just one name among many and descriptions of his playing while laudatory bear little resemblance to those of today

through a careful analysis of seven seminal recordings in this compact and engaging book author brian harker recaptures the perspective of armstrong s original audience without abandoning that of today s listeners the world of vaudeville and show business provide crucial context to his readings revealing how the demands of making a living in a competitive environment catalyzed armstrong s unique artistic gifts invoking a breadth of influences ranging from new orleans clarinet style to guy lombardo and from tap dancing to classical music louis armstrong s hot five and hot seven recordings offers bold insights fresh anecdotes and ultimately a new interpretation of louis armstrong and his most influential body of work

Creating the Jazz Solo

2018-11-15

it s 1978 and a non stop carnival of debauchery begins as the first shock of punk hits vancouver now in 2022 revisit john armstrong s pivotal memoir in the 21st anniversary edition of guilty of everything as buck cherry lead singer and guitarist of the modernettes armstrong had himself a front row seat to the frenzy of the 70s and 80s alongside the likes of i braineater joey shithead dimwit chuck biscuits mary jo kopechne art bergmann and other figures of vancouver s earliest punk days from white rock to vancouver the back rooms and alleys of the smilin buddha to the commodore ballroom guilty of everything recounts the drugñaddled boozeñsoaked days and nights of this anarchic era brought to life once again by armstrong s

candid and compelling prose think hunter s thompson meets hemingway in vancouver and goes on a musical bender delicious erica leiren disorder magazine armstrong is a natural storyteller and vividly places the reader at a variety of seminal scenes an entertaining and essential historical document of canadian punk michael barclay exclaim ca armstrong s sardonic and conversational writing style studded with frequent oneñliners keeps the narrative energy high derek weiler quill quire quite possibly my favourite punk memoir historical account he told the story of some of the formative years of the vancouver punk scene as he experienced it and created a thoroughly entertaining tale of a bygone era in the process chris eng author of molotov hearts literary nonfiction music

1874

the first in depth look at lance armstrong s doping scandal the phenomenal business success built on the back of fraud and the greatest conspiracy in the history of sports lance armstrong won a record smashing seven tours de france after staring down cancer and in the process became an international symbol of resilience and courage in a sport constantly dogged by blood doping scandals he seemed above the fray then in january 2013 the legend imploded he admitted doping during the tours and in an interview with oprah described his mythic perfect story as one big lie but his admission raised more questions than it answered because he didn t say who had helped him dope or how he skillfully avoided getting caught the wall street journal reporters reed albergotti and vanessa o connell broke the news at every turn in wheelmen they reveal the broader story of how armstrong and his supporters used money power and cutting edge science to conquer the world s most difficult race wheelmen introduces u s postal service team owner thom weisel who in a brazen power play ousted usa cycling s top leadership and gained control of the sport in the united states ensuring armstrong s dominance meanwhile sponsors fought over contracts with armstrong as the entire sport of cycling began to benefit from the lance effect what had been a quirky working class

hobby became the pastime of the masters of the universe set wheelmen offers a riveting look at what happens when enigmatic genius breaks loose from the strictures of morality it reveals the competitiveness and ingenuity that sparked blood doping as an accepted practice and shows how the americans methodically constructed an international operation of spies and revolutionary technology to reach the top it went on to become a new york times bestseller a wall street journal business bestseller and win numerous awards including a gold medal for the axiom business book awards at last exposing the truth about armstrong and american cycling wheelmen paints a living portrait of what is without question the greatest conspiracy in the history of sports

Marketing

2007

includes pictures includes a bibliography for further reading i guess we all like to be recognized not for one piece of fireworks but for the ledger of our daily work neil armstrong some things just can t be described and stepping onto the moon was one of them buzz aldrin at 9 32 a m on july 16 1969 time stood still throughout the world as thousands converged on the kennedy space center and millions tuned in on live television at that instant the first rumbles began to shake the ground as a small spacecraft attached to the giant saturn v rocket several hundred feet tall started lifting off quickly being propelled several thousand

miles per hour it takes just a few minutes to reach a speed of 15 000 miles per hour and just a few more minutes to enter orbit at 18 000 miles per hour apollo 11 was on its way to a historic first landing on the moon apollo 11 s trip to the moon may have started on that day in 1969 but the journey had begun over a decade earlier as part of the space race between the united states and the soviet union while landing on the moon was a noble goal proposed as early as 1961 by president kennedy nasa and the nation as a whole moved with urgency simply to best the soviet union which had spent the 1950s beating america to important space related firsts including launching the first satellite and cosmonaut in orbit in fact president eisenhower s administration began the design for the apollo program in 1960 in hopes of getting a head start to the moon despite the fact the plans originated a year before the first russian cosmonaut yuri gagarin orbited the earth and two years before john glenn did over the decade nasa would spend tens of billions on the apollo missions the most expensive peacetime program in american history to that point and even though apollo 11 was only one of almost 20 apollo missions it was certainly the crown jewel only one of nearly 20 apollo missions conducted by nasa and to make apollo 11 a success it would take nearly a decade of planning by government officials hard work by nasa scientists intense training by the astronauts and several missions preceding apollo 11 it also cost over 20 billion making the apollo program the most expensive peacetime program in american history at the time when the apollo program reached its pinnacle the man at the center of it was neil armstrong a farm boy and pilot who rose from a hardworking rural home to become the first to set foot on the moon and utter one of the 20th century s most famous phrases that s one small step for man one giant leap for mankind armstrong did so through education first in

high school and later at purdue university a lot of hard work as a pilot during and after the korean war and some luck coming of age at a moment when the space race was in full effect after reaching the peak of his fame and career at the young age of 40 armstrong spent the second half of his life as he had the first working hard and serving his country in doing so he serves as one of the best examples of national pride and service that america has ever known alongside him was buzz aldrin which was somewhat fitting given his family s past his father was a military test pilot and aldrin would follow a similar path on his way to becoming a member of the gemini program and ultimately the apollo 11 mission despite reaching the peak of his fame and career before the age of 40 aldrin has continued to work in the field and has been one of the most effective advocates of further space travel particularly to mars neil armstrong and buzz aldrin the lives and careers of the first men on the moon profiles both astronauts and the most memorable space mission in history along with pictures of important people places and events you will learn about neil armstrong and buzz aldrin like never before
