the last fifty years have witnessed the growing pervasiveness of the figure of the map in critical theoretical and fictional discourse references to mapping and cartography are endemic in poststructuralist theory and similarly geographically and culturally diverse authors of twentieth century fiction seem fixated upon mapping while the map metaphor has been employed for centuries to highlight issues of textual representation and epistemology the map metaphor itself has undergone a transformation in the postmodern era this metamorphosis draws together poststructuralist conceptualizations of epistemology textuality cartography and metaphor and signals a shift away from modernist preoccupations with temporality and objectivity to a postmodern pragmatics of spatiality and subjectivity cartographic strategies of postmodernity charts this metamorphosis of cartographic metaphor and argues that the ongoing reworking of the map metaphor renders it a formative and performative metaphor of postmodernity

Handbook of Adult Psychopathology in Asians

2001

one belt one road is china s bold plan to remake the global economy it s an ambitious strategy with a 2 trillion and rising budget the objective to challenge the existing economic and political world order one road many dreams reveals the true extent of china s ambition analyses the impact of the one belt one road initiative and assesses its chances of success and failure this is the asian century and china has a plan to remake the world economy under its audacious one belt one road strategy china is investing trillions of dollars in hundreds of projects all around the globe it s buying up ports building transport networks and constructing major infrastructure from hydroelectric plants to oil pipelines china supplies the labour if needed the raw materials and the finance creating customers and boosting its own economy in the process more than 80 nations have already joined china s increasingly less exclusive club and by 2049 when one belt one road is set to end its number of members is likely to rival the un so far china has exercised its soft power of debt diplomacy and financial might shrewdly serving the planet s overlooked middle income and poor countries the rest of the world needs to wake up because the scale of one belt one road is unprecedented its implications for the global structure of power are potentially seismic as the geopolitical ties between europe and asia deepen written by three highly regarded political economists one road many dreams examines the one belt one road initiative from all angles it looks at the projects and the players the alliances and the governance it explores the opportunities for china and the threat to the west particularly for trump s isolationist us administration at home and abroad china is staking its credibility as a superpower on one belt one road its resources appear limitless but one road many dreams asks a tough question has china overreached or can it really pull this off and remake the world economy in its own interests
